Subject: Dorsey Herrick water right error

Dear Sir:

Thank you very much for pointing out the error in our existing IDWR right 65-03848 and the pending approval of 65-13944 with the 3 acre overlap onto the Herrick property. We had examined the color aerial photo on October 13th, 1999 in a workshop at Cascade and verified it as being correct to Sue Bock of the IDWR. Obviously, we were mistaken as to the section line location and will attempt to correct the error at our earliest convenience and remove the 3 acres shown as located in T11N R4E NESW. Thank you again for pointing out this error and we apologize for the inconvenience to both you and your clients (and our friends), Florence and Dorsey Herrick.

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. To have a timely filing you must file this claim with IDWR by May 25, 2001. IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.

Re: Claim Nos. 65-03848 and 65-03850

Dear Mr. and Mrs. Ellis:

It was a pleasure to meet with you last night. I hope the meeting made for a memorable anniversary.

Your address has been updated on both claims and I have made modifications to the place of use for your two water rights as you indicated. Enclosed you will find the new maps and profile reports. Other than modifying where the acres occur on right 65-03848, I have made no changes to the recommendation.

Also as we had discussed, I am enclosing a map showing the place of use for Ringle's property. Keep in mind that if you wish to object to these rights, you will need to do so between November 1, 1999 and April 1, 2000.

If I can be of any other assistance, please call.

Sincerely,
