Dear MS. RAMOS

Our office is in the process of reviewing claims in the Payette area for the purpose of making recommendations to the Snake River Basin Adjudication Court for decree. In reviewing your claim 65-03907A I have found that this is a competing claim for the same water right with 65-03907B. This is a domestic water right for 1 home. This water right was established for a home built on or about April 1, 1963. This home was owed by Ruby Meechan at the time this water right was previously decreed. This water right will remain with the original home unless the home is demolished and replaced. If the land is sub-divided, the water right remains with the original house and any new homes built on the property will need a new water right. Do you now own the original house that used this 1963 water right or any other home near this original house? Please contact me with any information you may have. Thank you for your help.

Sincerely,

Scott D. Van Hoff

Dear Mr. & Mrs. Ramos:

During normal review and filing of the Notice of Claim to a Water Right listed above, we found that two claims have been filed on the same existing water right.

In order to show both claims having been filed for the same existing water right, we have re-numbered your claim with either an A or a B suffix indicated after the original water right number. Enclosed is a computer generated copy of your claim showing this new suffix. Also enclosed is a copy of the other claim filed for this existing water right.

Prior to submitting these claims to the Court for decree, the Department will research and require proof of ownership to determine the present owner of the place of use shown on the existing water right for which these claims were filed. We will contact you at that time for this evidence, however, if the ownership can be clarified at this time, please feel free to contact this office either in writing or by phone.

Sincerely,

Adjudication Staff
