RE: Water Rights in Reporting Area 15, Basin 65
Snake River Basin Adjudication (SRBA)

Dear Water Right Claimant(s):

Please find enclosed the Idaho Department of Water Resources recommendations for your water right(s) in Basin 65 for the Payette River drainage basin. We have also enclosed instructions for reviewing (1) your recommended water right(s), and (2) other recommended right(s) in your area. Water rights for nearly all domestic and/or stockwater rights were recommended separately in an earlier report, and most of those now have been decreed by the SRBA Court.

Note that you have 120 days in which to review your water rights or those of other claimants and to file any objection to our recommendations. Information on the other water rights can be found at the county courthouses in Emmett, Payette, Weiser, Idaho City, and Cascade, and at all the Idaho Department of Water Resources offices (see addresses in enclosures).

If the SRBA Court does not receive an objection to our recommendation from you and no other party objects to your water right, your water right will be decreed the first part of next year as recommended. You will receive your decree from the SRBA Court.

Completion of the SRBA is important for the future of water management in Idaho. We invite you to contact our regional offices with any questions you have about your water right(s) or this adjudication process.

Sincerely,

Karl J. Dreher
Director

Mr. Carico came in as a response to letter of 11-16.

The property appurtenant to A65-4127 did belong to Carico, Jr. but has been sold. New owner unknown.

The property that the ownership change was submitted on is actually appurtenant to permit 67-7854. This property is now held in trust & was sold by contract to the Hills. I gave claimant an assign. of permit so they can change name to the Carico Trust, as he doesn't want to assign to the Hills until full payment is made.

12-18-92-Assign. of permit occurred on 12-3-92 & sent to Brenda Miller at S.O. this date. LEW

Dear Mr. or Mrs. Carico:

Thank you for your prompt response to my letter of November 6. After receiving your letter I did some further checking for water rights on the piece of property you sold to the Hills.

I found another water right which is partially appurtenant to the property in T9N, R5W, Section 1, SW1/4SW1/4. This is permit number 67-07854 and is irrigation from an unnamed drain on 5 acres of the quarter, quarter section described above and 10 acres in the NW1/4SW1/4; same township, range and section. All indications are that this is the right that should be transferred to the Hills rather than Notice of Claim to a Water Right number A65-04127.

Permit number 67-07854 is still in the permitting stage and as such is considered personal property rather than real property. In order to change ownership on this permit the enclosed Assignment of Permit form will need to be completed. Please note that the place of use on this permit is for two different quarter, quarter sections. Since the property you sold to the Hills is in the SW1/4SW1/4 of section 1, this permit will need to be split between yourself and them, assuming you still own the property in the NW1/4SW1/4.

I am enclosing a profile report of permit number 67-07854 and Notice of Claim to a Water Right number A65-04127 for your information. Please be sure and contact me if this information is incorrect or if you have any questions.

Sincerely,

Dear Mr. or Mrs. Carico:

I am writing in regard to the change of ownership form you sent us relating to Notice of Claim to a Water Right, number A65-04127.

There is a discrepancy between the legal description given on the change of ownership form (and warranty deed) and the place of use listed on the Claim. The ownership form lists the legal as T9N, R5W, Section 1, SW1/4SW1/4 and the description shown on the Claim is 8N, R5W, Section 14, SW1/4SE1/4.

I am enclosing a map of both areas. Please review these and advise me as to the correct legal description of the property. Be sure and contact me if you have any questions.

Sincerely,
