RE: Water Rights in Reporting Area 15, Basin 65
Snake River Basin Adjudication (SRBA)

RECEIVED

OCT 17 2001

WATER RESOURCES
WESTERN REGION

Dear Water Right Claimant(s):

Please find enclosed the Idaho Department of Water Resources recommendations for your water right(s) in Basin 65 for the Payette River drainage basin. We have also enclosed instructions for reviewing (1) your recommended water right(s), and (2) other recommended right(s) in your area. Water rights for nearly all domestic and/or stockwater rights were recommended separately in an earlier report, and most of those now have been decreed by the SRBA Court.

Note that you have 120 days in which to review your water rights or those of other claimants and to file any objection to our recommendations. Information on the other water rights can be found at the county courthouses in Emmett, Payette, Weiser, Idaho City, and Cascade, and at all the Idaho Department of Water Resources offices (see addresses in enclosures).

If the SRBA Court does not receive an objection to our recommendation from you and no other party objects to your water right, your water right will be decreed the first part of next year as recommended. You will receive your decree from the SRBA Court.

Completion of the SRBA is important for the future of water management in Idaho. We invite you to contact our regional offices with any questions you have about your water right(s) or this adjudication process.

Sincerely,

Karl J. Dreher
Director

KARL J. DREHER
Director

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

David R. Tuthill, Jr., P.E.

NOTICE OF FILING DIRECTOR'S REPORT

DIRECTOR'S REPORT

This Director's Report Part II is a report by the Director of the Idaho Department of Water Resources (IDWR). It contains abstracts of claims by the United States and Indian Tribes to "non-consumptive" water rights (such as instream flows) throughout the Snake River Basin. The abstracts summarize the claims without substantively changing the water right as claimed. The Supplemental Director's Report Part II includes abstracts of claims not included in the Director's Report Part II. The supplemental report also includes abstracts of amended claims, which contain changes to claims previously abstracted in the Director's Report Part II.

The Director's Report Part II contains the claims filed for these water rights, and includes both the claim documents and maps. The Supplemental Director's Report Part III includes claims not included in the Director's Report Part III, as well as amended claims which contain changes to claims included in the Director's Report Part III.

Complete copies of Part II of the reports are available for inspections at all offices of IDWR and at the other locations printed on this notice. Complete copies of Part III of the reports are available for inspection at the State Office of IDWR and the SRBA District Court. Copies of all or a portion of the reports are available from the IDWR State Office subject to payments of costs of mailing and/or copying.

OBJECTIONS TO DIRECTOR'S REPORT

You may file an objection to any portion of the Director's Reports with the SRBA District Court. You must use a court approved objection form that is available from IDWR, which contains instructions for filing the objection. All objections must be received by the court on or before October 16, 1995. You must mail a copy of your objection to IDWR and the United States as shown on the objection form. If you are objecting to an abstract of a claim filed by an Indian tribe, you must also mail a copy of the objection to the tribe at the address shown in the report.

RESPONSES TO OBJECTIONS

The United States and the Indian Tribes may but are not required to file a response to an objection to abstracts of their claims with the SRBA District Court.

PARTIAL DECREE OF UNCONTESTED PORTIONS OF DIRECTOR'S REPORT

Those portions of the Director's Report to which no objections are filed will be decreed by the district court after a hearing to be held at 1:30 p.m., May 21, 1996 at the SRBA Courthouse in Twin Falls.

NOTICE OF FURTHER PROCEEDINGS

You will be mailed a notice of further proceedings on an objection to **your water right, your objection, or your response**. You will not be mailed notice of other objections or proceedings on other objections.

Notice of other objections and responses to other objections will be included on a monthly docket sheet distributed by the SRBA District Court. A subscription to the docket sheet may be obtained from the court for a small annual fee (\$7.50 for the calendar year 1995).

IDWR has filed or will file Director's Reports for all other claims within the Snake River Basin, one for each of the reporting areas in the Snake River Basin. Notice of the filing of these reports, and of further proceedings on these reports, will also be included in the docket sheet.

You may be affected by orders and decrees entered by the court in proceedings on other objections and proceeding on other reports. **It is very important that you subscribe to the docket sheet** if you wish to stay informed of these other proceedings. For further information as to documents filed with the court and hearings scheduled before the court in the SRBA, you must inquire at the SRBA District Court.

FURTHER INFORMATION

The court has adopted procedures for the post-report phase of the SRBA, which are set forth in the order of the court entitled "SRBA Administrative Order No. 1." A copy of this order can be obtained from the State Office of IDWR or the SRBA District Court.

If you have questions about the SRBA, please call any office of IDWR listed in this notice. If you have questions concerning your rights and responsibilities as a claimant in the SRBA, please consult your attorney.
