Governor

KARL J. DREHER
Director

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.

RE: Notice of Claim to a Water Right No. A65-05459B

Dear Ms. Sidwell:

Enclosed please find a copy of your amended Snake River Basin Adjudication (SRBA) claim. Please review the claim carefully. The claim has been amended as per the stipulation entered into the court in the Payette River Adjudication for the water right.

The water right as described in the stipulation is for the land on both the north and south sides of the Highway 52. The property and the water right has since been split between different owners. Consequently the right as stipulated has been split between the claimants in the SRBA. Your portion of the stipulated right is represented by enclosed claim. The water right will now go through the SRBA process.

This department will contact you if there is any additional information required in the future. Please do not hesitate to contact this office if you have any questions or need additional information.

Sincerely,

Maria Minicucci

MEMORANDUM

TO: File nos. A63-05459A & A63-05459B

FROM: M. Minicucci 

DATE: 03/15/1996

RE: Payette River Decree Stipulation

The stipulation resolving objections to water right nos. 65-05469 and 65-11258 describes the water rights in the name of J R Simplot Co. In the SRBA, A65-11258 was filed by Simplot, as was 65-05459. In 1994, Myrtle Sidwell filed an SRBA claim on a portion of 65-05459 on acres already apparently claimed by Simplot (T08N R04W, s.35, SWNW, NESW, NWSW). This resulted in a renumbering of Simplot's claim to A63-05459A. Ms. Sidwell's claim was given the number A63-05459B.

Review of the SRBA claims in order to update them pursuant to the stipulation showed that although Simplot claimed the acres south of the Hwy (also claimed by Sidwell), the acres in question are crossed off on Simplot's claim map. The number of acres stipulated in the NWSW could not all be north of the Hwy where all of Simplot's acres are located on the claim map. I questioned whether Simplot owned all of the stipulated acres, and if the acres south of the Hwy could be served from the stipulated diversion point.

Don Shaff and I reviewed the stipulation in light of the Payette River Decree field exam information. We referenced the following maps: 1. Field map from PRD, 8N4W, Map E, 2. Aerial photos Nos. DHY-2BB-58 & DHY-2BB-70 (also from PRD), and 3. Soils map from the Frazier objection file

From source map 1 we determined that Nesbitt had owned both properties at the time of filing in the PRD (Personal property south of the Hwy, Bar N Ranch north of the Hwy). There was no indication on source maps 1 and 2 that the lands are not irrigated by the ditch from the stipulated POD, or that they are irrigated from the ditch which runs along the south (and west) border of the Sidwell property. The lower ditch appears to go past the property to irrigate decreed lands to the northwest. Based on our review of the maps, it appears the delivery ditch crosses under the Hwy on the west line on the NESW to irrigate the Sidwell acres. These acres are included in the stipulation and should be split off from the Simplot claim.

The number of irrigated acres at each rate of diversion was determined by cross referencing source map 3 with source map 2 and using a grid overlay.

The conveyance loss was pro-rated by dividing the cfs by the total acres of the stipulated right.

TO: Any PRBA Claim with a Stipulation
FROM: RON HOWERTON

RE: RECOMMENDATIONS/STIPULATION

I. CONVERSATION WITH DON SHAFF:

1. Met with Don 4/5/95 at S.O. on how to proceed with "R" file recommendations.
2. Don re-confirmed that the stipulation amends the "A" claim, thus for the split ownership of this right both the "A" and "R" files can be completed.
3. He said that because of the stipulation no field exam is needed, nor do I need to print a CVR. In place of the CVR I'm to print out a profile report with comments pertaining to the stipulation.
4. I asked him if the copy of the stipulation he gave me had enough signatures on it to make the recommendation? He said yes.

II. CONVERSATION WITH JEFF PEPPERSACK

1. Met with Jeff 4/5/95 at S.O. asked if he had any paperwork pertaining to how much water was recommended for this right. He said that he thought Dan Steckel had all of it.

III. CONVERSATION WITH DAN STECKEL

1. Called Dan at S.O. 4/6/95 asked if he had the paperwork that showed how much water was to be recommended for this right. He said Don had it in his Boyd Jackson's file.

IV. CONVERSATION WITH DON SHAFF

1. Called Don at S.O. 4/6/95 asked him if he had the paperwork for the amount of water recommended? He said yes he did. He said that eventually that file would come over to Western. I asked if I needed to put the paperwork showing how much water was to be recommended in that file? He said yes, but it may be several months before he would send that file to us. So I asked was it necessary for me to have it to make the "R" file recommendation? He said no, proceed with the recommendations.

SPRING MEETING WITH DAVE SHAW & HIS ATTORNEYS:
Ref: OWNERSHIP CHANGES

1. Dan Steckel said that after an ownership change has been made, he needs a copy of the Ownership Change when completed. He doesn't need a copy of the claim.
2. During our conversation with Dave Shaw and Don Shaff, the Attorney's were in agreement that the stipulation's we have copies of now can be used to amend the "A" claim the same way as a Transfer would.
3. A recently licensed permit can also be used to amend the claim with an ownership change with an added requirement. A letter must accompany the ownership changed claim, stating that the claimed permit was licensed since this claim was filed, the claim has been revised to correspond to the licensing. If they have any difficulty with this clarification, they need to contact our office within 30 days of the letter. (The "A" claim is given a "T" status for the 30 day period.
