Dear Mrs. Humphreys:

Thank you for responding so quickly on the change of address for the above referenced claims. I have chained the mailing address on all of these claims. However, per your note on the bottom of my last letter, I am requesting you fill out the enclosed Change of Ownership form in order for these claims to reflect your family trust. Per the instructions you will need to provide documentation (like the title transfer) showing the legal description of the properties and include some sort of plat map or aerial photo.

If you need assistance or have questions, please call me toll-free at 1-800-451-4129 or contact our Western Region office at (208) 334-2190 to make an appointment with one of our agents. I have printed the list of water rights involved and attached to the form since there are so many numbers to write. I also have enclosed a self addressed envelop for your convenience.

Yours truly,

Danni M. Smith

IDWR Employee/Agent: Don Shaff 

Date: 07/18/1994

Contact Person(s): Mark Ritchey, Claimant Representative

Nature of Contact: Claim overlap with Little Willow Irrigation District lands.

Substance of Communication: Initially, Mr. Ritchey did not supply the claim number, but rather the place of use of the right. We discussed the priority date and basis of claim relative to the Payette River Adjudication. At a later point, I determined this water right with its source spring tributary to Little Willow Creek, had been decreed in the Payette River Adjudication. This information nullified our discussion about priority dates and the Payette adjudication. This right, Mr. Ritchey was informed, would be supplemental to any irrigation district water rights used on the same lands presuming the water right of his client was continuously used. Mr. Ritchey was concerned about his client's position for the water from the spring relative to any present or future appropriator(s) of the water from the spring.

Nature of Contact

Claims filed in SRBA - Most based on PRBA claims - increased Q % or usage. Others weren't previously filed & priority date would have been unacceptable.

Substance of Communication

On claims which were denied in PRBA it is okay to date enter as it was denied. Those claims which weren't previously denied, & priority dates were before 10-19-1977 we amended to 10-19-1977, or whichever date was applicable. Each source & its usage was reviewed on map.

Claims w/ spring & well as source are actually springs unless entered as wells.

MICROFILMED

AUG 03 1994

We did discuss mandatory permit requirements. Also discussed the stock pond signs & they are small. Similar to what you see when going out in field in many areas.
AG 5 66302. Discussed differences between this claim as permitted, claimed & licensed. Decided to file as claim.
