INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Sections 42-248 and 42-1409(6), Idaho Code. Section 42-248 requires certain property holders to notify the Department of Water Resources (IDWR) of any change in mailing address or ownership of all or part of a water right record on file with IDWR. Section 42-1409(6) provides that new property owners must notify IDWR of any change in ownership of a water right during an adjudication of water rights. Required claims may be filed by a new owner.

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. Please contact your nearest IDWR office, or call 1-800-451-4129, if you would like more information or need help completing this form. Please attach additional sheets to the form if you require additional space to describe or explain any of the items on the form.

1. If there are water rights associated with the property, the seller should be able to provide you with the water right or adjudication claim number(s). Please enter these number(s) at Item 1. If you or the seller believes there are water rights for the property but the numbers are unknown, you may wish to contact IDWR for assistance in identifying the water rights for the property in question. If claims for the rights are required, and have not been filed, IDWR will so advise you.
2. The information described at Item 2 is required, since IDWR cannot process the requested change without documentation of ownership. The preferred types of documentation are shown; contact IDWR if you have difficulty obtaining this information. Do not obtain a new survey for purposes of this form before contacting IDWR.
3. Please provide the name and address of the former owner of the water right and/or adjudication claim at Item 3.
4. The name, mailing address, and telephone number of the new owner(s) is entered at Item 4. Please indicate the relationship between multiple owners by using the connector 'and', 'or', or 'and/or'. If an 'and' is used, all parties must sign this form. If an 'and/or' or 'or' is used, all parties may sign. However, only one of the named parties is required to sign.
5. At Item 5, please provide the date the property in question was acquired. This may be the date of "closing" in the case of a real estate transaction or the date of court order for other types of ownership changes.
6. You may be purchasing only a portion of the total water right held by the seller. This means the water right held by the seller may be "split" to provide your share of the right in question. Be sure to include a description of the portion of the water right you have purchased at Item 6.

Please provide as much detail as possible concerning your water right: include the number of homes, irrigated acreage if more than 1/2 acre is irrigated, type and number of stock if your right is for stockwater, etc. In the absence of information to the contrary, IDWR will assume the intent is to split the rights *proportionately*.

7. The new owner(s) must sign the form in the space(s) provided at Item 7. Corporations and other organizations must submit a list of directors or officers demonstrating the authority of the director or officer to sign the form.
8. There is no filing fee. When complete, you should retain a copy and return the original of the form to the IDWR office nearest you:

Re: Letter of April 8, 1999

Paul Pusey called me this morning in regard to the letter I sent to Noreen Heist on April 8. Mr. Pusey is Noreen Heist's husband. The Hales were Mrs. Pusey's parents. A claim was previously decreed for this cabin. The water right No. is 65-06616. This claim should be recommended as a reflection of the previously decreed right.

A change of ownership will be submitted to update the current ownership of this cabin. I requested a chain of title from the Hale's to Mrs. Pusey during this phone conversation.

Dear Ms. Heist:

We have been advised that you may be the new owner of the property that the above referenced claim was filed for. Enclosed, for your information, is a copy of Claim No. A65-17688. This filing claims the use of a spring for domestic use in a cabin on Lot 5 of Block 2, Crescent Rim Subdivision in Valley County. We have tried to correspond with the Hales who originally filed for this water right. Enclosed, for your information, is a copy of a letter we were trying to send to the Hales. As you can see, if you read this letter, there is a problem with the claim as it was submitted.

If you wish to pursue this claim as it is recorded, please complete and submit the enclosed "Notice of Change in Water Right Ownership" form. If you are using this spring for your domestic water, you should file an application for water right permit to record the use of the spring.

If you have any questions in regard to this matter, please do not hesitate to contact me.

Sincerely,

RE: Notice of Claim to a Water Right No. A65-17688

Oren or Louie Caroline Hale

Gentlemen:

We are currently in the process of reviewing the above referenced claim which was filed during the Snake River Basin Adjudication (SRBA) claims filing. However, due to the problem explained below we may not be able to recommend this claim to the SRBA Court in Twin Falls for decree. A copy of this claim is enclosed for your review.

Your claim was filed with a priority date (date of first use of the water) dating back into the Payette River Basin Adjudication. This adjudication was a previous court case which decreed all water rights existing prior to October 18, 1977, for sources located within the Payette River drainage area. In searching our records, we could not find an existing water right previously decreed in the Payette River Basin Adjudication for the right you have claimed. Unless you can show that the owner of the water right at the time of the earlier court case was not joined as a party in that case, this claim will likely be disallowed.

The priority date on your claim appeared to be in error. We have assumed that the date you have claimed is July 10, 1965. We have corrected your claim to show that date. If this is not correct, please contact our office.

Since all landowners within the Payette River drainage basin were joined into this court case from February of 1970 through April of 1977, it may be best to file an application for permit at this time. An application for permit has been required to be filed for all new uses developed from a surface water source after May 20, 1971. An application for permit form with instructions is enclosed for your use in this matter.

If you have any questions concerning this letter, please feel free to contact this office by phone. If you plan on coming into the office to discuss your filing, please contact the office first to make an appointment to guarantee someone will be available to assist you.

Sincerely,

DEPT. OF WATER RESOURCES
