Dear Basin 65 water user.

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

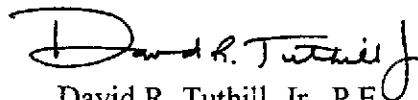

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

- 1 You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right
- 2 You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA
- 3 You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.

Karl J. Dreher, Director
Idaho Department of Water Resources

Sir:

This is in response to your March 9, 2001 correspondence to Eva M. Clemmer. Mrs. Clemmer is my wife's mother. She is 91 years of age and is temporarily residing in this area under our care. Her permanent address is with her son, H.C. Clemmer at 3110 Fuller Rd., Emmett, Idaho.

She sold her Boise home in the late 1980's. Her health is slipping at this time and she is under a doctor's care.

In the GIS (Geographic Information System) computerized image which was enclosed with your letter there is a green enclosure that I assume was intended to depict the Clemmer five acres of land. From the records left to us by H.J. Clemmer (Eva's deceased husband) both the location and the depicted shape of the land do not correlate with his records. The Clemmer land should be seated further north between the river and the road. And there is a one acre notch at the south east corner due to the boundary marker of the southern neighbor's land in lot #7.

If I can be of any further service please feel free to contact myself or my wife (Bonnie). Mrs. Clemmer has appointed me to serve as her trustee in handling her business matters.

Sincerely,

Charles K.S. Miller
