Attention Water Right Claimant,

Enclosed is an *Amended Partial Decree* which amends and supercedes the partial decree previously issued for your water right to contain the following provision:

Basin 65 General Provisions No. 3, the Separate Streams General Provision, does not apply to appropriations after October 18, 1977.

This water right shall be administered as being from a separate source pursuant to Basin 65 General Provision No. 3. If the holder of this right seeks to change the right pursuant to Idaho Code § 42-222 or successor statute, nothing in this general provision shall preclude any other person or entity from demonstrating that such change in use would cause injury to its water right or from receiving any relief provided by law in event of injury.

The provision was recommended in the *Special Master's Report and Recommendation* to be included in the *Partial Decree* for your water right, but was inadvertently omitted due to a clerical error

Should you have any questions regarding this matter, please contact the Clerk of the Court for the SRBA at (208) 736-3011

Sincerely,

Diana Delaney

RE: Snake River Basin Adjudication (SRBA)

Dear Claimant:

The Identification Number of your Notice of Claim to a Water Right has been changed from A65-07444 and A65-07445 to A65-07444B and A65-07445B respectively. The suffix "B" has been added to the number in order to distinguish your claim from other claims that may claim a portion of the same original water right. This change does not affect your claim in any other way.

Enclosed is a computer-generated copy of your claim with the new Identification Number. Refer to this record number in any future inquiries or correspondence.

Respectfully,

A handwritten signature in cursive script, appearing to read 'Helen L. Thornton'.
