DIRK KEMPTHORNE
Governor

KARL J. DREHER
Director

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.

Dear Mrs. Humphreys:

Thank you for responding so quickly on the change of address for the above referenced claims. I have chained the mailing address on all of these claims. However, per your note on the bottom of my last letter, I am requesting you fill out the enclosed Change of Ownership form in order for these claims to reflect your family trust. Per the instructions you will need to provide documentation (like the title transfer) showing the legal description of the properties and include some sort of plat map or aerial photo.

If you need assistance or have questions, please call me toll-free at 1-800-451-4129 or contact our Western Region office at (208) 334-2190 to make an appointment with one of our agents. I have printed the list of water rights involved and attached to the form since there are so many numbers to write. I also have enclosed a self addressed envelop for your convenience.

Yours truly,

Danni M. Smith

Notices of Claim - List Attached
Fred C. Humphreys - Change of Address

Dear Mr. Richey:

As I explained on the telephone Tuesday morning, IDWR has been notified the address presently in our claim records for Fred Humphreys is incorrect. The Post Office gave his new address as 10495 Stone Quarry Rd., Payette, ID 83661-5134. We need him to confirm this is his correct mailing address. If the Payette address above is correct, please have Mr. Humphreys sign his name at the bottom of this letter, and return it to this office. Otherwise, please ask Mr. Humphreys to make the proper corrections, sign, and return this letter. Thank you for your help. We hope to assure that Mr. Humphreys receives future notices about SRBA matters.

If the ownership of the property to which the water rights referenced on the attached list has changed, please call this office toll-free at 1-800/451-4129 to obtain a form to make this required change to the claim record.

Sincerely,

Nature of Contact

Claims filed in SRBA - Most based on PRBA claims - increased Q for usage. Others weren't previously filed & priority date would have been unacceptable.

Substance of Communication

On claims which were denied in PRBA it is okay to data enter as it was denied. Those claims which weren't previously denied, & priority dates were before 10-19-1977 we amended to 10-19-1977, or whichever date was applicable. Each source & its usage was reviewed on map.

Claims of spring & well as source are actually springs unless entered as wells.

We did discuss mandatory permit requirements. Also discussed the stock pond since they are small similar to what you see when going out in field in many areas.
AGS 66302. Discussed differences between this claim as permitted, claimed & licensed. Decided to file as claim.
