5-10
(1973)

Topographic map of the McCall area, Idaho. The map shows the Payette River flowing through the region, with the McCall Airport and McCall town area prominently featured. Key landmarks include the Municipal Golf Course, McCall High School, and various parks and trails. The map includes contour lines indicating elevation, with major contours at 5000, 5100, and 5200 feet. The map also shows the North Fork Payette River and the Long Valley area. Handwritten red text "5-10 (1973)" is visible in the upper left corner. The map is oriented with North at the top.

Dear Mike:

I wanted to let you know that following your inspection visit of Aug. 1, we did cut out all of the small tree growth from the area just west of the spillway that we discussed that day. We also tested and oiled the low level outlet drain and it is working fine.

As we discussed also that day, we have now formed a Rio Vista Property Owners Association which will be taking over the operation and maintenance of the dam and reservoir. I am hereby requesting that the certificate for the dam be changed over from the name of Rio Vista, Inc. to the name of Rio Vista Property Owner's Association, Inc. We are having our organizational meeting on Nov. 15, 1988 and we would greatly appreciate having the certificate in the new name by that time. We also would appreciate a letter indicating that the dam and reservoir are in good operating condition and will continue to receive state approval if kept in like condition. This would assure the Property Owner's Association that Rio Vista, Inc. is turning it over to them in good condition according to your department's guidelines.

We are also hereby requesting that all water rights currently held in the name of Rio Vista, Inc. be transferred to the name of Rio Vista Property Owner's Association, Inc. There are three of them and they are identified in a document dated March 5, 1979 titled PROPOSED FINDING OF WATER RIGHTS and they are numbered as Claim Numbers 65-7122, 65-6917 and 65-7558. These three water rights were also recently reported for the current adjudication which is being conducted as I met with Linda Werner on Sept. 28, 1988. During that process the threewater rights were identified with Ident. Numbers: A65-07122, A65-06917 and A65-07558 respectively.

Would you please send me a letter to verify that all of these transfers have taken place along with verifying the condition of the dam and reservoir as I mentioned above. Also, if we could receive the new certificate in the new name by Nov. 10 or at least mention in your letter that it will be issued that way when it is done.

Thank you very much for all of your help. If I can answer any questions, please let me know. You can continue to use P.O. Box 817 McCall, Idaho 83638 for the mailing address of the Property Owner's Association since I have been elected as secretary for that assoc.

Sincerely yours,
