Attn. David R. Tuthill Jr.

Dear Mr. Tuthill:

Your letter to me of December 1 is a document that I do not understand. Are you saying that Payette Lake is not on the Payette River Drainage? Are you saying that I have no claim to water for domestic use for my cabin at McCall?

If the answer to either of the above questions is yes then please indicate why you so judge and also indicate what authority you may have to make such a determination.

It is of interest to me and I'm sure to the court that we use about 15,000 gallons annually for domestic purposes----have done so for several decades and that there are those around that area---in the same drainage that waste more water than this in one minute----in a half minute. These same people were not even farming now was the land farmable at the time we were initially using this water.

Yours very truly

Bob Campbell

TO: FILE

FROM: DRT 6-14-77

ON this date Mr. John J. Pebbles called in response to a "surface water right developed past mandatory filing date" form letter on rt # 65-8871 which he received.

He stated that the system which he and his neighbors

Robert C. Campbell (65-8246) and ex-neighbor

Walter J. Brummer (65-8761) use from Payette Lake

was developed in 1973. Therefore all of the above claims are invalid and will be disallowed since the basis of their rights is beneficial use.

Mr. Pebbles stated that he plans to come by our office to file an Application for Permit on their use as soon as the three users form an "association".

Disallowal remark on 65-8761, 65-8246, and 65-8871 will be "Recommended as rights 7761".

The right number will be the new app number.

(Note that Mr Pebbles should replace GW rights # 65-8760, 8872, 8247 with an association filing also.) OK since dates of priority are reasonable

INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Section 42-1409(7), Idaho Code. This statute provides that new property owners notify the Department of Water Resources (IDWR) of any change in ownership of a water right during an adjudication of water rights, and if a claim for the water right has not been filed to file the needed claim(s).

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. If you would like any of these brochures or if you have questions about completing this form please contact your nearest office of IDWR or you may call 1-800-451-4129 (toll-free).

The first line of the form asks for the date of closing so IDWR will have a record of the effective date of the property transfer.

The second line of information requires the legal description of the property being transferred. This information is **ESSENTIAL** and should be available from the documents that will be present at the time of closing. The first two lines of the legal description **MUST** be completed. IDWR's records are based upon legal descriptions using township, range, section and fractions of a section descriptions, and this information must be included on the form. If you also have available a legal description based upon a townsite or subdivision and lot and block number, please also include this additional information. A lot and block legal description is **NOT** a substitute for the township, range, section and fraction of a section description.

After completing the legal description, if all water is supplied by a public service water supply you may check the first box; complete the name, address and telephone information for yourself, the new owner; sign the form in the space provided and return the form to the IDWR office nearest you.

If there are water rights associated with the property, the seller should be able to provide you with the water right number(s). The water right number(s) for the property are to be put in the space provided at the second box on the form. If you or the seller believe there are water rights for the property but the numbers are unknown, then you may wish to call or come into an office of IDWR for assistance in identifying the water rights for the property involved. If claims for the property have not been filed you will be so advised by IDWR.

After the water right number(s) for the property has been entered on the form, complete the name and address information for **BOTH** the former owner/seller and for yourself, the new owner, in the spaces provided. Please also include your telephone number. If the property you have purchased is only part of the property owned by the former owner/seller, you may be purchasing only part of the total water right held by the seller. This means the water right held by the seller must be split so you get your proportionate share of the water right. Be sure to include a description of the portion of the water right you have purchased. The seller should be able to help you describe the portion of the water right for the property you have purchased.

If the former owner/seller will sign the form and the seller is shown as the claimant of the water right in IDWR's records, then you do not need to attach proof of ownership of the land or the water right. The seller should know if the original claim was filed by him, or if the seller has filed a change in ownership so the seller is shown as the claimant of the water right in IDWR's records. If the seller is not going to sign the form then you must attach some proof of ownership of the property described at the top of the form or proof of ownership referencing the specific water right(s) for the property.

The new owner must sign the form in the space provided. If the former owner/seller is available to sign the form please do so in the space provided.

When complete, the new owner and the former owner/seller should each retain one of the copies and return the original of the form to IDWR. You may return the form to the IDWR office nearest you or to: Idaho Department of Water Resources, Statehouse Mail, Boise, ID 83720-9000, Attention: Adjudication Bureau.

RE: Notice of Claim to a Water Right No. A65-07961A

Dear Claimant(s):

During normal review and filing of the Notice of Claim to a Water Right listed above, we found that three claims have been filed on the same existing water right. A claim was filed by each owner of the three homes indicated on the original right.

In order to show all claims as having been filed for the same existing water right, we have re-numbered your claim with either an A, B or C suffix indicated after the original water right number. Enclosed is a computer generated copy of your claim showing this new suffix for your files. Please refer to this claim number and suffix on any future queries.

If you have any questions concerning this number change, please contact us.

Sincerely,

A handwritten signature in cursive script that reads 'Jan Shurte'.

RE: SPLIT CLAIMS

This claim record came to my attention because a record existed on the computer HOST file and on the Node 3 REGION file. I discovered three claims had actually been filed claiming this water right based on a license.

Peebles filed and signed a claim on 8/25/88 that promptly moved to the HOST file. Another claim for the water right was signed and filed on 9/19/88 by Weida. The third claim signed and filed by Campbell was received on 12/27/88. The water right license was issued in all three names for three homes. Each of the claims was for the full amount of water on the license. The Peebles' claim substituted Joanne Campbell for Weida. The last two claims had the same set of names showing all three names without Joanne Campbell.

To address the computer updating problem and reflect the three claims, I chose to split the HOST record into three claims, respectively by filing date, into A, B and C. For the splits, the amount of water for each was not divided. Determining if dividing the water between the claims can be made when the claims are reviewed. A photocopy of each claim is attached with the corresponding suffix handwritten to assist the staff in the region to make the corresponding suffix change on each original claim and make additional files if so desired.

WATER RESOURCES
WESTERN REGION

Dear Sirs:

I have read the documentation that you mailed to me Sept 29, 1999. My wife has read it too. We have studied and discussed it in detail. Regretfully, we can't understand what it is all about. If someone is challenging our right to use the water for our place there on the south end of Payette Lake then we most certainly do make a formal and most serious protest to that challenge. I have lived (summer months only) at that same log cabin since I was six years old and I'm now about 64. I am enfeebled and diseased but do want you to know that I will continue using the household water and a little to water my patch of grass as has been done since 1940. Don't expect to usurp my water without trouble. You better plan on doing away with me like the Feds did at Ruby Ridge and at Waco TX. if you want to get that water.

Respectfully submitted,

Robert C. Campbell

ps I think you folks should try to write a letter that someone other than a Philadelphia shyster could understand.

After Oct 29 you will have to look for us around Boulder City, Nv.---try general delivery I guess. If you want to call sooner the number here is 360, 678, 6204

Attn. David R. Tuthill Jr.

Dear Mr. Tuthill:

Your letter to me of December 1 is a document that I do not understand. Are you saying that Payette Lake is not on the Payette River Drainage? Are you saying that I have no claim to water for domestic use for my cabin at McCall?

If the answer to either of the above questions is yes then please indicate why you so judge and also indicate what authority you may have to make such a determination.

It is of interest to me and I'm sure to the court that we use about 15,000 gallons annually for domestic purposes---have done so for several decades and that there are those around that area---in the same drainage that waste more water than this in one minute---in a half minute. These same people were not even farming nor was the land farmable at the time we were initially using this water.

Yours very truly

TO: FILE

FROM: DRT 6-14-77

ON this date Mr. John J. Pablos called in response to a "surface water right developed past mandatory filing date" form letter on rt # 65-8871 which he received.

He stated that the system which he and his neighbors Robert C. Campbell (65-8246) and ex-neighbor Walter J. Brunker (65-8761) use from Payette Lake

was developed in 1973. Therefore all of the above claims are invalid and will be disallowed since the basis of their rights is beneficial use.

Mr. Pablos stated that he plans to come by our office to file an Application for Permit on their use as soon as the three users form an "association".

Disallowal remark on 65-8761, 65-8246, and 65-8871 will be "recommended as right 65-8761".

The right number will be the new app number.

(Note that Mr. Pablos should not be recommended as right 65-8761.)

RE: Notice of Claim to a Water Right No. A65-07961B

Dear Claimant(s):

During normal review and filing of the Notice of Claim to a Water Right listed above, we found that three claims have been filed on the same existing water right. A claim was filed by each owner of the three homes indicated on the original right.

In order to show all claims as having been filed for the same existing water right, we have re-numbered your claim with either an A, B or C suffix indicated after the original water right number. Enclosed is a computer generated copy of your claim showing this new suffix for your files. Please refer to this claim number and suffix on any future queries.

If you have any questions concerning this number change, please contact us.

Sincerely,

RE: SPLIT CLAIMS

This claim record came to my attention because a record existed on the computer HOST file and on the Node 3 REGION file. I discovered three claims had actually been filed claiming this water right based on a license.

Peebles filed and signed a claim on 8/25/88 that promptly moved to the HOST file. Another claim for the water right was signed and filed on 9/19/88 by Weida. The third claim signed and filed by Campbell was received on 12/27/88. The water right license was issued in all three names for three homes. Each of the claims was for the full amount of water on the license. The Peebles' claim substituted Joanne Campbell for Weida. The last two claims had the same set of names showing all three names without Joanne Campbell.

To address the computer updating problem and reflect the three claims, I chose to split the HOST record into three claims, respectively by filing date, into A, B and C. For the splits, the amount of water for each was not divided. Determining if dividing the water between the claims can be made when the claims are reviewed. A photocopy of each claim is attached with the corresponding suffix handwritten to assist the staff in the region to make the corresponding suffix change on each original claim and make additional files if so desired.

Dear Mr. and Mrs. Campbell:

The information you supplied in your letter of December 22, 1988 has helped us to locate both water rights which are appurtenant to your land in Valley County. As you mentioned, there is one right for water from Big Payette Lake and one right for groundwater. An adjudication claim has been filed for each one. Enclosed is a copy of each claim for your files.

Also enclosed is an information sheet about how you will receive notices in the Snake River Basin Adjudication. This information will explain what happens with the claims and what you can expect to receive in the future regarding these claims.

You have taken all the necessary steps you need to and do not need to take any further action at this time. If you have any questions about the Adjudication, please feel free to contact the Department. Thank you.

Sincerely,

Helen Harrington

DEAR MR. SHAW:

IN REPLY TO YOUR LETTER OF DECEMBER 9, 1988 REGARDING WHAT YOU TERM A COMMENCEMENT NOTICE. THE TONE OF YOUR LETTER INDICATES THAT I MAY NOT FEEL THAT I HAVE A WATER RIGHT ON OUR PROPERTY NEAR McCALL AND ON PAYETTE LAKE. PLEASE UNDERSTAND THAT WE DO IN FACT HAVE A WATER RIGHT---THAT WE HAVE MADE NUMEROUS ATTEMPTS AT YOUR AGENCY OVER THE PAST TEN YEARS TO EXPLAIN AND IDENTIFY THESE RIGHTS. FURTHERMORE YOU PEOPLE HAVE EVEN SENT YOUR EMPLOYEES UP TO OUR PROPERTY TO EXAMINE OUR PUMPS AND APPROVE THESE RIGHTS. LAST YEAR WE SPENT A LOT OF TIME FILLING IN FORMS TO AGAIN IDENTIFY THESE RIGHTS. REGRETFULLY HOWEVER, I DO NOT KNOW WHAT A COMMENCEMENT NOTICE IS---BUT I DO KNOW THAT I HAVE THE NATURAL RIGHT TO THE SMALL AMOUNT OF WATER THAT WE USE TO MAINTAIN OUR RESIDENCE IN McCALL.

OVER THE PAST FIFTY YEARS WE HAVE USED WATER FROM THE LAKE AND ALSO FROM A SMALL WELL (4 INCH CASING. BOTH SOURCES ARE FOR OUR DOMESTIC USE AND THAT OF OUR ADJOINING NEIGHBORS; PEEBLES AND WEIDA. WE DO USE SOME OF OUR LAKE WATER TO MAINTAIN A FRONT LAWN BECAUSE THIS GROUND MUST BE COVERED DUE TO ITS BEING SAND AND UNSTABLE..

RE: Notice of Claim to a Water Right No. A65-07961C

Dear Claimant(s):

During normal review and filing of the Notice of Claim to a Water Right listed above, we found that three claims have been filed on the same existing water right. A claim was filed by each owner of the three homes indicated on the original right.

In order to show all claims as having been filed for the same existing water right, we have re-numbered your claim with either an A, B or C suffix indicated after the original water right number. Enclosed is a computer generated copy of your claim showing this new suffix for your files. Please refer to this claim number and suffix on any future queries.

If you have any questions concerning this number change, please contact us.

Sincerely,

Jan Shurte

RE: SPLIT CLAIMS

This claim record came to my attention because a record existed on the computer HOST file and on the Node 3 REGION file. I discovered three claims had actually been filed claiming this water right based on a license.

Peebles filed and signed a claim on 8/25/88 that promptly moved to the HOST file. Another claim for the water right was signed and filed on 9/19/88 by Weida. The third claim signed and filed by Campbell was received on 12/27/88. The water right license was issued in all three names for three homes. Each of the claims was for the full amount of water on the license. The Peebles' claim substituted Joanne Campbell for Weida. The last two claims had the same set of names showing all three names without Joanne Campbell.

To address the computer updating problem and reflect the three claims, I chose to split the HOST record into three claims, respectively by filing date, into A, B and C. For the splits, the amount of water for each was not divided. Determining if dividing the water between the claims can be made when the claims are reviewed. A photocopy of each claim is attached with the corresponding suffix handwritten to assist the staff in the region to make the corresponding suffix change on each original claim and make additional files if so desired.

Dear Mr. and Mrs. Campbell:

The information you supplied in your letter of December 22, 1988 has helped us to locate both water rights which are appurtenant to your land in Valley County. As you mentioned, there is one right for water from Big Payette Lake and one right for groundwater. An adjudication claim has been filed for each one. Enclosed is a copy of each claim for your files.

Also enclosed is an information sheet about how you will receive notices in the Snake River Basin Adjudication. This information will explain what happens with the claims and what you can expect to receive in the future regarding these claims.

You have taken all the necessary steps you need to and do not need to take any further action at this time. If you have any questions about the Adjudication, please feel free to contact the Department. Thank you.

Sincerely,

Helen Harrington

DEAR MR. SHAW:

IN REPLY TO YOUR LETTER OF DECEMBER 9, 1988 REGARDING WHAT YOU TERM A COMMENCEMENT NOTICE. THE TONE OF YOUR LETTER INDICATES THAT I MAY NOT FEEL THAT I HAVE A WATER RIGHT ON OUR PROPERTY NEAR McCALL AND ON PAYETTE LAKE. PLEASE UNDERSTAND THAT WE DO IN FACT HAVE A WATER RIGHT---THAT WE HAVE MADE NUMEROUS ATTEMPTS AT YOUR AGENCY OVER THE PAST TEN YEARS TO EXPLAIN AND IDENTIFY THESE RIGHTS. FURTHERMORE YOU PEOPLE HAVE EVEN SENT YOUR EMPLOYEES UP TO OUR PROPERTY TO EXAMINE OUR PUMPS AND APPROVE THESE RIGHTS. LAST YEAR WE SPENT A LOT OF TIME FILLING IN FORMS TO AGAIN IDENTIFY THESE RIGHTS. REGRETFULLY HOWEVER, I DO NOT KNOW WHAT A COMMENCEMENT NOTICE IS---BUT I DO KNOW THAT I HAVE THE NATURAL RIGHT TO THE SMALL AMOUNT OF WATER THAT WE USE TO MAINTAIN OUR RESIDENCE IN McCALL.

OVER THE PAST FIFTY YEARS WE HAVE USED WATER FROM THE LAKE AND ALSO FROM A SMALL WELL (4 INCH CASING. BOTH SOURCES ARE FOR OUR DOMESTIC USE AND THAT OF OUR ADJOINING NEIGHBORS; PEEBLES AND WEIDA. WE DO USE SOME OF OUR LAKE WATER TO MAINTAIN A FRONT LAWN BECAUSE THIS GROUND MUST BE COVERED DUE TO ITS BEING SAND AND UNSTABLE..
