Since this permit is based on the same right
as that claimed in 65-8030, according to
Mr. Creek, a property owner in the H&D Camp,
I suggest this claim be disallowed and
65-8030 be allowed. The latter has an
earlier priority date.

Mr. Creek said Chuck Blanton, ^{the} Vice, who
handles the H&D legal affairs, should be
consulted when this claim is reviewed.

7/11/57

5/10/5/76

Ara Furb was in the office today to discuss
the badge's permit (65-7276). During the course
of the discussion, it was found 6 cabins
were using water in 1932, and therefore, this
claim should not be disallowed.

L65-13051 from Big Payette Lake is currently supplied water to
the association. Because of pollution problems, the two
proposed wells would primarily be used for internal domestic use
and the Lake water would continue to be used for the common area
irrigation. No other water rights are used. This info plus the
water bearing zone info was provided by Larry Creek, chairman of
the association's water committee.
