Re: Claim Nos. 65-08256, 65-08257B, and 65-02943R

Mr. and Mrs. Fedders:

Enclosed you will find a profile report for right 65-08256. This right is being recommended as it was filed.

Right 65-08257 was split into an A portion for Tollemache and you will receive the B portion of the split. This right was decreed for an inch of water per acre for 28 acres. Based on your legal description, you purchased approximately 22 acres. The remaining acres and water stays in the original owners name.

A claim form is enclosed for right 65-02943R. The Tollemache's filed on claim 65-02943N, a portion of this filing is for land you now own. Subsequently, this right was split into 65-02943Q, Tollemache, and you receive the 65-02943R split. Please have the claim form notarized and return to me by August 16, 1999.

Finally, I have included an aerial map showing your place of use and points of diversion. Please look this map over, and if there are changes to be made please make them on the map and return it to me.

In September 1999, your water recommendations will be sent to the court for decree. If you have any questions, please call me

Sincerely,

A handwritten signature in cursive script, appearing to read 'Susan Bock'.
