DIRK KEMPTHORNE  
Governor

KARL J. DREHER  
Director

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at [www.idwr.state.id.us/info/water/srba/forms.htm](http://www.idwr.state.id.us/info/water/srba/forms.htm) or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.  
Adjudication Bureau Chief

RE: Snake River Basin Adjudication Notices of Claim to a Water Right  
Numbers: A65-09410 A65-09411

Dear Mr. and Ms. Book:

This office is presently processing the above-referenced Notices of Claim to a Water Right that you submitted during the SRBA claims filing in April 1990. In order to complete the processing of your claims, additional information is required.

Duplicate claims have been filed on these water rights by another party. This appears to be an inadvertent error that we would like to clarify at this time. Your claims are for a portion of the original water right. Since the other party has claimed all of the original water right, IDWR requires ownership information for the lands for which these water rights are appurtenant.

Enclosed are copies of a topographical map for the area in which the claims are located. Also enclosed are reports summarizing the original water rights. Please indicate on the map the property you own, and which lands you irrigate with each right.

Once you have delineated your water right claims on the map, please return it to this office to my attention. Please include a copy of the Warranty Deed for the property.

Thank you for your attention to this matter. If you have any questions or need assistance, please feel free to contact me.

Sincerely,

Maria Minicucci

RE: Notice of Claim to a Water Right Original No. A65-09411  
Notice of Claim to a Water Right Renumbered to A65-09411A

Dear Ms. and Mr. Van Leuven:

We have received the claim referenced above as the Original number. Another party has also filed on this same water right which is the basis for your claim. After reviewing the warranty deeds for the properties in question, it appears that all claimants may have a portion of the original right. This discrepancy will be resolved at the time the claims in the Payette River basin are investigated by IDWR (Idaho Department of Water Resources). At this time it is unknown exactly when the investigation will occur, but it will not be for at least one year.

Each of the claims submitted on the original decreed right was renumbered by adding an alpha suffix to the claim number. Your new number is referenced above as the Renumbered claim. Please refer to this new number in all correspondence with IDWR. Enclosed is a copy of the renumbered claim for your records.

Another decreed water right that you claimed was also claimed by another party (A65-09410). Review of the warranty deeds submitted for both properties indicates that the other party does not own any property which is appurtenant to the right as decreed in the Payette River Decree (65-09410). The other party will be asked to withdraw their claim; your claim (A65-09410) will not be renumbered.

If you have any questions or need additional information, please feel free to contact this office.

Sincerely,
