partial overlap - 3.3 acres owned by Ralston also claimed by Van Leuven on 65-09411A. The other 2 acres is part of a 10 acre parcel that doesn't show an owner on the County tax records so I'm not sure if that's the rest of Ralston's claim or not.

POOR ORIGINAL

This claim was decreed for a well used for domestic use and a mint still (industrial). Right no. 65-09357 is for another well used strictly for the mint still, and was claimed in the SRBA by another party (Neighbor, who presumably owns the well).

The original SRBA claimant claimed domestic use only, but claimed the full amount (AFA) decreed for both domestic & industrial. Domestic contractor may not pick this discrepancy up.

Claim no. A65-09410B does not appear to be appurtenant to the claimants' land. See warranty deeds in files, including computer print-outs of Metes & Bounds.

Ownership charged for all 3 claims, but ownership & acres s/b reviewed in B65 Review.

Notice of Claim to a Water Right Renumbered to A65-09410B

Notice of Claim to a Water Right No. A65-09411
Notice of Claim to a Water Right Renumbered to A65-09411B

Dear Ms. and Mr. Ralston:

Please read this entire letter carefully; it contains important information about water right claims which have been filed on your property.

This office has initiated review on the claims referenced above. These claims are based on water rights previously decreed in the Payette River decree. Please refer to the enclosed maps for the water rights and the appurtenant lands as decreed. The large scale map is from the field notes taken during the Payette River decree field investigation, the other map is an aerial photo which shows the irrigated fields in question.

Another party has filed on these same decreed water rights; IDWR (Idaho Department of Water Resources) has renumbered the claims by adding an alpha suffix to the original claim number. Please reference the claims by this new number in any correspondence with IDWR. Copies of both renumbered claims are enclosed.

As a result of the duplicate filings, both parties submitted warranty deeds for the properties in question. After review of the deeds, it appears that both parties may have a portion of claim number A65-09411. However, it does not appear that you own any property which is appurtenant to water right no. 65-09410 as decreed. Since claimants may only file on their own property (with a few specific exceptions), it appears that claim number A65-09410B was filed in error by the Books.

At this time IDWR requests that you, as the current property owner, withdraw claim number A65-09410B. A form entitled "Request for Withdrawal of Claim" is enclosed for this purpose. Please sign and date the form and return it to this office within 30 days of the date of this letter. If you do not return this form, the claim will be recommended to the court for disallowal, based on lack of ownership of the appurtenant lands.

MICROFILMED
OCT 21 1998

At this time the Books are still the owners of record for these claims. Enclosed is a "Notice of Change of Ownership" form which has been filled out as indicated by information available to IDWR. (Claim no. A65-09353 is for a domestic well on your property).

Please review the information on this form, make any changes necessary, add your dated signature(s), and return the form to this office. IDWR will then update our records, then send copies of the claims to you which reflect the change of ownership of the land and appurtenant water rights to you. If the change of ownership form is not returned to this office, the name of the original claimants will remain in IDWR records as the current owners. All correspondence, legal and otherwise, are sent to the current owners in IDWR records, so keeping these records as current as possible is in everyone's best interest.

If you have any questions or need any assistance, please do not hesitate to contact this office.

Sincerely,

Maria Minicucci

Dear Mr. and Ms. Book:

This office is presently processing the above-referenced Notices of Claim to a Water Right that you submitted during the SRBA claims filing in April 1990. In order to complete the processing of your claims, additional information is required.

Duplicate claims have been filed on these water rights by another party. This appears to be an inadvertent error that we would like to clarify at this time. Your claims are for a portion of the original water right. Since the other party has claimed all of the original water right, IDWR requires ownership information for the lands for which these water rights are appurtenant.

Enclosed are copies of a topographical map for the area in which the claims are located. Also enclosed are reports summarizing the original water rights. Please indicate on the map the property you own, and which lands you irrigate with each right.

Once you have delineated your water right claims on the map, please return it to this office to my attention. Please include a copy of the Warranty Deed for the property.

Thank you for your attention to this matter. If you have any questions or need assistance, please feel free to contact me.

Sincerely,
