RE: Subcase No.: 65-09684

Dear Mr. Hall:

The Department of Water Resources has received an objection filed by the USDA Forest Service regarding the above-referenced water right number.

Upon reviewing this objection, it is noted that you are the present owner of this right and that a change of ownership needs to be completed and filed. Accordingly, enclosed please find a form entitled "Change of Ownership" for you to complete and return to the address given above. Please be sure to include all the documents described on this form in order to expedite this process.

Once you have returned the form and all supporting documentation, IDWR will be able to change its records and then issue a revised recommendation. At that time, IDWR will also be able to resolve the Forest Service's objection by preparing another document called a Standard Form 5 to attach to a print-out with the updated ownership information.

Please feel free to call the State Office if you have any questions. The hot line number is: 1-800-451-4129, or my direct line is: 327-7881.

Thank you for your cooperation.

INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Sections 42-248 and 42-1409(6), Idaho Code. Section 42-248 requires certain property holders to notify the Department of Water Resources (IDWR) of any change in mailing address or ownership of all or part of a water right record on file with IDWR. Section 42-1409(6) provides that new property owners must notify IDWR of any change in ownership of a water right during an adjudication of water rights. Required claims may be filed by a new owner.

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. Please contact your nearest IDWR office, or call 1-800-451-4129, if you would like more information or need help completing this form. Please attach additional sheets to the form if you require additional space to describe or explain any of the items on the form.

1. If there are water rights associated with the property, the seller should be able to provide you with the water right or adjudication claim number(s). Please enter these number(s) at Item 1. If you or the seller believes there are water rights for the property but the numbers are unknown, you may wish to contact IDWR for assistance in identifying the water rights for the property in question. If claims for the rights are required, and have not been filed, IDWR will so advise you.
2. The information described at Item 2 is required, since IDWR cannot process the requested change without documentation of ownership. The preferred types of documentation are shown; contact IDWR if you have difficulty obtaining this information. Do not obtain a new survey for purposes of this form before contacting IDWR.
3. Please provide the name and address of the former owner of the water right and/or adjudication claim at Item 3.
4. The name, mailing address, and telephone number of the new owner(s) is entered at Item 4. Please indicate the relationship between multiple owners by using the connector 'and', 'or', or 'and/or'. If an 'and' is used, all parties must sign this form. If an 'and/or' or 'or' is used, all parties may sign. However, only one of the named parties is required to sign.
5. At Item 5, please provide the date the property in question was acquired. This may be the date of "closing" in the case of a real estate transaction or the date of court order for other types of ownership changes.
6. You may be purchasing only a portion of the total water right held by the seller. This means the water right held by the seller may be "split" to provide your share of the right in question. Be sure to include a description of the portion of the water right you have purchased at Item 6.

Please provide as much detail as possible concerning your water right: include the number of homes, irrigated acreage if more than 1/2 acre is irrigated, type and number of stock if your right is for stockwater, etc. In the absence of information to the contrary, IDWR will assume the intent is to split the rights *proportionately*.
7. The new owner(s) must sign the form in the space(s) provided at Item 7. Corporations and other organizations must submit a list of directors or officers demonstrating the authority of the director or officer to sign the form.
8. There is no filing fee. When complete, you should retain a copy and return the original of the form to the IDWR office nearest you:

GENE YOUNGBERG STATED THAT THIS WATER RIGHT WAS FOR 6 UNITS AND
WATER RIGHT 65-10263 WAS FOR A SINGLE UNIT. HOWEVER, BOTH CLAIMS
WERE ORIGINALLY FILED FOR 6 UNITS. SINCE THE ORIGINAL CLAIMS
WERE FILED BY DIFFERENT PEOPLE ON DIFFERENT DATES, WATER RIGHTS
65-09684 AND 65-10263 MAY BE DUPLICATE FILINGS ON THE SAME WATER
RIGHT.
ANOTHER POSSIBILITY IS THAT THERE HAS BEEN AN INCREASE IN THE
NUMBER OF UNITS RECEIVING WATER FROM THIS SYSTEM.

RE: Possible Duplication of Claims

A65-10263, Williams Creek Waterusers Assn

RECEIVED

WATER RESOURCES
WESTERN REGION

The above referenced claims may be claiming the same water use. A65-02506 is being recommended to the USFS for five homes. This is based on the Report of Engineer from 1954 which stated that there were five homes.

The review of the other two claims needs to determine how many summer homes are associated with the system. If more than five homes are connected, then there are additional rights; if there are only five homes, both other claims should be disallowed.

A65-02506 was decreed to the USFS in the Payette Adjudication. If other rights exist, they can be recommended to the private individuals because USFS claimed only the domestic uses decreed under 65-02506.
