Dear Mr. & Mrs. Meserth:

In response to your letter dated April 26, 1998, I have researched and found that our records indicate your ownership of the following water rights. Water Right number 65-10783 is for Domestic use. Water Right number A65-10784 is for irrigation use; and water right number A65-12282 is for irrigation and stockwater uses. I have enclosed profile reports for these rights indicating that you are the current owner on all of them.

In addition, our records indicate that the Korell's do not have any water rights in their name at this time.

If you have any questions regarding these water rights, feel free to contact this office at (208) 334-2190.

Sincerely,

A handwritten signature in cursive script that reads "Denise Buffington".

Dear Sir / Ma'am

Department of Water Resources

We recently received a letter from you about our domestic water right. We didn't receive anything about the neighboring home and 2.9 acres that we purchased from Kathy Korell Jenson in 1996. (The Korells purchased the *property* from Jim and Carol Youren in the mid 1970s - Legal description attached)

There is a well providing water to that home. There should also be irrigation rights to the lower 2 acres, below the irrigation ditch

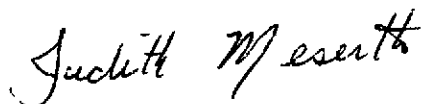

Would you please check your records and tell us if the Korells filed on either the well or the irrigation water?

If so, how do we transfer the rights into our name?

If not, how do we file? The well serving the home is a shallow one - approximately 25 feet. We had to install a water purification system system.

Thank you for your time and attention

Sincerely,

Werner and Judith Meseth

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states.

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

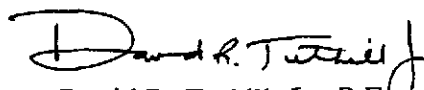

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR

To be eligible for a new non-irrigation season stockwater claim

- 1 You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
- 2 You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA
- 3 You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.
