INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Sections 42-248 and 42-1409(6), Idaho Code. Section 42-248 requires certain property holders to notify the Department of Water Resources (IDWR) of any change in mailing address or ownership of all or part of a water right record on file with IDWR. Section 42-1409(6) provides that new property owners must notify IDWR of any change in ownership of a water right during an adjudication of water rights. Required claims may be filed by a new owner.

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. Please contact your nearest IDWR office, or call 1-800-451-4129, if you would like more information or need help completing this form. Please attach additional sheets to the form if you require additional space to describe or explain any of the items on the form.

1. If there are water rights associated with the property, the seller should be able to provide you with the water right or adjudication claim number(s). Please enter these number(s) at Item 1. If you or the seller believes there are water rights for the property but the numbers are unknown, you may wish to contact IDWR for assistance in identifying the water rights for the property in question. If claims for the rights are required, and have not been filed, IDWR will so advise you.
2. The information described at Item 2 is required, since IDWR cannot process the requested change without documentation of ownership. The preferred types of documentation are shown; contact IDWR if you have difficulty obtaining this information. Do not obtain a new survey for purposes of this form before contacting IDWR.
3. Please provide the name and address of the former owner of the water right and/or adjudication claim at Item 3.
4. The name, mailing address, and telephone number of the new owner(s) is entered at Item 4. Please indicate the relationship between multiple owners by using the connector 'and', 'or', or 'and/or'. If an 'and' is used, all parties must sign this form. If an 'and/or' or 'or' is used, all parties may sign. However, only one of the named parties is required to sign.
5. At Item 5, please provide the date the property in question was acquired. This may be the date of "closing" in the case of a real estate transaction or the date of court order for other types of ownership changes.
6. You may be purchasing only a portion of the total water right held by the seller. This means the water right held by the seller may be "split" to provide your share of the right in question. Be sure to include a description of the portion of the water right you have purchased at Item 6.

Please provide as much detail as possible concerning your water right: include the number of homes, irrigated acreage if more than 1/2 acre is irrigated, type and number of stock if your right is for stockwater, etc. In the absence of information to the contrary, IDWR will assume the intent is to split the rights *proportionately*.

7. The new owner(s) must sign the form in the space(s) provided at Item 7. Corporations and other organizations must submit a list of directors or officers demonstrating the authority of the director or officer to sign the form.
8. There is no filing fee. When complete, you should retain a copy and return the original of the form to the IDWR office nearest you:

Re: A65-10941A

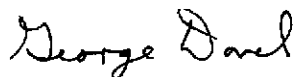

Dear Mel:

Following receipt of your July 24, 1999 letter and subsequent phone call, I called Chuck Lange and asked him to visit me in order to accomplish the transfer of the above listed water right to him. He arrived on August 18, 1999 and we signed the enclosed documents.

I provided him with the appropriate photocopy and placed the originals in an envelope to be mailed to you. Unfortunately they were misplaced and, after considerable searching, I located them today and will fax and mail them now. If Dr. Lange's signature must be notarized I suspect you will be able to accomplish that.

I apologize for the delay.

Sincerely,

George Dovel

Buyer will not allow or suffer any liens or encumbrances to attach to or be filed against the property as a result of such improvements. Any improvements shall become a part of the premises for all purposes and shall be done and performed in a good and workmanlike manner.

MERCHANTABLE TITLE: The Seller warrants that the Seller is vested with merchantable fee simple title to the premises, and will furnish to the Buyer a Warranty Deed for conveyance of the same to the Buyer upon completion of all payments under this contract, subject only to the following encumbrances:

Reservation by The Union Central Life Insurance Company, an Ohio corporation, in deed recorded July 22, 1944, in Book 50 of Deeds at Page 570, reserving "...an undivided one-half of the oil, gas and other hydrocarbons and minerals..."

The easements and reservations as designated in Warranty Deed from Clyde E. Shaul and Rose L. Shaul, Husband and Wife, recorded November 3, 1986 as Instrument No. 122436, records of Boise County, Idaho.

PROOF OF TITLE: The Seller shall prove title to the premises by furnishing a Title Insurance Policy, herein called "PROOF OF TITLE", issued after the date hereof by a reliable title insurance company, insuring the Buyer in the sum of the purchase price of the premises against all losses the Buyer might sustain by reason of defects in the Seller's title, subject only to these exceptions usually printed in said policies and those expressly set forth herein in the paragraph entitled "MERCHANTABLE TITLE", and elsewhere. The Seller shall deliver a preliminary report or commitment for issuance of title insurance issued by a title insurance

company to the Buyer for examination, and the Buyer shall, within fifteen (15) days after receipt of the same examine it and notify the Seller, in writing, of any defects in the Seller's title to the premises to which he objects. The Buyer forever waives any defects not so noticed. The Seller shall within a reasonable time correct all defects so noticed and not herein expressly excepted.

DEFAULT: If the Buyer defaults in performing any of the provisions of this contract to be performed by the Buyer, at the time and in the manner agreed upon, the Seller shall notify the Buyer thereof, specifying such defaults. If the Buyer fails to correct such specified defaults within thirty (30) days after the giving of such notice, the Seller may, without further notice, immediately:

a. Declare the unpaid portion of the deferred balance of the purchase price, plus all interest due thereon, as immediately due and payable, in which event Seller may institute all necessary legal proceedings to collect the same; or

b. Declare this contract forfeited, in which event all of the Buyer's rights in the premises shall be forfeited to the Seller and all payments of principal and interest, all other sums paid by the Buyer in the performance of this contract, and all buildings, improvements, and fixtures placed upon the premises by the Buyer or the Seller, shall be retained by the Seller as liquidated damages for the use of and injury to the premises and any other damages and expenses suffered or incurred by the Seller by reason of Buyer's default, and the Seller shall be entitled to immediate possession thereof, and shall be released from all liability to convey the premises to the buyer; or

c. Foreclose this contract as if it were a mortgage under the laws of the State of Idaho, including the right to deficiency judgment to recover the balance of the sum due and payable under the terms of this contract.

d. Pursue any other remedy now or hereafter provided by law, the remedies above specified not being exclusive but cumulative.

NOTICES: All notices required or permitted to be given hereunder, shall be in writing and be sent postage prepaid by United States certified mail, return receipt requested. It shall be the duty of both parties to keep each other advised in writing at all times of any changes in their respective mailing addresses, and any notice addressed and mailed to the parties at their latest address shall be conclusive evidence that notice has been given. Notice mailed in the manner here provided shall be deemed to have been received three days after it was mailed, and the said thirty day redemption period shall begin to run as of said date.

CONTRACT OF SALE-4

AUG 04 1994

WAIVER: A waiver by one party of one or several defaults in performance of any provision of this contract to be performed by the other party shall not be construed as a waiver of such provision itself or of any subsequent defaults in the performance thereof. The giving of such notice of default shall not be considered as a rescission or an offer of rescission of this agreement.

TITLE: It is understood and agreed that the title to the premises herein to be sold shall remain in the Seller until the Buyer shall have completely paid the deferred balance of the purchase price together with interest thereon and shall have performed the other covenants and agreements as herein contained.

ADVANCES: The Seller may, without prior notice, but is not obligated to, pay any taxes or water charges which the Buyer is herein obligated to, but fails to pay when due. The amount so paid by the Seller shall be immediately due, and shall bear interest at 9% per annum until paid, and shall be deemed a part of the remaining principal balance of this contract. By paying such items, the Seller does not waive the Buyer's default for failure to pay the same, and may thereupon cause a notice of default to be given to the buyer as herein provided.

ASSIGNMENT BY BUYER: Buyer shall not assign this contract or any interest hereunder prior to full performance of this contract, unless Seller first consents to such assignment in writing, which consent shall not be unreasonably withheld. Any attempted assignment in violation of this provision shall be void and of no effect with respect to Seller.

TIME OF THE ESSENCE: Time and prompt performance of each provision of this contract is of the essence.

RECORDING OF CONTRACT: This contract shall not be recorded or filed in any public record.

NOTICE OF CONTRACT OF SALE: Concurrently with the execution of this agreement, the parties shall execute and acknowledge a "Notice of Contract of Sale" which shall be recorded by Buyer in the official records maintained in Boise County for such recording.

INTEGRATION OF AGREEMENT: Seller and Buyer acknowledge that the terms of this contract may vary from the terms contained in an earnest money agreement and may vary from any negotiations between the parties prior to the execution of this contract. Seller and Buyer agree that the terms, covenants, and conditions of this contract supersede all such prior negotiations and agreements, that there are not other agreements not contained in this contract, and that this contract shall be and is the final expression of the agreement of the

parties and shall control. No modification of the contract shall be valid unless in writing and executed by the parties to this contract.

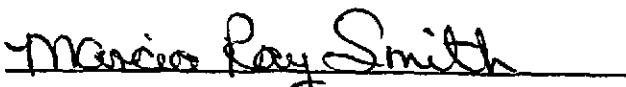

ATTORNEY'S FEES: The parties agree that in the event that either party files an action to enforce the terms of this agreement, the prevailing party shall be awarded attorney's fees in a reasonable sum to be fixed by the Court.

BINDING EFFECT: This agreement shall apply to and bind the parties hereto, their heirs, administrators, executors, personal representatives, successors and assigns.

DIRK KEMPTHORNE
Governor

KARL J. DREHER
Director

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.
Adjudication Bureau Chief

Re: A65-10941A

Dear Mr. Dovel:

I'm currently reviewing the above referenced claim you filed in the Snake River Basin Adjudication (SRBA) and I have a concern about the ownership of the claim as it relates to the ownership of the land described in the claim.

The Boise County Assessor's Office indicates the ownership of the land appurtenant to A65-10941A in the NWNE, Sec. 29, T09N, R03E is in the name of the Lange family. It's my understanding they owned the land at the time you developed water right license 65-10941. It was explained to me that there was more water available than you could use on your own land so you applied the additional water to five acres owned by the Langes.

Since water right 65-10941A is appurtenant to the land owned by the Lange family, the above referenced SRBA claim, A65-10941A should be in their name. If you agree, please sign the enclosed Notice of Change of Water Right form and return it to me.

It is my intention to recommend A65-10941A to the SRBA court as it is filed. I have no evidence at this time to indicate it is not a good valid water right.

Please call me at the number below if you want to discuss this matter in more detail.

Cordially,

RE: SPLIT OF A65-10941

We received a change in ownership from Emery & Marcia Smith on lands they purchased from Kevin J. & Kirsten Harrington in 1992, who had purchased the land from George Dovel in 1989. In reviewing this change of ownership I found that Mr. Dovel had claimed lands (5 acres) within the NWNE, Sec. 29, Twp. 09N, Rge. 03E. I also noted that he had a statement on Claim A65-10941 which said he did not own this land. The 5 acres in question had been decreed to Mr. Dovel in the Payette River Adjudication. Rather than cause more confusion in regard to this claim, when the change in ownership came in, I split the claim between the Smiths and Mr. Dovel.

The ownership of this 5 acres should be checked out prior to the SRBA recommendations going to court.

Dear Mr. and Mrs. Smith:

Enclosed are copies of the above referenced claims which reflect the change in ownership of the lands and appurtenant water rights covered under the original filings.

Please note that we split Claim No. A65-10941 because you did not purchase the lands in the NWNE, Sec. 29, Twp. 09N, Rge. 03E. These lands were not owned by Mr. Dovel, as stated on Claim A65-10941, but he did irrigate 5 acres within this 40-acre tract. These lands have been left in Mr. Dovel's name, under Claim No. A65-10941A, even though he does not own them.

The Department will contact you in the future concerning any other requirements that may be needed in order to process these claims for final court decree.

If you have any questions concerning the enclosed claims, please feel free to contact me.

Sincerely,

KAY WALKER

NOTES: In a telephone conversation with Miss Amy Dovel, George Dovel's ex-wife, she recalled that when he developed 65-10941 he had more water than he could use on his own land so he diverted the excess water to 5 acres owned by the Lange family and the license was issued in that way. The other 1.3 acres licensed in 65-10941 were sold to another party by the Dovels but the 5 acres in this part of the right are still owned by the Lange family.

Re: A65-10941A

Dear George:

I'm writing as a follow up to my letter dated July 23, 1999 and our telephone conversation on August 9, 1999 concerning the ownership of the above referenced claim.

If you still agree the claim ownership should be changed to the Lange Family please sign the ownership change form I sent with my July 23rd letter and return it to me at the address above.

I need to finish my review of the claim in the near future so I would appreciate your immediate attention to this matter.

Cordially,

A handwritten signature in cursive script that reads 'Mel Schulte'.
