RE: 65-11074

Dear Mr. Braden,

Julda Braden has written the Department to explain the division of the water rights on the land formerly owned by her. The view of the Department on this division is explained below.

Richard Felton apparently owns the parcel of land that has the well that delivered water to the property now divided between you and Mr. Felton. Unless exempted by contract and deed, the domestic and stockwater right described by water right 65-11074 went with the parcel Felton owns. If you use water from the well you apparently have since drilled for domestic and/or stockwater, the priority date for the resulting water right is from the date of first use for those uses. Recording this new water right is not necessary, but if you wish to do so please contact this office.

Again with the exemptions stated above, water right 65-11074 for irrigation is divided between Felton and you. To reflect properly the status of the water rights you each hold for the irrigation, you should file the enclosed Application for Transfer of Water Right to show you have added a new well to irrigate the property you own. The filing fee for this application is \$30. A copy of last year's tax notice or a copy of other proof of ownership must also be included with the application. If item A2 on the application is different than the answer written there, cross-out the incorrect answer, supply the correct response, and initial the correction.

If the circumstances are different than assumed here, or you have any questions, please contact me before the matter goes any further.

Respectfully,

Donald V. Shaff

Dear Sirs:

The land information on page 145 and
page 468 in Volume III, Groundwater Rights
Nemo County, Payette River Drainage Basin, Mar. 2,
listed with Braden, Harry, right # 65-4318
and right # 65-11074, is changed.

The 16 acres has been sold, and now
one family owns 6 A. on which the well
(used both for the domestic and irrigation)
was and is located.

The other owner has a well on the 10
acres drilled perhaps two years ago.

At the time it was all together, my
husband, Harry Braden, had irrigated on
all the 16 acres from the well located on
the 6 acres.

Since my husband's death, I sell and
feel that all best names should be
up-dated.

Do I suggest each write to you?

Do they each need to send the legal
description? Or, does this go to you through
the Payette County Courthouse?

Very truly,
Hildes E. Braden
