DESCRIPTIVE SUMMARY

This is a stipulation by and between, the parties herein, George Dovel, DR & J Investments Ltd., and the Idaho Department of Water Resources (IDWR), to the resolution of the objection filed by George Dovel and response filed by DR & J Investments Ltd. as follows:

STIPULATION

In order to resolve the dispute over the above-captioned water right, the Idaho Department of Water Resources (IDWR), DR & J Investments Ltd., (claimant) by its attorney of record, Jack C. Riddlemoser, and George Dovel (the objector), hereby stipulate and agree that:

to George ²² Road ¹² Ch ¹³ J. N.

1. D R & J Investments Ltd. will apply for a transfer of water in the amount of .04 cfs (2 inches of water) and reduce the total acres of the place of use by 1.5 acres for water right number: 65-3103.
2. George Dovel will withdraw and dismiss, with prejudice, his objection and future objections, to subcase no. 65-3103. Further, DR & J Investments Ltd.'s response shall be dismissed.
3. George Dovel will apply for a transfer to DR & J Investments Ltd. of .04 cfs and reduce the place of use for his water right number: 65-22327 by 1.5 acres.
4. George Dovel will install a device to limit the flow of Porter Creek to .04 cfs at the point of diversion for water right number: 65-22327, which point of diversion is described as: Township 07 North, Range 03 East, Section 07, SWNW quarter-quarter.
5. The parties agree that the above-referenced changes will be allowed so long as the change does not increase the total number of irrigated acres.
6. This stipulation and agreement herein is contingent upon the approval by IDWR of the transfer application. By signing this agreement, IDWR does not represent that the transfer will be approved.
7. This settlement and this stipulation have been reached through good faith negotiations for the purpose of resolving legal disputes, including pending litigation, and all parties agree that no offers and/or compromises made in the course thereof shall be construed as admissions against interest or be used in any legal proceeding, and that this agreement is not and shall not be used as precedent for any other claim to a water right.
8. This settlement and this stipulation were entered into and executed voluntarily by all parties in good faith, and without any fraud, misunderstanding, overreaching, misrepresentation, duress, or undue influence whatsoever.

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. To have a timely filing you must file this claim with IDWR by May 25, 2001. IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.

Dear Claimant:

This letter is to inform you that the name has been changed on the above referenced claims, for the land and appurtenant water right(s) covered under the original filing.

The Department will contact you in the future concerning any requirements that may be needed in order to process these claims for final court decree. The final recommendation for these claims will be mailed in September, at which time you will receive copies.

Please note, the name has also been changed on water right numbers 65-01150, 65-01152 and 65-03800, which have been decreed by the SRBA Court.

Thank you for your patience and cooperation, as we have had several ownership changes to process. If you have any questions concerning this letter, please contact Sue Bock at this office.

Sincerely,

Re: A65-02532A & A65-11393A

Gentlemen:

We recently received a change of ownership request from Horseshoe Bend Hydroelectric Co. pertaining to the parcel of land you sold to them. That request resulted in a split of the claims you filed for the water rights appurtenant to the land. Enclosed is a copy of the above referenced claims which represent your portions after the splits.

There is nothing else you need to do at this time concerning your claims. If we need additional information when we conduct our formal review of the claims we will contact you at that time. In the mean time if you have any questions call me at the number below.

Sincerely,

RE: New Owner Application/Notice of Change of Water Right Ownership

Dear Mel:

Enclosed herewith you will find a re-submission by Horseshoe Bend Hydroelectric Company relating to the splitting of water rights previously held by the Rumsey Company (also known as Double Diamond, Inc.) under water right numbers 65-02532 and A65-11393.

Pursuant to your letter of March 12, 1996 and my meeting with you at the Department of Water Resources, I have modified the application form and communicated the proposed modification on April 8, 1996 to Don and Dale Rumsey through their legal counsel, Jim Jones. As of this date, I have not received any objection or response from Mr. Jones or his clients and, as such, Horseshoe Bend Hydroelectric Company is proceeding to submit this Notice of Change of Water Right Ownership without the joint signature of the Rumseys. In accordance with the provisions allowing a new owner to submit its notice of change of ownership without concurrence by the seller, enclosed herewith you will find our application and documentation which reflects proof of Horseshoe Bend Hydroelectric Company's ownership.

Thank you very much for your attention to this matter.

Best Regards,

Dear Mr Clark:

Enclosed is the Notice of Change of Water Right Ownership and attachments you recently submitted relating to the property purchased from Rumsey Co. (Double Diamond, Inc).

The ownership change form specifies one water right only, 65-02532. In addition to this right from the Payette River there is also a decreed right from Shafer Creek, 65-11393, that partially overlaps the same place of use described in 65-02532. A prorated share of adjudication claim A65-11393 needs to be included with the prorated share of A65-02532 when we change the ownership and split the claims.

The second reason I am returning the ownership change documents is to bring to your attention that right 65-02532 has a diversion rate of .0217 per acre. The form indicates the new owner, Horseshoe Bend Hydro, is claiming only .02 cfs per acre. If there is legal documentation to support the .02 cfs per acre please provide us with a copy. If there is not, we are obligated to split the water based on the rights original allocation of .0217 cfs per acre.

Enclosed for your review is a copy of an orthophoto quad map and a copy of a proof report for adjudication claim A65-11393. If you have any questions after reviewing this matter please call me at the number below. Please return the amended or new Notice of Change of Water Right Ownership form to my attention for processing.

Sincerely,

Mel Schulte

RE: Submission of Notice of Change of Water Right Ownership

Dear Sir or Madam:

Enclosed herewith you will find an executed "New Property Owner Notice Of Change Of Water Right Ownership" form relating to the transfer of a portion of water right #65-02532. As you will note in examining this document, the subject property acquired by Horseshoe Bend Hydroelectric Company totals 23.2 acres and said property was acquired in two separate transactions, 22.6 acres acquired March 31, 1994 and .62 acres acquired December 22, 1995. Unfortunately, these transactions became rather complicated in the sense that corrective affidavits and a Boundary Line Agreement were recorded to correct problems encountered with the original March 31, 1994 transaction.

If you have any questions or concerns regarding the enclosed documents, please contact me at the telephone number or address set forth above. Thank you very much for your attention to this matter.
