RE: Snake River Basin Adjudication
Boise County

Dear Mr. Coulter:

We are returning one of the Notices of Claim which you filed for property in Boise County in order to clarify some questions. We are also sending your Receipt #C006876 in the amount of \$54.00.

From our review of your claims, it appears that you submitted two Notices of Claim for the same water use. The only difference we can see is that on the handwritten claim (see yellow file copy) you neglected to list the number of acres in Item #10. All other information including priority date, amounts of water and uses appear alike.

We are returning the enclosed typed copy for your possible withdrawal or further action as needed. If you do wish to file this Notice of Claim, you will need to have the Notary Public sign her name on the third page.

Since the fees which you paid appear to be for the irrigation for 4 acres and all the information is consistent with Permit #65-12438, we have processed the acceptable handwritten claim. We are sending a yellow copy and a data-entered copy for your records.

The data-entered copy which is not stamped "copy" is the claim which you will need to take action on. If it is indeed the same water use, you may keep it (or throw it away) and we will consider it withdrawn. If you do wish to claim it, please explain in "Remarks" how it relates to the other water right. Also, you will need to get the Notary's signature.

DIRK KEMPTHORNE
Governor

KARL J. DREHER
Director

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.
Adjudication Bureau Chief

RE: Snake River Basin Adjudication (SRBA)
Boise County - #A65-12438

Dear Mr. Coulter:

We are forwarding to you a data-entered copy of the Notice of Claim you filed for your property in Boise County. Please review the enclosed claim to assure that the information correctly states your water right.

On May 17, 1989, we received from you both a handwritten claim and a computer-generated claim, each of them signed and notarized. We data-entered the information as it was given on the handwritten claim, except for one item. The place of use which you identified did not agree with the one listed on the license and in the water right file. The legal description which you described is the SW1/4 of the SE1/4 of Section 26, Township 9N, Range 4E. The description on the license is the same as that shown on the claim we are sending. Please return the signed and notarized claim form, making any necessary changes and initialing them if the place of use described on the claim is incorrect.

Please return the documents to this office to my attention. If you will make these corrections before January 14, 1991, you will not be assessed a late filing fee. Do not hesitate to contact this office if you have any questions or concerns.

Sincerely,

John D. Carlson

RE: Snake River Basin Adjudication
Boise County

Dear Mr. Coulter:

We are returning one of the Notices of Claim which you filed for property in Boise County in order to clarify some questions. We are also sending your Receipt #C006876 in the amount of \$54.00.

From our review of your claims, it appears that you submitted two Notices of Claim for the same water use. The only difference we can see is that on the handwritten claim (see yellow file copy) you neglected to list the number of acres in Item #10. All other information including priority date, amounts of water and uses appear alike.

We are returning the enclosed typed copy for your possible withdrawal or further action as needed. If you do wish to file this Notice of Claim, you will need to have the Notary Public sign her name on the third page.

Since the fees which you paid appear to be for the irrigation for 4 acres and all the information is consistent with Permit #65-12438, we have processed the acceptable handwritten claim. We are sending a yellow copy and a data-entered copy for your records.

The data-entered copy which is not stamped "copy" is the claim which you will need to take action on. If it is indeed the same water use, you may keep it (or throw it away) and we will consider it withdrawn. If you do wish to claim it, please explain in "Remarks" how it relates to the other water right. Also, you will need to get the Notary's signature.
