Figure 1 displays the time evolution of the probability distribution $P(x)$ for a random walk on a 1D lattice. The panels show the distribution at successive time steps $t=0$ through $t=12$. The x-axis represents the position x , and the y-axis represents the probability $P(x)$. The distribution starts as a single peak at $x=0$ and spreads out over time, with the peak height decreasing and the width increasing.

Re your ltr of 8-18-92 Re: Rivers Pt. Prop. Owners Assn:

Herewith returned your info sheet as requested.

Address you had was essentially correct (see change).

Thank you for your assistance to Mr. McEwan and to us.

Since the "proof copies of all claims held in the name of RPPOA" are essentially correct and current, no changes or amendments are needed at this time.

Thank you again for your timely response to our needs at this particularly "water-short emergency" time.

Dear Ms. Goodman:

I am writing in regard to the Notice of Claim to a Water Right which you filed in the Snake River Basin Adjudication (SRBA). This is for the irrigation of 1 acre in block 3, lot 1 in Riverspoint Subdivision.

Our records indicate that a license already exists for this usage. The license is under the name of Riverspoint Property Owners Association. This license shows a place of use for irrigation in T9N, R4E, Section 21, government lots 3 and 4 for a total of 3 acres irrigated. A corresponding claim was filed in the SRBA for this right by Elaine Baker. I have enclosed a copy of this for your information.

Based on the above information you are due a refund of \$50.00. I will initiate this refund and you should be receiving a check in approximately 2 to 3 months.

Feel free to contact me if you have any questions concerning this letter.

Sincerely,

Linda A. Werner

Dear Claimant(s):

This office has received your Notice of Claim(s) to a Water Right for the use of water within the Snake River Basin Water System. However, due to the item(s) checked below, we cannot process this claim(s). We are returning the claim(s) to you so that you can complete the following items. Receipt No. W2949 in the amount of \$50.00 for the filing fee previously submitted is also enclosed.

☒ Fee - No fee received or inadequate fee received, fee due is \$51.00
See enclosed fee schedule for computation of fees.

☐ Late Notice of Claim - Claim has been received after filing deadline for _____ County. This date was _____. See enclosed Late Fee Notice.

☒ Item No. 2 - Date of Priority - date water was first put to a beneficial use.

☐ Item No. 2 & 3 - Priority Date and Source - An adjudication claim filed on a water use from a GROUNDWATER source with a priority date (date of first use) after March 25, 1963, for uses other than a single family domestic and/or stockwater use (up to 1,000 head), may be rejected at the time of review. The mandatory cutoff date for filing on grandfather uses, other than the single family domestic or stockwater exception listed above was March 25, 1963. After this date applications for permit were required to be filed prior to any development. If your use is for multiple domestic homes, a way to maintain the priority date for each home is to file a separate adjudication claim for each. Each claim would then meet the single family domestic exemption. However, a \$25.00 fee is still required for each claim filed. Claim forms with instructions are enclosed for your use. NOTE: Prior to completing a claim form for each single family domestic or stockwater use, please read the enclosed brochure entitled, "The Snake River Basin Water Right Adjudication, Domestic and Stockwater Use". One other alternative is to file an Application for Permit which could include all uses on one form. However, the date of priority for your uses will be the date the application is received in our office. Enclosed is an application for permit with instructions. Please note that there is no deadline for filing the application form. Your adjudication claim can still be filed as it was previously submitted, however, you may run the risk of losing your water right later if the claim is rejected due to the mandatory filing date for groundwater sources.

MICROFILMED

SEP 24 1992

Item No. 2 & 3 - Priority Date and Source -An adjudication claim filed on a water use from a SURFACE WATER source with a priority date(date of first use) after May 20, 1971, may be rejected at the time of review. The mandatory cutoff date for filing water rights on grandfather uses from a surface water source was May 20, 1971. The form to file for this use would be an application for permit. The date of priority for your uses will be the date the application is received in our office. Enclosed is an application for permit with instructions for your use in this matter. Please note that there is no deadline for filing the application form. Your adjudication claim can still be filed as it was previously submitted, however, you may run the risk of losing your water right later if the claim is rejected due to the mandatory filing date for surface water sources.

Item No. 3 - Priority Date -If your water use has been developed after the date of commencement of the Snake River Basin Adjudication, November 19, 1987, no filing is required. However, it is your option to file if you would like. If you do not file, your priority date will still be the date your well was first used. We have processed your claim and fee at this point, and can refund the fee upon your request, if you decide not to file. Please note that a claim filed with a priority date after the date of the commencement will not be a better right than those who do not file.

Item No. 4 - Point of Diversion -The point of diversion listed on this claim is not in the correct form for legal descriptions. Diversion points must be listed by quarter-quarter(40 acre tract), section, township, and range. This legal can be found either on your deed, sales contract or tax notice. If not, then the county assessor may be helpful. Lot and Block for a subdivision are not acceptable, however, please include this information in the remarks section of your claim.

Item No. 10 - Place of Use - The place of use listed on this claim is not in the correct form for legal descriptions. Places of use points must be listed by quarter-quarter(40 acre tract), section, township, and range. This legal can be found either on your deed, sales contract or tax notice. If not, then the county assessor may be helpful. Lot and Block for a subdivision are not acceptable, however, please include this information in the remarks section of your claim.

Item No. 12 - Ownership of Place of Use.

Item No. 15 - Basis of Claim - Please designate if your water right is based on beneficial use of the water - Beneficial Use, or if it is based upon a previously filed water right - Posted Notice, License, Permit or Decree.

Item No. 16 - Signature - this claim form does require your signature be affixed and notarized by a notary public. Note, the notary public signs below the signature blocks listed on this item.

MICROFILMED

SEP 24 1992

Adjudication Claim Form No. 42-1409(2)a., needs to be filed instead of Claim Form No. 42-1409(2)b., due to the following reasons:

Enclosed is the correct claim form with instructions for completion. The fee schedule is also in the instruction sheets to help you figure the fee needed for filing this type of claim form.

An adjudication claim cannot be filed when no water use or development has taken place. An application for permit is the form to file at the time you decide to begin development. Claims are required only on development and uses completed prior to the commencement of the adjudication, November 19, 1987. Enclosed is an application for permit form with instructions to be completed at the time development will begin.

An adjudication claim cannot be filed on an application for permit which has not been approved. Therefore, we are returning your Notice of Claim to you. An application for permit must be approved in order to establish a water right to file on.

✓ Other: If your priority date is after Oct. 19, 1977, or you did not file in the Payette River adjudication of 1970 please let me know; you may have to file a permit application instead. The amount indicated in item 6 should be under cfs (03) rather than acre-feet. Enclosed is a map to help in determining your quarter, quarters and section.

Please complete the above item(s) on your claim form(s), initial and date any changes or additions, and return the claim(s) to our office within 30 days from the date of this letter. If you are returning a claim form, which was received in our office by the deadline for your county, then as long as the corrected claim(s) is returned within the 30 day time period, no late fee will be charged. The claim should be returned to the Western Region Office, 2735 Airport Way, Boise, ID 83705, to the attention of Linda Werner.

KARL J. DREHER
Director

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season"

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR

To be eligible for a new non-irrigation season stockwater claim

- 1 You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
- 2 You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.
Adjudication Bureau Chief
