State why an extension of time is requested explaining how a diligent effort has been made to meet the deadline:

I sincerely request this extension because of a mis-understanding I obviously had after discussing the procedures for this adjudication on 9-13-1988 with Mr. Mike Stubbfield of W.R. He apparently felt I only had a domestic well and thus I did not have to file unless I so desired. I assumed after reading the documents and with the discussions I had with W.R. I did not need anything

besides the water licenses and permits which I have had.

Then in late May 1989 I recieved another notice to file with a dead line date of August 1989. I assumed this was a follow-up so I made an appointment with W. R., Mr. Ken Howardton of the Western Region Office, on 6/29/1989 to see what was the reason for this second notice. I then learned this notice was for Ada County not Boise (I have no need for Ada County as I own City water, have no irrigation or wells.) Mr. Howardton advised me that I was required to file on the Boise county property and assisted me in the documents preparation at that time.

I feel my honest mis-understanding of the "Special Procedures for Small Domestic and Stockwater Claims" in the instructions and my mis-understood discussion with Mr. Stubbfield in September 1988 are justifiable reasons to recieve an extension as I did not intentionally disregard your dead line dates and should be excused for the late filing penalties. Thanking You in advance for your understanding.

Governor

KARL J. DREHER
Director

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. To have a timely filing you must file this claim with IDWR by May 25, 2001. IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.
Adjudication Bureau Chief
