- 1 Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source): SOURCE

2. Describe the changes you wish to make in the proposed recommendation:

The unnamed stream that supplies us water is a tributary to Boulder Creek (NOT) LAKE FORK CREEK

- 3 Give a brief explanation as to why you disagree with these portions:

1. Our stream is tributary to Cold Creek which is tributary to Boulder Creek, 2. Check on topo map and can see that a hill separates Boulder and Lake Creek. We are on the Boulder Creek side - drainage from our property goes into Boulder Creek

 I AGREE with this proposed recommendation; no changes need to be made.

Dear Basin 65 water user

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

- 1 You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right
- 2 You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
- 3 You must not have filed a stockwater claim with the surface water irrigation claim

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.
Adjudication Bureau Chief
