COMMENTS:

per county tax data and claim documenting "adjacent to the Reed's fields."

POD - I don't think legal SWSWSW is correct (I don't see that documented on original claim - looks like a data entry error.) Doesn't make sense.

DIRK KEMPTHORNE
Governor

KARL J. DREHER
Director

September 10, 2001

RE: Water Rights in Reporting Area 15, Basin 65
Snake River Basin Adjudication (SRBA)

Dear Water Right Claimant(s):

Please find enclosed the Idaho Department of Water Resources recommendations for your water right(s) in Basin 65 for the Payette River drainage basin. We have also enclosed instructions for reviewing (1) your recommended water right(s), and (2) other recommended right(s) in your area. Water rights for nearly all domestic and/or stockwater rights were recommended separately in an earlier report, and most of those now have been decreed by the SRBA Court.

Note that you have 120 days in which to review your water rights or those of other claimants and to file any objection to our recommendations. Information on the other water rights can be found at the county courthouses in Emmett, Payette, Weiser, Idaho City, and Cascade, and at all the Idaho Department of Water Resources offices (see addresses in enclosures).

If the SRBA Court does not receive an objection to our recommendation from you and no other party objects to your water right, your water right will be decreed the first part of next year as recommended. You will receive your decree from the SRBA Court.

Completion of the SRBA is important for the future of water management in Idaho. We invite you to contact our regional offices with any questions you have about your water right(s) or this adjudication process.

Sincerely,

Karl J. Dreher
Director

Total number of acres irrigated:

2

CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right limited to the amount that can actually be beneficially use used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. This right when combined with all other rights shall provide no more than 4.5 afa per acre for the lands above.

System Description (continued)

3. **Narrative:** Description (As operating at time of measurement. Indicate pressure, number of sprinklers, etc.)

This system runs off a well 1160 ft deep and has a $\frac{1}{2}$ hp motor. The casing is 6" and there is a 2" discharge line that runs to 4 ^{SP.90's} outlet ~~sp.90's~~. Mrs. Kitz then navigates overhead trees from these 4 ^{SP.90's} splits with hoses. There is also a house served by this system. The static level for the area is around 20-25 ft. The drawn down level is a $\pm$ 68'.

RE: Snake River Basin Adjudication (SRBA)
Payette County - Claim #A65-06450A and Permit #65-13237

Dear Mr. and Mrs. Ketz:

In your correspondence dated 10-19-90 and 11-3-90 respectively, you brought to our attention several different items concerning your water right identified as Permit #65-13237. In reviewing our files concerning Permit #65-13237, several items you questioned in your correspondence were revealed to be in error. We are currently in the process of correcting these errors. During the phone conversation on November 16, 1990 with Anna Baumhoff, each of the problems was discussed and the resolution described. However, to assure that everything is now correct, the following describes each of the problems and the resolution.

You paid 52.00 on Receipt #C015676 on March 16, 1990, of which \$30.00 was applied to the application for permit filed for two acres of irrigation (IDWR# 65-13237). The remaining \$22.00 was to be refunded. This refund is now being processed and you should receive the funds in the near future.

On August 2, 1990, you submitted the Proof of Beneficial Use form for Permit #65-13237 for two acres of irrigation and 0.03 cfs diversion rate, along with a \$50.00 exam fee (Receipt #W012604). The diversion rate of 0.03 cfs does not require an exam fee and therefore Rita Fleck will be processing a refund of the \$50.00 paid on receipt #W012604.

You were also concerned with the reference to a requirement for a lockable measuring device in the letter acknowledging receipt of your proof of beneficial use form. This statement was added in error to the correspondence dated November 1, 1990, and does not apply to your permit requirements.

The Identification Number of your Notice of Claim to a Water Right for the decreed domestic Water Right has been changed from A65-06450 to A65-06450A. The suffix "A" has been added to the number in order to distinguish your claim from other claims that may claim a portion of the original water right. This change does not affect your claim in any other way.

MICROFILMED

SEP 24 1992

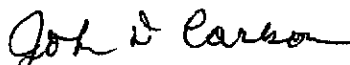

Vernon and Pearl Ketz
November 30, 1990
Page 2 - Payette County

Concerning the letter dated October 17, 1990 from Mr. David B. Shaw giving you the opportunity to now file a Notice of Claim to a Water Right for your Permit #65-13237. This option is given to the owner of all Permits at the time Proof of Beneficial Use is submitted. You may, but are not required to file a Notice of Claim at that time. The Claim you would file would be based upon the Permit for which you had just submitted proof of beneficial use. As we discussed, you indicated you wished to continue with the filing of your Notice of claim to a Water Right based upon permit #65-13237. Therefore, I have enclosed a computer-generated Notice of Claim based upon Permit #65-13237 reflecting the change in the diversion rate, per your claimed rate on your Proof of Beneficial Use form.

Please sign the enclosed claim form at Item #16, having your signature notarized, and return the document to the attention of Anna Baumhoff and we will proceed with the processing of your Claim. If we have not received the signed and Notarized claim form by December 31, 1990, we will assume you do not wish to proceed and will begin processing a refund of the fees paid under receipt #C018670.

I have also enclosed the original Notice of Claim Form you submitted; you do not need to return that form. As well, I have included copies of both A65-06450A and A65-13237 for your files. Please keep these copies for future reference. I appreciate your patience in the above matters and hope that all problems have been resolved. If you have any questions or concerns do not hesitate to contact this office.

Sincerely,

John D. Carlson
Adjudication Supervisor

Re:

Permit # 65-13237 - answer to letter
dated 11-1-1990.

Dear Rita Fleck,

So far I have pd \$102.⁰⁰

in fees for 1 house hold

& 1-2-acre yard. I have not received a
receipt of my check to David Shaw's letter of 10-17-1990.

I was told I do not

need a lockable device

because we only have

enough water pressure

and lines to run

one $\frac{5}{8}$ garden hose

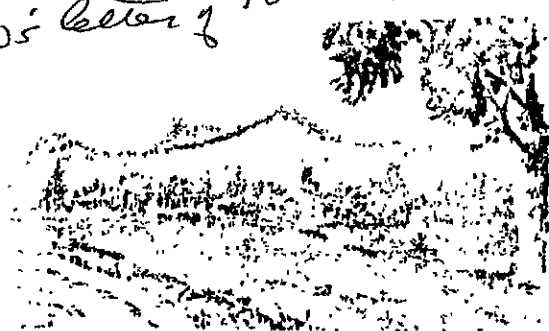

at a time. and this

to water our 2 acres.

There is no way to disconnect
the house & run a large
volume of water.

I therefore respectfully
request the requirement be
reconsidered as the lockable device

- ① cannot be physically installed
- ② is not appropriate
- ③ and you can measure easily

My Hill

There is a hill outside of town,
Not very far from here,
On which the pines grow thick and tall,
And beautiful all year!
It lies far above the other hills,
Secluded and alone,
I go there sometimes when I'm sad,
That hill is all my own.

I stand upon the very top,
Quite hidden by the trees;
I look out at the countryside,
And listen to the breeze.

There's something very restful,
In the stillness that I find,
And little cares and worries,
Sort of vanish from my mind.

The little hurts, the little pains,
My spirit could not drop,
All seem to disappear from me,
When I have reached the top.

In the quiet of the forest
And the sweet pine-scented air,
Far from the noisy city
I find it peaceful there.

the amount of water
that can flow through
a $\frac{5}{8}$ inch hose.

We have one hose running
to drip systems in back.
This is turned off when we
run one line to the front
yard where one or $2\frac{1}{2}$ inch
hoses run. The pressure
is not sufficient to run
both at same time!!

Pearl Katz

PS. Please check and see
if you have accepted way
more money in this case - as
I have now applied for a
water adjudication right as
instructed by a recent letter &
sent another \$52.00 check.

This property was watered by the
well we have & lines since 1930's -
But never filed except domestic - #A65-06450
I wish all your offices could get together, Linda
when we helped us once - the water good.

Please phone me at 503-889-9133 (ask for Pearl) if necessary.
I've spent lots of phone calls - stamps - money for this "simple" case. It's crazy.

Vern & Pearl Ketz
820 8th Avenue North
Payette, ID 83661

Re: Letter received
copy enclosed

10-19-90

Dear Mr. David Shaw,

We Filed a domestic water right for the above referred to property. # A65-06450. & pd. \$25.⁰⁰.

At This Time we told Linda Werner that the 2 acre property had been watered for Trees & grass since June 01, 1935. by Walter Iron Res - owner. We purchased the property in June of 1990.

She informed us that since only domestic use had been Listed on the previous payette adjudication - that we would have to file for a new water right to water the Trees etc. & we could not be included in the adjudication.

So we complied & paid the beneficial use fee of \$50.00 receipt # W012604 and were told you would inspect

us sometime next year - since all planting & Trees were already completed & well dug.

Now you say we could be included in the adjudication. This is what we wanted all along.

So we are inclosing an application & check for \$52.00. It does seem we are going the Long way around to reach the same goal. This property is on the hill in payette -

zoned agricultural and a map is in the file for # A65-06450 - We had all but the front page - form original.

Sincerely

Pearl J. Ketz

My forest Hill

There is a hill outside of town,
Not very far from here,
On which the pines grow thick and tall,
And beautiful all year!
It lies far above the other hills,

I go there sometimes when I'm sad,
That hill is all my own.

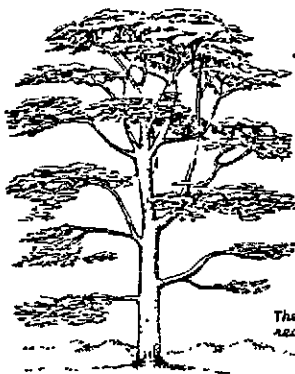

I stand upon the very top,
Quite hidden by the trees;
I look out at the countryside,
And listen to the breeze.

There's something very restful,
In the stillness that I find,
And little cares and worries,
Sort of vanish from my mind.

The little hurts, the little pains,
My spirit could not drop,
All seem to disappear from me,
When I have reached the top.

In the quiet of the forest
And the sweet pine-scented air,
Far from the noisy city
I find it peaceful there.

"During the period 3000 to 5000 years ago, fire was used to clear the forest [in Europe] in order to open up areas for grazing animals, or for primitive cultivation ... And extensive deforestation took place even earlier than this in the Middle East. This proved to be disastrous in low rainfall areas because erosion and desiccation rapidly created desert conditions which have survived to the present day."
(The Forest World, Eric Duffey)

The Earth's forests have reduced 60-65% during recorded history, while desert area has doubled.

PAYETTE ID 83661

Dear Claimant:

I am writing in regards to the approved Application for Permit No. 65-13237, to appropriate water in Payette County, which was sent to you recently.

On November 19, 1987, the Fifth Judicial District Court issued a Commencement Order, which began a general adjudication of water rights from the Snake River Basin water system in Idaho. A general adjudication is a court case which will result in a decree determining all rights to water from the water system. Idaho Code §42-1409 requires all persons owning water rights within the Snake River Basin water system to file a Notice of Claim to a water right with the Idaho Department of Water Resources for each water right, with certain exceptions. Your Permit No. 65-13237 is for the appropriation of water within the Snake River Basin water system, but applications for permits approved after entry of the Commencement Order is one of the exceptions to the requirement to file a Notice of Claim in the adjudication. You therefore may but are not required to file a Notice of Claim for your Permit No. 65-13237 in the adjudication. The validity of the permit will not be affected if you choose not to file a Notice of Claim at this time.

The adjudication statute does authorize the director of IDWR to issue an order at a later date requiring persons with permits who file proof of beneficial use after entry of the Commencement Order to file a Notice of Claim in the adjudication. An order requiring you to file a Notice of Claim has not been issued, and you will be notified by mail if such an order is issued. For further information about the Snake River Basin Adjudication, you may call the Adjudication Hotline toll-free at 1-800-451-4129 (for callers in Idaho) or any of the offices of IDWR.

Sincerely,

David B. Shaw
Adjudications Bureau Chief

Permit 65-13237

RECEIVED

INTER-DEPARTMENT MEMO — 1

FROM *Linda Werner*
TO *Don Shaff*

MAR 30 1990

DATE 3-29-90

SUBJECT *TRANSFER & REFUND* Department of Water Resources

Please transfer \$30.00 of this \$52.00 fee for a permit app. filed on 3-29-90. A refund is due of \$22.00 for the remainder. Mrs. Kitz initially sent the \$52.00 for an adj. claim (Payette) for domestic w/2 ac. irr. I determined that a claim was filed in the P. R. B. A. but for domestic use only. She, therefore, filed a permit app. for the 2 acres irr. which began in 1986.

P. R. B. A. claim filed is AG5-06450
