HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

CLAIMANT: Barbara Dietrich CLAIM NO: AG5-22067
AG5-22068
AG5-01225A
EMPLOYEE: Linda Werner DATE: 5-26-95
SUBJECT: Duplicate claims filing

Claimant originally filed 2 claims for her wage. AG5-22067 & AG5-22068 for her wels. One for home & one for lawn. She came in prior to this as a result of claimant contact. At that time I discovered that AG5-01225 had been filed by another party. After reviewing the info. Mrs. Dietrich thought that AG5-01225 might have been for her parcel since the original claimant, Dell Drake lived on the parcel she now owns. Consequently, Mrs. D. came in today to file claim on AG5-01225A.

She has not withdrawn AG5-22067 & 22068 at this time until final determination is made during review.

Dear Claimant(s):

This office is presently processing the Notice of Claim(s) to a Water Right you submitted during the Snake River Basin Adjudication claims filing in your area. However, due to the item(s) checked below, we cannot continue to process this claim(s). We are returning this claim(s) to you either because we need you to complete an item or items on your claim form, or because the claim cannot be filed at all and it is being rejected or because you may need to file a different claim form or other additional forms. **ONLY THE ITEMS CHECKMARKED IN THIS LETTER NEED COMPLETION. IF AN ITEM IS NOT CHECKMARKED, IT IS NOT PERTINANT TO THIS CLAIM(S).** Also enclosed is the receipt for the filing fee previously submitted with this claim.

☒ Fee - No fee received or inadequate fee received, fee due is \$1/acre if irrigation is claimed.
(Filing fees, based on use(s) of water, were due on all claims filed)

☐ Late Notice of Claim - This claim was received on _____ which is after the deadline for filing claims in _____ County. The deadline for this County was _____, and the late fee now due is _____. The enclosed Late Fee Notice explains the late fee and how it was computed.

☐ Item No. 2 - Date of Priority - month/day/year that water was first put to a beneficial use, regardless of ownership. If the month or day is unknown the Department will recommend 12/31 of the year designated.

☒ Priority Date Additional Note - If the first date of beneficial use for your water right was after March 25, 1963 from a groundwater source, or after May 20, 1971 from a surface water source, the enclosed application for permit may need to be filed instead of this claim. See the enclosed pamphlet entitled "Idaho Water Rights A Primer" under the "How is a water right established?" section for further explanation of these dates. A surface or groundwater claim filed with a priority date after the respective dates mentioned above, for the water use(s) you have claimed, will likely be recommended for disallowal to the court since an application for permit was required to be filed at the time the water was first developed and no previously filed permit was found in our records. You may withdraw this claim by completing the Request for Withdrawal form enclosed and receive a refund of the filing fees if you decide to file the application for permit instead. The refund can also be transferred to pay the filing fee for the application if you designate this on the Withdrawal form. You may also decide to pursue this claim with the court for a priority date after the dates mentioned above. If so, return the claim form, completing the items indicated, with a note stating you still wish to file the claim.

☐ Item No. 3 - Source of Water

Item No. 4 - Point of Diversion -The point of diversion listed on this claim is not in the correct form for legal descriptions. Diversion points must be listed by quarter-quarter(40 acre tract), section, township, and range. This legal can be found either on your deed, sales contract or tax notice. If not, then the county assessor may be helpful. Lot and Block for a subdivision are not acceptable, however, please include this information in the remarks section of your claim.

Item No. 9 - Non-irrigation Uses

Item No. 10 - *Please clarify exact quarter-quarter of land use.* Place of Use - The place of use listed on this claim is not in the correct form for legal descriptions. Places of use points must be listed by quarter-quarter(40 acre tract), section, township, and range. This legal can be found either on your deed, sales contract or tax notice. If not, then the county assessor may be helpful. Lot and Block for a subdivision are not acceptable, however, please include this information in the remarks section of your claim.

Item No. 12 - Ownership of Place of Use.

Item No. 15 - Basis of Claim - Please designate if your water right is based on beneficial use of the water - Beneficial Use, or if it is based upon a previously filed water right - Posted Notice, License, Permit or Decree.

Item No. 16 - Signature - this claim form does require your signature be affixed and notarized by a notary public. Note, the notary public signs below the signature blocks listed on this item.

Adjudication Claim Form No. 42-1409(2)a., needs to be filed instead of Claim Form No. 42-1409(2)b., due to the following reasons: _____

Enclosed is the correct claim form with instructions for completion. The fee schedule is also in the instruction sheets to help you figure the fee needed for filing this type of claim form.

This claim was filed based on an existing permit which has lapsed for failure of the permit holder to submit proof of beneficial use. Unless this permit is reinstated, your claim cannot be accepted. In order to reinstate the permit, proof must be submitted showing that the water had been developed prior to the date proof of beneficial use was originally due for this permit which was _____. This proof can be in the form of dated power bills for a pump, dated ASCS crop reports indicating irrigation and the source of water used, or a notarized statement from a neighbor or previous owner who was aware of the date the water was developed. The enclosed proof of beneficial use form must also be submitted along with the proof mentioned above. Note that there is a filing fee required to file this proof of beneficial use form. If water was not developed prior to the above proof due date, then an application for permit form must be filed. This form and instructions are enclosed for your review and possible completion. Idaho is presently under a moratorium on approval of applications for permit for new uses. The exception to this moratorium are applications for permit filed on uses developed prior to the commencement of the adjudication, November 19, 1987. If your water use was developed prior to this date, and you

MICROFILMED

OCT 22 1996

submit the same type of proof mentioned above documenting the development date, and no protests are submitted, then this application for permit could be approved. If the development took place after the 1987 date, then your application for permit will be held pending the outcome of this winter's snowpack.

_____ An adjudication claim cannot be filed when no water use or development has taken place. An application for permit is the form to file at the time you decide to begin development. Claims are required only on water uses developed prior to the commencement of the adjudication, November 19, 1987. Enclosed is an application for permit form with instructions to be completed at the time development will begin.

_____ An adjudication claim cannot be filed on an application for permit which has not been approved. Therefore, we are returning your Notice of Claim to you. An application for permit must be approved in order to establish a water right to file on.

✓ Other: *If your use falls within the definition of a domestic use (see attached extract from Idaho Code), you may want to modify your claim to domestic use.*

✓ *If you wish to claim irrigation, please locate well and irrigated land on enclosed map*

If you are returning your claim form(s), please complete the item(s) checkmarked in this letter, initial and date any changes or additions made to the claim form(s), and return the form(s), with the requested fee (if one is required), to our office within 30 days from the date of this letter. If the claim(s), or fee requested, is not received within this 30-day period, the claim(s) will be rejected and your fee (if one was paid previously) will be refunded. Please contact our office at the address listed below, within the 30 day time period, either in writing or by phone, to let us know if there is a problem returning the claim(s), or fee, in order to keep this claim(s) valid. If the claim(s) is rejected and fee refunded, due to no response within the 30-days, the claim(s) can be resubmitted up until claims in this area are prepared for court decree. However, at that time the corrected claim(s) along with the regular filing fee that was refunded, and an additional late fee will be required. Please return either your claim(s), any other form or information requested in this letter, and the fee requested, if any, to the Department of Water Resources, Western Region Office, 2735 Airport Way, Boise, ID 83705.

Feel free to contact this office if you have any questions concerning the items checked in this letter.
