Subcase: See Exhibit A

Case No. 39576

PARTIAL DECREE OF DISALLOWED
WATER RIGHT CLAIMS

On April 6, 1998, the Director of the Idaho Department of Water Resources filed a *Director's Report for Domestic and Stockwater, IDWR Basin 65* recommending that the water right claims listed on the attached Exhibit A be **disallowed**. No objections were filed to these recommendations, and the time period for filing objects has expired.

As this Court has previously determined, all claims reported to the Court by the Director of IDWR shall appear in a decree. This is required so that there is no confusion over action taken by the Court on all claims reported to it.

THEREFORE IT IS ORDERED AND ADJUDGED that the water right claims listed on Exhibit A are hereby **disallowed with prejudice** and shall not be confirmed in any partial decree or in any final decree entered in the SRBA, Case No. 39576, in whatever form that final decree may take or be styled.

RULE 54(b) CERTIFICATE

With respect to the issues determined by the above judgment or order, it is hereby CERTIFIED, in accordance with Rule 54(b), I.R.C.P., that the court has determined that there is no just reason for delay of the entry of a final judgment and that the court has and does hereby direct that the above judgment or order shall be a final judgment upon which execution may issue and an appeal may be taken as provided by the Idaho Appellate Rules.
