May 1, 1884 is correct.

FYI....Ken Williams called yesterday. We discussed the need to amend for the better priority and also a split to his son-in-law.....Richard Baker. Don't think I ever got a confirmation what he wants to do. He says Rowley Ck never has water anymore (I explained.... this may change). Also, Mr. Baker wanted some water for his 17 acres but they were told by an attorney (da\_\_ lawyers) that they could not split a right so they never persued it. Now, I don't know what's doing because he don't know. I told Mr. Williams to have Baker call me. So far, no call.....

I was out yesterday and part of Monday and forgot to get to these. The priority date we are going for on these water rights is May 1, 1884, correct? I don't think I will include amended claims on these but just a letter because of the issue of whether or not the source too needs to be amended.

Ya, the Baker/Williams thing I don't have a C/O on. So yes, a letter to Phillips and one to Williams.

29-11242

29-328A claims both Birch Creek and Rowley Creek (this can't happen) he needs a claim for Rowley Ck.....I mailed a letter advising same on 4 December 2002. There is another guy by the name of Richard Baker (story is he's Ken Williams' son-in-law..... no claim, no C/O.

Getting bald.....al
