Dear Mr. Williams:

I am the Deputy Attorney General for the Idaho Department of Water Resources working on the SRBA in Basin 29. After reviewing your water right claim, it appears that the priority date you claimed for your water right might not be correct and that May 1, 1884, might be the appropriate priority date for your claim. In order to recommend this priority date, which is earlier than the priority date you originally claimed, your claim would need to be amended. If you would like to amend your claim to reflect the earlier priority date please contact Allen Ruberry, Senior Water Resource Agent with IDWR's Eastern Region Office at (208) 525-7161.

The Department intends to issue its preliminary Director's Report for your water right in January, 2003. If the Department does not hear from you prior to January 10, 2003, the Department will recommend your water right with a priority date no earlier than the priority date that you have currently claimed.

Very Truly Yours,

Candice M. McHugh
Deputy Attorney General, IDWR
