Re: Stevan and Christi Smith's Change in Ownership for 67-10301

Earlier this year, Craig Saxton sent a letter to the Smiths soliciting a Change of Ownership from them for 67-10301. After discussing this letter with him, it appears that he used a previous letter (regarding 67-10793) as a template for this one, and in one place, forgot to change the water right number to which he was referring from this number in the template. A scanned copy of Craig's letter has been included in the documents for these two water rights.

Being ignorant to Craig's mistake and to the water rights on their new property, the Smiths included both water right numbers on their Change of Ownership form. However, only 67-10301 is appurtenant to the Smiths' land.

Please change the ownership of 67-10301 in its entirety to reflect the Smiths' purchase from the Seidls. 67-10793 should not be changed.

Thanks,
Dz
