

29-00443Q

POND

Field Exam 10/02/01

Looking South. Stream flows into this pipe and then feeds into ponds. This is not the point of diversion since the stream channel flows through the ponds (csaxton 12/04/01).

29-00443Q

POND

Field Exam 10/02/01

Looking West. Outtake line. Stream enters pipe and exits into the pond system at this point (csaxton 12/4/01).

29-00443Q

POD

Field Exam 10/02/01

Looking West. Pond within the natural stream channel according to the Andersons (csaxton 12/4/01).

29-00443Q

POND

Field Exam 10/02/01

Looking North. Western most pond (csaxton 12/4/01)

29-00443Q

POD

Field Exam 10/02/01

Looking North. This is an access road between the two ponds that the stream flows through.
Pump placed in the access road (csaxton 12/4/01)
