3. Explanation:

Affidavits provided by Marjorie E. Nattress and Danice Jolley (submitted as page 44 and 45 of our original SRBA submittal) state that the Bradley Cabin was connected to Big Twelve water system as of July 10, 1962. Although this connection was likely made some time prior to this date, this is the latest possible connection date as evidenced by the documentation submitted. This was also the last connection made to the Big Twelve water system.
