Re: Snake River Basin Adjudication (SRBA)
Notice of Claim to a Water Right #2-10220

Dear Mike,

I investigated your question on the quantity of water for your water right and find the amount recommended in the preliminary report is correct. The confusion was created when Rosti combined two parts of the water license and claimed too much water. The reducing the claim was proportioned between your right and the right of the Rasgorsheks. The split tree below may explain the circumstance best.

Water Right Licenses of 2-2194 issued in 1972:

2-2194A 12.88 cfs

2-2194B 1.12 cfs
14.00 cfs This is the maximum total for any subsequent splits.

Adjudication Claims:

2-2194A 6.00 cfs

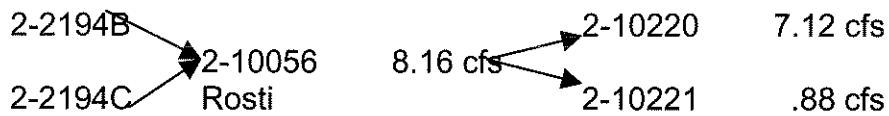

2-2194B	2-10056 Rosti	8.16 cfs	2-10220	7.26 cfs
2-2194C			2-10221	.90 cfs

Total Quatity – 14.16

Adjudication Recommendations:

2-2194A 6.00 cfs

Total Quantity – 14.00 cfs

After working with you Tuesday Mike, I think you can follow the diagram and numbers easier than you can or want to read a long-winded explanation in text. Please be sure to complete and submit the ownership change form you were given. We can't change our records without that form.

If you want copies of documents or to talk about the recommendations, please feel free to contact me at 208/287-4921.

Sincerely,

Donald V. Shaff, MPA
