Re: Preliminary Recommendation

Trent:

I have completed a review of the recommendations that you sent to me and have indicated where I do not agree on the respective rights. I believe most of the differences can be reconciled when we meet. I am having difficulty understanding the priority you gave most of these rights. Many of these rights are a tributary to sinks, consequently they would not be subject to any decrees on Sheridan Creek. Since we marshal these rights to irrigate the land that we control, it is appropriate to use a combined place of use. I went through all the combined rights and totaled the area irrigated by these rights and tallied the total acreage. Also I sent a map which includes all these acreage's.

I am looking forward to working with you on 12/6/2005 at 9:00 a.m. and will bring a complete set of working papers that were used to claim these rights in 1988 and thereafter. If you have any questions in the interim, please contact me.

Thanks, Jim Hagenbarth
