RE: 75-4292 split into 75-13998, 75-13999

---

Since the deed from Mr. & Mrs. Searle did not describe the quarter quarters, this right was split by drawing their property in Arcview, using their plat map as a guide.

Ernie then outlined the irrigated acres, and we used these figures to do the split. Therefore, the split acres do not add up to the parent right. Then each person was given water an inch to the acre.
