Re: Phone conversation with Mr. Johnson

Today I talked with Mr. Johnson on the phone about several issues:

1. Transfer of POD. Harold Jones indicates that this transfer application has completed the advertising period without protest and has been sent to Boise for processing. He expects it to be considered within six months.
2. POU for 29-2162. This water is used uphill (east) of the ranch buildings, as claimed and licensed.
3. Permissible Place of Use for 29-2049 and 29-2371. Mr. Johnson indicates this would not be appropriate, as there is no common distribution system. The GW can be applied to the entire place as licensed and claimed, but the SW only is applied where licensed on the approximately 100 acres.
4. Continued use of enlargement 29-13180. This practice continues, though not every year.
