REF: Snake River Basin Adjudication (SRBA)
Notice of Claims 27-23C

Subject: Water Ownership documentation

RESPONSE DATE: MARCH 25, 2004

Dear Claimants:

The Department of Water Resources is currently investing water right claims in Basin 27. IDWR's information indicates that your water right claim is based on a water right decreed in *Stevens v. Eastern Idaho Water Co.*, Judgment Book 1, pp 106-117 (Bingham County, Idaho August 1, 1891), Fox and Whitten. This water right was decreed for 600 inches (12.0 cfs) with a March 25, 1880, priority date. The Department later renumbered this water right to 27-23.

In order to make a complete and accurate recommendation of your water right, each element of the water right must be proven. The Department needs information that shows you are a successor to the original Fox and Whitten water right. This could be established through deeds or other conveyance documents that show you own a portion of the original water right.

This office must receive your response by the date shown above. If no response is received, then your claim to water will not be recommended to be decreed. If you have any questions, please feel free to contact me at the Soda Springs Satellite office at 547-3993.

Respectfully,

Cindy E. Bird
Adjudication Bureau
