

222252

This is an aerial photograph of a coastal region, likely a wetland or marsh. The image is overlaid with a yellow grid. A large portion of the left and central areas is covered by a solid red overlay, which appears to be a map or a data layer. A dark, winding line, possibly a road or a waterway, runs vertically through the center. In the upper right, there is a small black arrow pointing upwards with the letter 'N' below it, indicating North. The bottom right corner shows a lighter, more textured area, possibly a different type of terrain or water. The overall image has a grainy, historical quality.
