IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS

IN RE THE GENERAL ADJUDICATION OF RIGHTS TO THE USE OF WATER FROM THE SNAKE RIVER BASIN WATER SYSTEM

CIVIL CASE NUMBER: 39576
Ident. Number 22-10298
Date Received
Receipt Number

NOTICE OF CLAIM TO A WATER RIGHT
ACQUIRED UNDER STATE LAW

RECEIVED
JAN 04 2006
DEPARTMENT OF WATER RESOURCES

Please type or print clearly

1. Name of Claimant(s) Howard J. Field Phone 208-834-2793
   Mailing Address Box 342
   City, State, Zip Grand View, ID 83624
2. Date of Priority : April 15, 1959
3. Source of water supply (a) Snake River
   Which is tributary to (b) Columbia River
4. a. Location of point of diversion is: Township 05S Range 04E Section 34,
   NW ¼ of SW ¼, Govt. Lot 10, B.M., County of OWYHEE.
   Point of diversion is on line dividing T05S, R04E, S33, and S 34.
   Additional points of diversion if any:

   b. If instream flow, beginning point of claimed instream flow is:
   Township _____ Range _____ Section _____, _____ ¼ of _____ ¼ of
   _____ ¼, Govt. Lot _____ B.M., County of _____
5. Description of existing diversion works (Dams, Reservoirs, Ditches, Wells, Pumps, Pipelines, Headgates, Etc.), including the dates of any changes or enlargements in use, the dimensions of the diversion works as constructed and as enlarged and the depth of each well.

6. Water is claimed for the following purposes:

(both dates are inclusive) (cfs) (acre feet)

For irrigation purposes from 03/15 to 10/31 amount 2 cfs or _____

For _____ purposes from _____ to _____ amount _____ or _____

For _____ purposes from _____ to _____ amount _____ or _____

For _____ purposes from _____ to _____ amount _____ or _____

7. Total quantity claimed (a) 2 cfs and/or (b) _____ (acre feet)

8. Total consumptive use claimed is _____acre feet per annum.

9. Non-irrigation uses; describe fully. (Domestic: Give number of households served; Stockwater: Type and number of livestock, Etc.)

10. Description of place of use:

a. If water is for irrigation, indicate acreage in each subdivision in the tabulation below.

b. If water is used for other purposes, place a symbol of use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

TWP	RNG	SEC	NE ¼				NW ¼				SW ¼				SE ¼				Totals
			NE ¼	NW ¼	SW ¼	SE ¼	NE ¼	NW ¼	SW ¼	SE ¼	NE ¼	NW ¼	SW ¼	SE ¼	NE ¼	NW ¼	SW ¼	SE ¼	
05S	03E	23										6	39	17					62*
05S	03E	26		16	10		40	38	37	40	38	29	6	18		4	2		278*
05S	03E	23										24.5		11.5					36**
05S	03E	26		15	25									4		15			59**

Total number of acres irrigated 340

*These 340 acres are a PPU for 245 irrigated acres. ** These 95 acres are adjacent to, but outside the 340 acre PPU.

11. In which county (ies) are lands listed above as place of use located? OWYHEE

12. Do you own the property listed above as place of use? Yes
If your answer is No, describe in Remarks below the authority you have to claim this water right.

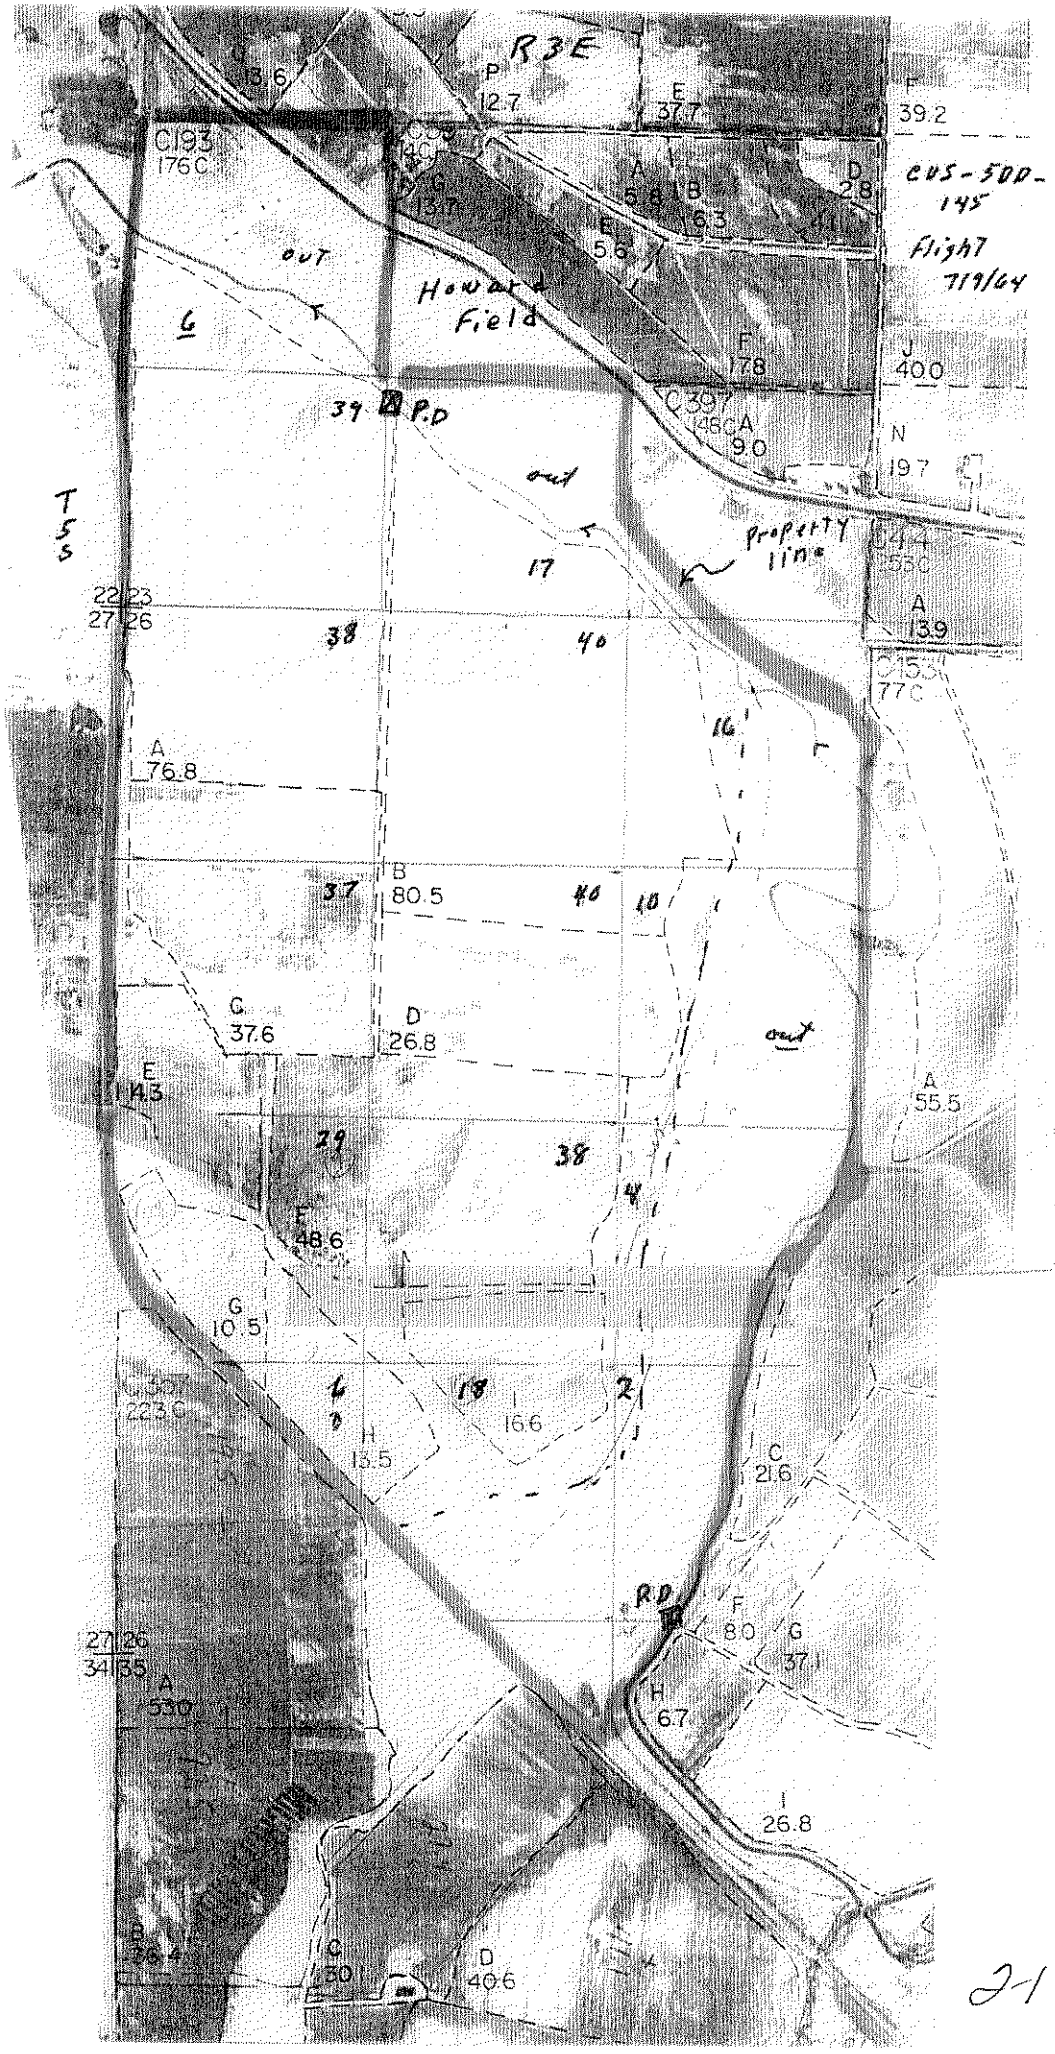

13. Describe any other water rights used at the same place and for the same purposes as described above.
See remarks or None (____)

14. Remarks: This 1959 priority claim for 2 cfs and amended claim 02-00053 (1967 priority) for 3 cfs together provide 350 inches for irrigation of 340 acres. 245 acres are located within a 340 permissible place of use in common with the place of use for license 02-7357 (1981 priority). The other 95 acres are adjacent to, but not part of the 340 acre place of use for license 02-7357.

Map of Project: show clearly the point of diversion, place of use, section number, township, and range number.
Scale: 2 inches equals 1 mile.

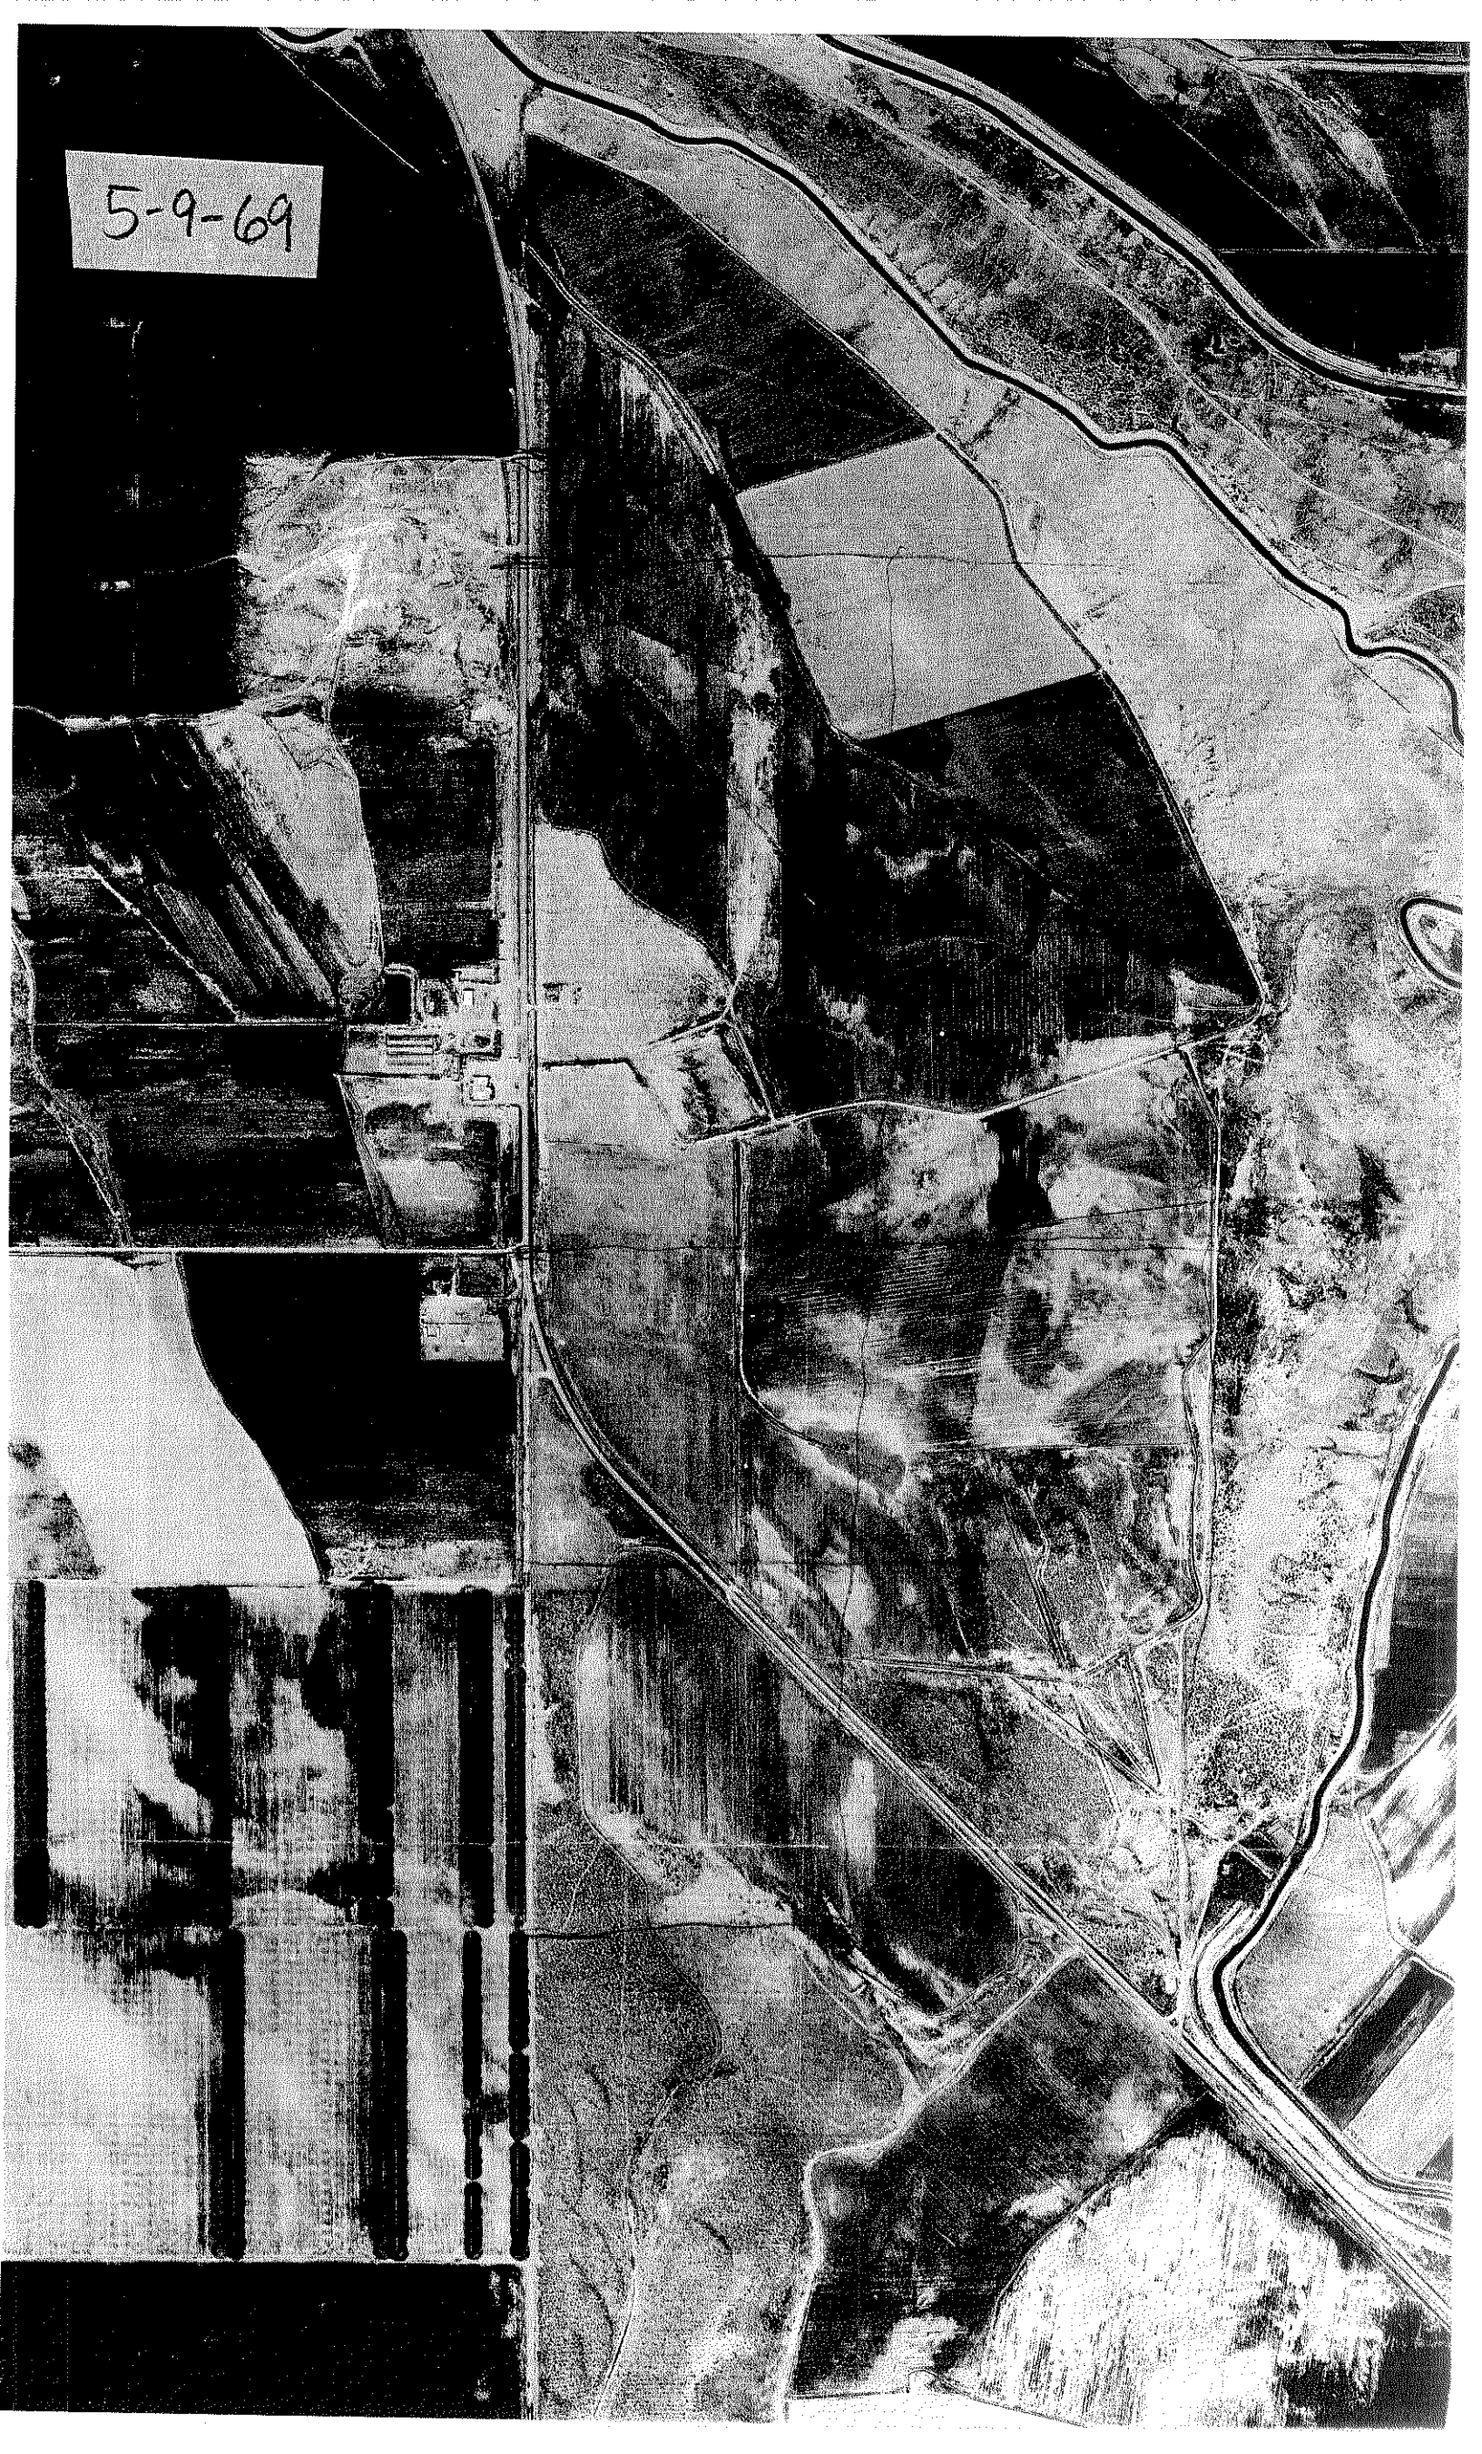

(Insert Grid for Map of Project from Original Claim Form)

Please refer to attached map from page 5 of the electronic IDWR license file 02-7357 for the location of the 340 acre permissible place of use. This same map can then be used to locate the 95 acres that are not within the 340 acre PPU.

SUMMARY STATEMENT
HOWARD FIELD'S APRIL 15, 1959 PRIORITY CLAIM

Howard Field owns property in Section 23 and 26, Township 5 South, Range 3 East, which has Snake River water rights delivered through a carriage contract with the Grand View Mutual Canal Company. The water used by Mr. Field and delivered by the Grand View Mutual Canal Company is Snake River water which Idaho Power Company delivers through the C. J. Strike Dam. The Idaho Power Canal is the canal that delivers water into the Grand View Mutual Canal. When the C. J. Strike Dam was constructed by the Idaho Power Company, certain diversions from the Snake River and tributaries of the Snake River had to be moved because of inundation from C. J. Strike Reservoir. Consequently, IPCo entered into contracts over a period of years with individuals to deliver their Snake River water rights through the C. J. Strike Dam.

This 1959 priority claim for 2 cfs (100 inches) is one of three SRBA claims for Mr. Field's Snake River water rights which are delivered through a carriage contract with the Grand View Mutual Canal Company. The three claims are for a total of 455 inches for the irrigation of 435 acres: amended claim 02-00053[1], this 1959 claim, and claim 02-7357. The three claims reflect the status of Mr. Field's land ownership in December 1988 when he originally filed 3 SRBA claims for irrigation of the 435 acres. Claim 02-10009 originally filed in December 1988 is to be withdrawn.

The origin of the 455 inches delivered to Mr. Field was examined by IWR in the early 1980's, and Mr. Field does not dispute those investigations. They are discussed here for background purposes.

In the early 1980's, IDWR made an extensive review of flow records at the C.J. Strike Power Plant, contracts between Idaho Power Company (IPCo) and Snake River water users whose rights are delivered through the C. J. Strike Dam, and information from Kay Garsja who, for many years, was the secretary for the Grand View Mutual Canal Company and the Grand View Irrigation District. Based on those IDWR investigations, Howard Field's 455 inches delivered through the Grand View Mutual Canal Company are based upon 455 inches for Shoofly Grazing, dating from a 1952 Agreement. IDWR also examined eight different contracts from 1952 through 1966 regarding Idaho Power Canal water deliveries. At the time of these IDWR investigations, the calculations of the individual rights delivered through the Grand View Mutual Canal, in addition to the water rights that the Grand View Mutual Canal Company holds, were less than the consistent flows from C. J. Strike Dam through IPCo's canal to the Grand View Mutual Canal during the years 1963 to 1981.

---

[1] Amended Claim 02-00053 now has remarks stating its combined use with the 1959 claim; it also shows the addition of 17 acres to more accurately reflect historical irrigated acreage. Both the 1959 claim and amended claim 02-00053 limit irrigation to 340 acres, 95 of which are an accomplished transfer, and the remaining 245 acres have a common 340 acre permissible place of use (PPU). The 340 acre PPU is also the place of use for claim 02-7357.

The purpose of this summary is to establish that 100 inches of the 455 inches has a priority date of April 15, 1959. 250 inches of the 455 inches are already claimed and have a preliminary recommendation from IDWR based SRBA claim A02-00053 which has a priority of May 2, 1967. The third claim is based on a 1981 license, SRBA claim 02-7357.

The use of 100 inches (2 cfs) from the Snake River delivered through the system of the Grand View Mutual Canal for irrigation on land now owned by Howard Field, dates from Desert Land Entries (DLE) by Verlin Roberts and Ellen M. Roberts, husband and wife.

There were additional Snake River rights (of the Grand View Mutual Canal Company) and ground water rights (of the Roberts) and additional lands involved with the Roberts DLE entries. This summary focuses on 100 inches of Snake River water (not owned by, but delivered by the Grand View Mutual Canal Company) used on the land now owned by Mr. Field.

Copies of the National Archive documents for the DLE entries are attached and confirm that land now owned by Howard Field (and within the 340 acre permissible place of use on the 1959 and 1957 SRBA claims) began to be irrigated April 15, 1959: 123 acres in the SW quarter of Section 26 and 150 acres in the NW quarter of Section 26.

Copies of 1964, 1969, and 1977 aerial photos are attached to show continued irrigation of lands in the SW quarter and NW quarter of Section 26 (first associated with the Roberts DLE entries) as well as continued irrigation of the 340 acre permissible place of use listed on this claim and amended claim 02-00053. Based on the rainfall in this part of Owyhee County, tilled land is presumed to be irrigated land.

The combination of these 100 inches of Snake River water (1959 priority) and the 250 inches of Snake River water from 02-00053 (1967 priority) together provided 350 inches of Snake River water, delivered through the Grand View Mutual Canal Company system, for irrigation of 340 acres, now listed as the permissible place of use for both claims. 95 of the original 340 acres are now claimed on adjacent lands through an accomplished transfer in 1982; the remaining 245 acres are used within the 340 acre permissible place of use. License 02-7357, issued in 1981, is for the 340 acres historically irrigated with only the 1959 and 1967 priority claims, and thus overlaps with these earlier priority claims.

IDWR aerial photograph confirms the irrigation of all 435 acres prior to the commencement of the SRBA in November 1987.

Land Office: Boise
Serial Number: See below

Applicant or area see below	Name of examiner Donovan Tingat
Subject D&E Final Proofs	Date of examination November 11, 1959
Date of application, etc.	Date of report December 18, 1959

Lands involved: Owyhee County Boise Meridian

I-03236 - Ellen M. Roberts
T. 5 S., R. 3 E., B.M.
Section 26: NW¼ 160 acres

I-03237 - Verlin A. Roberts
T. 5 S., R. 3 E., B.M.
Section 26: SW¼
Section 35: NW¼ 320 acres

Total: 480 acres

Both entries have been developed essentially as outlined by the claimants insofar as ditches and cultivated land are concerned. More than one-eighth of each entry has been cultivated, cropped and irrigated. The necessary ditches and other irrigation facilities are in place to serve all the irrigable land.

The claimants obtain water from three artesian wells and from Snake River through the facilities of the Grandview Mutual Canal Company. The three wells are held jointly by the two claimants under State of Idaho Appropriation Permit No. 0-28239. The total production of the wells, according to measurements by a well driller, is 150 miner's ~~Classification~~ inches. In addition, the claimants are entitled to 100 inches of water from the Grandview Mutual Canal Company on a joint basis. The total amount of water available is then 250 inches.

The total acreage of irrigable land on each entry has been determined by a survey made by a licensed surveyor. The total acreage of irrigable land on both entries is 349 acres. Using 5/7ths inch per irrigable acre as a minimum, 250 inches provide sufficient water for 400 acres. The claimants' water supply, therefore, is more than adequate for the total area of irrigable land.

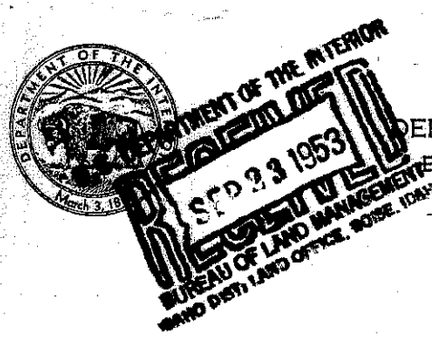

It is recommended that the showing as to final proof be accepted and patent be issued on both entries, subject to valid existing rights.

Memorandum

To: Appraiser, Lands & Minerals, Boise, Idaho

From; District Range Manager, Boise, Idaho

Subject: D. L. E. 03237, Verlin A. Roberts

With reference to the above designated land case, this is to advise you that this office has no objection to the allowance of said entry, providing the lands can be classified as being subject to disposal under the desert land regulations.

Our records disclose that a fence has been constructed along the west side of the lands applied for under Section 4, Permit #118, issued to the applicant. The fence in effect encloses the lands applied for in an individual grazing allotment to be used by the applicant.

Our records also disclose that the Duck Valley-Grandview Truck Trail Project #68-14, crosses the corner of the $NE\frac{1}{4}NW\frac{1}{4}$ of Sec. ~~34~~ 33 and reservation should be made for a right-of-way for this road.

Wilfred H. Quinn
District Range Manager

Memorandum

To: Manager, Land Office, Boise, Idaho

From: Director, Geological Survey

Subject: Idaho 03237 - DLA - Ellen M. and V. A. Roberts

Your request for a mineral and water resources report on the subject application was received on Jan. 11, 1960. Lands applied for therein are situated in T. 5 S., R. 3 E., B. M., Idaho.

Survey information indicates that as of Oct. 26, 1959 date of filing final proof, this land was regarded as valuable prospectively for oil and gas; that it is without value for other minerals, either metalliferous or nonmetalliferous, and that the exercise of surface rights thereon would not interfere unreasonably with operations under the mineral leasing laws.

This land is in an area in which geologic conditions are such that if stratigraphic and structural conditions are favorable, deposits of oil or gas may occur, and under such circumstances, the land is considered to be valuable prospectively for oil or gas. However, there is no specific evidence that structural or stratigraphic conditions underlying the subject tract of land are or are not favorable. Accordingly, it does not appear that on the basis of available information, the Government can successfully assume the burden of proof that the land is mineral in character as related to oil or gas, in accordance with the established criteria referred to in 43 CFR 102.22 (b).

The land has no waterpower or reservoir possibilities.

For the Director.

V.S.S.

MEMORANDUM

To: Director, Geological Survey, Washington 25, D.C.

From: Manager, Land Office, Bureau of Land Management, Boise, Idaho

Subject: Report of Mineral and Water Resources

A report is requested as to the mineral and water resources of the lands described below.

Please specify in your report the mineral or minerals involved, and where applicable, whether disposal of the lands would unreasonably interfere with operations under the mineral leasing acts.

In those cases where satisfactory final proof has been submitted, the report *must show* whether or not the lands were known to be valuable for the minerals at the date of proof and the facts upon which this information is based.

Kind of case: Desert Entries		Name: Ellen M. Roberts Verlin A. Roberts
Filed: Aug. 15, 1952	Allowed: Nov. 2, 1959	Date final proof scheduled: Oct. 17, 1959
Date entry will be confirmed:	Date of last report: Dec. 17, 1958	Date satisfactory final proof was received: Oct. 26, 1959

Remarks: Your report of December 17, 1958 reported lands prospectively valuable for oil and gas. However, final proof was received on October 26, 1959. Please advise immediately if the government is willing to assume the burden of proving the lands were of known mineral character on or before the date final proof was submitted.

Remarks:

The Director
Bureau of Land Management

DEC 17 1959

Survey information indicates that this land is valuable prospectively for oil & gas; that it is without value for other minerals, either metalliferous or nonmetalliferous, and that the exercise of surface rights thereon would not interfere unreasonably with operations under the mineral leasing law.

The land is not withdrawn for waterpower or storage purposes.

A G R E E M E N T

1. THIS AGREEMENT, Made and entered into this 10th day of April, 1952, by and between IDAHO POWER COMPANY, a corporation organized and existing under and by virtue of the laws of the State of Maine, duly qualified and doing business in the State of Idaho, hereinafter referred to as the "Power Company", and GRANDVIEW MUTUAL CANAL COMPANY, a corporation organized, existing and operating under the laws of the state of Idaho, hereinafter referred to as the "Canal Company", and SHOOFLY FARMS, a copartnership consisting of W. A. Bybee and Ruth Bybee, husband and wife, D. O. Bybee and Thelma C. Bybee, husband and wife, and Gordon F. Ray and Leda Ray, husband and wife, the copartners thereof, hereinafter referred to as "Shoofly Farms", and D. O. BYBEE and THELMA C. BYBEE, husband and wife, hereinafter referred to in the singular as "Bybee", and TOTORICA CO., an Idaho corporation, hereinafter referred to as "Totorica Company", and HUMAO TOTORICAGUENA and JUANA TOTORICAGUENA, husband and wife, hereinafter referred to in the singular as "Totoricaguena", and CHARLES E. LEE and ELI K. HOLTZMAN, bachelors, hereinafter referred to as "Lee and Holtzman"; the said Canal Company, Shoofly Farms, Bybee, Totorica Company, Totoricaguena and Lee and Holtzman being also sometimes hereinafter referred to collectively as the "Mutual Canal parties",

W I T N E S S E T H:

2. WHEREAS, The Canal Company owns and operates an irrigation system in Owyhee County, Idaho, the facilities thereof comprising

among other things, a pumping plant on the left or south bank of Snake River in Section 15, Township 5 South, Range 3 East, Boise Meridian, and a canal and canal system extending from said pumping plant in a general westerly and northwesterly direction across Township 5 South, Range 3 East, Boise Meridian, and Township 5 South, Range 2 East, Boise Meridian, to the terminus of said canal at Birch Creek in Section 2, Township 5 South, Range 2 East, Boise Meridian; and is the owner of certain water rights and/or permits for the appropriation and use of water from Snake River for irrigation purposes, (said permits being Nos. 29071, 21795 and 28696 in the records of the Idaho Department of Reclamation), which water rights and permits are for the aggregate flow of seventy-five (75) cubic feet per second of time, with the point of diversion located at its said pumping plant, and said canal company desires to change the point of diversion thereof as herein set forth for the reason that the diversion of said waters by Canal Company by pumping from the Snake River requires a pumping lift of approximately one hundred twelve (112) feet to the head of its said canal, with attendant operating and maintenance pumping costs and expenses; and,

3. WHEREAS, Shoaffy Farms owns and operates an irrigation system in Owyhee County, Idaho, the facilities thereof comprising, among other things, a pumping plant on the left or south bank of Snake River in section 32, township 5 south, range 4 east, Boise Meridian, and a canal and canal system extending from said pumping plant in a westerly and northwesterly direction for the irrigation

of lands in township 5 south, range 3 east, Boise Meridian, and is the owner of certain appropriated water rights and rights to the use of water from Snake River for irrigation purposes, with point of diversion located at its said pumping plant, and desires to change the point of diversion thereof as herein set forth for the reason that the diversion of water by Shoofly Farms by pumping from Snake River requires a pumping lift of approximately ninety (90) feet to the head of its said canal with attendant maintenance, operation and pumping costs and expenses; and, Rybee has lands in township 5 south, range 4 east, Boise Meridian, and in township 6 south, range 4 east, Boise Meridian, and has permit to appropriate and use water from Snake River for irrigation purposes, with the point of diversion located at said pumping plant at Shoofly and desires to change the point of diversion for said permits and water rights as herein set forth for the reason that the diversion of water from Snake River by Rybee at such pumping plant requires a pumping lift of approximately ninety (90) feet to the head of the canal therefor with the attendant maintenance, operation and pumping costs and expenses; and, the said lands of Shoofly Farms are situate in the County of Cassia, State of Idaho, and are particularly described as follows, to-wit:

The premises bounded and described as follows:

Commencing at the northeast corner of section 26, township 5 south, range 3 east, Boise Meridian, the point of beginning; running thence west along the north boundary line of said section 26 a distance of 1320 feet to the northwest corner of the northeast quarter of the northeast quarter of said

Jeplw

section 26, running thence southerly and parallel to the east boundary line of said section 26 a distance of 3960 feet, more or less, to the northwest corner of the southeast quarter of the southeast quarter of said section 26, running thence west 553 feet along the north boundary line of the southwest quarter of the southeast quarter of said section 26 to a point on said boundary line 15 feet west of the west side of the Shoofly Canal, running thence southerly on a meandering line 15 feet west and parallel to the west side of the Shoofly Canal for a distance of 3571 feet, more or less, to a point on the south sideline of the northwest quarter of the northeast quarter of section 35, township 5 south, range 3 east, Boise Meridian, thence east a distance of 200 feet, more or less, to the center of Shoofly Creek, thence northeasterly along the center line of Shoofly Creek a distance of 3136 feet, more or less, to a point on the southwesterly sideline of the right of way of the Grandview Canal, thence northwesterly along the southwesterly sideline of the right of way of the Grandview Canal a distance of 4486 feet, more or less, to a point on the north sideline of section 25, township 5 south, range 3 east, Boise Meridian, thence westerly along the north sideline of said section 25 a distance of 109 feet, more or less, to the northeast corner of section 26, township 5 south, range 3 east, Boise Meridian, the point of beginning, containing 420 acres, more or less;

and, the said lands of Bybee are situate in the County of Owyhee, State of Idaho, and are particularly described as follows, to-wit:

Lots four and five and the southeast quarter of the southwest quarter of section thirty-one, township five south, range four east, Boise Meridian, and lots two, three and four in section six, township six south, range four east, Boise Meridian, containing 311.95 acres, more or less;

and, the said water rights of Shoofly Farms and Bybee aggregate a flow of seventeen and four-tenths (17.4) cubic feet per second of time;

4. And, WHEREAS, Totorica Company is the owner of all that portion of the southeast quarter of section thirty-two, township 5 south, range 4 east, Boise Meridian, in Owyhee County, Idaho, lying south of the main transmission canal of the Grand View Irrigation District in Owyhee County, Idaho, and the said Totoricaguena is the owner of the northeast quarter of the southwest quarter of section 32, township 5 south, range 4 east, Boise Meridian, in Owyhee County, Idaho, and each the said Totorica Company and Totoricaguena claims the right to divert water from Snake River for the irrigation of their said respective lands with the point of diversion in township 5 south, range 4 east, Boise Meridian, in Owyhee County, Idaho, and each the said Totorica Company and Totoricaguena is desirous of irrigating, from the canal to be known as the Mutual Canal hereinafter described, their said respective lands; and,

5. WHEREAS, Lee and Holtzman have the lands in Owyhee County, Idaho, particularly described as follows, to-wit:

> The northeast quarter of the northeast quarter, the southwest quarter of the northeast quarter and all that part of the northeast quarter of the northwest quarter of section 36 lying south and east of Shoofly Creek;
> All that part of the northeast quarter of the northeast quarter of section 35 lying south and east of Shoofly Creek; and the southeast quarter of the southeast quarter, all that part of the northeast quarter of the southeast quarter lying south and west of the Grandview Gravity Canal and also lying south and east of Shoofly Creek, all that part of the northeast quarter of the southwest quarter lying south and east of Shoofly Creek, all that part of the southeast quarter of the southwest quarter lying south and east of Shoofly Creek and all that part of the southwest quarter of the southwest quarter lying south and east of Shoofly Creek, in section 25, all of said lands being situate in township 5 south, range 3 east of the Boise Meridian;

and have the right to receive one (1) cubic foot of water per second of time from the said pumping plant of Snoaly Farms for the irrigation of their said lands and further claim the right to divert additional water in the quantity of two (2) cubic feet per second of time from Snake River at said pumping plant and point of diversion thereafter for the irrigation of their said lands and the said Lee and Holtzman are desirous of obtaining their said water for irrigation through the irrigation canal to be known as the Mutual Canal hereinafter described; and,

4. WHEREAS, the Power Company, pursuant to license of the Federal Power Commission under the Federal Power Act, has constructed, owns and operates a hydroelectric power project known as the C. J. Strike Hydroelectric Development, including a dam across Snake River in the West Half of Section 34, Township 5 South, Range 4 East, Boise Meridian, which dam has created and provided a large reservoir upstream therefrom in which the normal top operating level will be maintained at elevations varying from 2750 to 2755, and the Power Company has constructed and owns a canal from said dam along and near the left or south bank of Snake River westerly a distance of approximately 4,000 feet, and outlet works in said dam and from said reservoir into such canal and the Canal Company, Snoaly Farms, Sybro, Lee and Holtzman, and Tetorica Company and Tetoriaqueous can transfer their respective points of diversion to, and divert their respective water rights from, the Power Company's said reservoir and outlet canal as herein provided, by gravity flow into the Mutual Canal of the Mutual Canal parties to be constructed as herein provided; and,

7. WHEREAS, the arrangements herein provided will operate to the mutual advantage of all parties hereto in that the Canal Company, Sheaffy Farms, Bybee, Totorica Company, Totorica-Gamma and Lee and Holtzman will eliminate all or a portion of their respective pumping costs, and the Power Company, by the elimination of the respective points of diversion of the several Mutual Canal parties below the C. J. Strike Dam on the south bank of Snake River, can obtain a more efficient use of the waters of the river and reservoir through greater flexibility in the operation of its power plant; and,

8. WHEREAS, the respective uses of the parties are necessary to the continued growth and development of the area, and the arrangements herein provided for will permit the most complete, economical and beneficial use and development of the water and power resources of the State of Idaho; and it is the considered judgment of the parties hereto that the arrangements herein made and agreed to are in the best interests of all parties hereto, with mutual and separate advantages and benefits to all concerned;

9. NOW, THEREFORE, in consideration of the agreements and covenants of the parties herein contained, the said parties have contracted and agreed, and do hereby contract and agree, as follows:

10. THE POWER COMPANY AGREES:

(a) That it has constructed and installed, and will hereafter maintain, in and from its C. J. Strike Dam and Reservoir, on or near the left or south bank of Snake River, a separate outlet works with control gate and other related facilities, and a canal extending westerly therefrom a distance of approximately 4,000 feet to a point near the north line of the southwest quarter of the southwest quarter of section 33, township 5 south, range 4

gate at the terminus of Power Company's said canal, with a water elevation of approximately 2[illegible] feet at such terminus, and, such other facilities as will permit the safe delivery of a reasonably uniform flow of water, as hereinafter provided, to the Mutual Canal, being the canal of the Mutual Canal parties to be constructed as hereinafter provided;

(b) That it will make available, in the manner hereinafter specified, for diversion into the Mutual Canal of the Mutual Canal parties where the said Mutual Canal joins onto the Power Company's said outlet works at the terminus of the Power Company's said canal, (hereinafter sometimes referred to as the "point of water availability"), without charge, cost or expense, during the period from March 15th to October 31st of each year, a sufficient flow and quantity of irrigation water from its C. J. Staples Reservoir to provide the respective Mutual Canal parties hereinafter named at their respective outlet works and diversion points from said Mutual Canal, after allowing for reasonable evaporation, seepage and other canal losses in transmission in the Mutual Canal, the flow and quantity of water as follows:

To the Canal Company, a flow of seventy-five (75) cubic feet per second of time;

To Shoofly Farms and Bynoe, a flow of seventeen and four-tenths (17.4) cubic feet per second of time;

To Lee and Holterman, a flow of three (3) cubic feet per second of time;

To Totorica Company and Totoricagaicua, a flow of one and six-tenths (1.6) cubic feet per second of time;

PROVIDED, HOWEVER, that during the 1952 irrigation season the delivery of water to each of the said Mutual Canal parties shall commence upon the completion of the construction of the Mutual Canal and the respective outlet works therefrom to be constructed as provided in this agreement;

(c) That it will contribute to the cost of the Mutual Canal and the pumps and outlet works therefrom to be constructed as in paragraph 12(a) provided, the amount of Nine Thousand Eight Hundred Dollars ($9,800.00), it being understood and agreed that the Power Company has and will have no interest in nor responsibility with respect to the design, construction, operation or maintenance of, or ownership of, such Mutual Canal, pumps or outlet works;

(d) That the Power Company will not in any respect, directly or indirectly, hinder or in any way prevent any of the Mutual Canal parties from perfecting any of their said respective water rights, as provided in this agreement, should any action or proceedings by any such party appear to such party to be advisable or necessary, and that for all of the purposes of this agreement the Power Company will recognize the water right of the Canal Company is seventy-five (75) cubic feet of water per second of time, and of the Shoofly Farms and Rybee seventeen and four-tenths (17.4) cubic feet per second of time, and of Lee and Holtzman three (3) cubic feet per second of time, and of Totorica Company and Totoriaguena one and six-tenths (1.6) cubic feet per second of time;

11. IT IS UNDERSTOOD AND AGREED by and between the Power Company and the Mutual Canal parties that the diversion of irrigation water from the terminus of the said canal of the Power Company into the Mutual Canal, at the said point of water availability, shall be done and controlled in the following manner:

The Power Company has built and will maintain an adjustable gate at the terminus of the Power Company's said canal and will install in Mutual Canal a staff gauge for the indication of the water flow in the Mutual Canal and will keep sufficient water available in the said canal of the Power Company at such canal gate to supply the irrigation water rights in the amounts fixed by this contract for the respective Mutual Canal parties, and the Mutual Canal parties shall be solely responsible in the control and operation of such gate and the opening and closing thereof to permit the flow of water within the limitations set forth in this agreement into the Mutual Canal, and the Power Company shall have no responsibility nor obligation to the Mutual Canal parties to adjust such gate nor the flow of waters through such gate but shall be responsible and obligated in that respect only to have the irrigation waters at such gate for the flow thereof through such gate into the Mutual Canal, and should the Power Company at any time adjust or control such gate at the request of the Mutual Canal parties or some one of them, or the agent or employee of all of them or some one of them, and without charge, and only as an accommodation to the Mutual Canal parties, such action shall be without liability on the part of the Power Company or obligation

to continue thereafter to adjust or control such gate.

12. THE MUTUAL CANAL PARTIES AGREE with the Power Company and with each other as follows:

(a) To construct, and thereafter maintain and operate, a canal to be known as, and herein referred to as, the "Mutual Canal", from the terminus of the Power Company's canal at the point of water availability, capable of carrying to the Mutual Canal parties at their respective points of diversion from said Mutual Canal the irrigation water herein provided for each of them, at the sole cost and expense of said Mutual Canal parties excepting only for the contribution of $9,000.00 by the Power Company to the construction of said Mutual Canal as herein provided. Said Mutual Canal parties agree with the Power Company that they will maintain or provide for maintenance of said Mutual Canal so as to eliminate and prevent obstructions therein, and to prevent and avoid unreasonable wastage and leakage of water therefrom in accord with good irrigation practice.

(b) To take the steps as will be necessary to change their respective points of diversion on Snake River for their said water rights for irrigation purposes hereinbefore specified to the outlet works in the Power Company's said C. J. Strike Dam and thence through the said canal of the Power Company to the said point of water availability hereinbefore defined and from thence into the said Mutual Canal;

13. Each the Canal Company, Shoofly Farms, Dybee, Totorica Company, Totoricaquena, and Lee and Holtzman, agrees with the Power Company as follows:

The Canal Company agrees that its said water right shall be used only for irrigation at and upon the lands bounded on the south by the present main transmission canal of the Canal Company and on the north by the main transmission canal of the Grand View Irrigation District and on the west by Birch Creek and on the east by a line running due north from the pumping plant of the Canal Company to be constructed at or near the terminus of the Mutual Canal, to the main transmission canal of Grand View Irrigation District, and the Power Company agrees with the Canal Company that said water right of seventy-five (75) cubic feet per second of time is appurtenant to all such lands;

Shoofly Farms and Sybee and the Power Company agree with each other that the said water right of Shoofly Farms and Sybee is appurtenant to the said respective lands of Shoofly Farms and Sybee hereinbefore described, but that any part of the waters in such water right in excess of the quantity necessary for the irrigation of the said lands of Shoofly Farms may be used for the irrigation of any other lands on which such waters can be placed to a beneficial use for irrigation and which may be irrigated from the said Mutual Canal by diversion therefrom at any point easterly of the most westerly boundary of said lands of Shoofly Farms by any means whatsoever and further and without limitation on the above provision the place of use of any such waters may be changed without limit to any other lands which may be irrigated from the Mutual Canal to be built as hereinbefore provided by any means whatsoever; PROVIDED, HOWEVER, that the place of use of any such irrigation

right and water appurtenant to said lands of Sheafly Farms shall not be changed until the contract balance on the purchase price of such Sheafly Farms remaining unpaid and the interest thereon shall be fully paid.

Tetonica Company and Tetonicagnome and the Power Company agree each with the others that said water right of one and six-tenths (1.6) cubic feet per second of time is appurtenant to the said respective lands of Tetonica Company and Tetonicagnome and that the use thereof shall be limited to the irrigation of their said respective lands as hereinbefore described, but that each the said Tetonica Company and Tetonicagnome may change the place of use of said water right from any said lands to any other lands which may be irrigated from said mutual Canal to be built as hereinbefore provided by any manner or means whatsoever;

Lee and Holtzman and the Power Company agree each with the other that the said water right of Lee and Holtzman of three (3) cubic feet per second of time is appurtenant to the said described lands of Lee and Holtzman and that the use thereof shall be limited to irrigation at and upon such lands, but that Lee and Holtzman shall have the right to change the place of use of such water to any other lands to which such water can be placed to beneficial use for irrigation by diversion by any means whatsoever from said but mutual canal; PROVIDED, however, that the place of use of any such irrigation right and waters shall not be changed until the contract balance on the purchase price of said lands of Lee and Holtzman, and the interest thereon, shall be fully paid.

14. IT IS FURTHER ADJUDGED

(c) That the Power Company shall be the sole owner of, and shall maintain and operate, the said concrete outlet works with control gate and other related facilities, from its said dam and reservoir together with the said canal extending westerly therefrom a distance of approximately four thousand (4,000) feet to the point of water availability hereinbefore specified; and,

(d) That the said Mutual Canal to be built by the Mutual Canal parties as herein provided shall be solely owned by them pro rata and in accordance with the extent of their respective water rights as herein provided to their respective points of diversion and outlet works from said canal, and said Mutual Canal shall be operated and maintained by the said Mutual Canal parties who shall contribute to the cost of operation and maintenance thereof pro rata and according to the extent of their said respective water rights as herein stated to their respective points of diversion from said canal for the irrigation of their respective lands, that is to say, as to Moody Farms, Lybee, Victoria Company, Tetrick-Gross, and Lee and Holtman, each shall contribute the pro rata portion of the cost of the maintenance and operation thereof from the head end or intake thereof to such parties' outlets from said canal for the irrigation of their respective lands.

15. Moody Farms agrees to grant and convey free of charge a right of way and easement across its said lands for the construction, operation and maintenance of said Mutual Canal.

16. Totorica Company and Totoricaquam agree to grant and convey, free of charge, a right of way and easement over and across lands lying in Oneida County, Idaho, being specifically the south half of section 32, township 9 south, range 4 east, Boise Meridian, for the construction, operation and maintenance of said Mutual Canal.

17. Lee and Holtzman agree that they will grant and convey, free of charge, a right of way and easement over and across their said lands for the construction, operation and maintenance of said Mutual Canal.

18. Zeh, the Canal Company, Shoofly Farms, Rybee, Totorica Company, Totoricaquam, and Lee and Holtzman agree with the Power Company as follows:

(a) That it, he or they, as the case may be, will use the water provided for under paragraph 10(b) above, in an economical and husband-like manner and without waste and shall take only such quantities of water as shall be needed for irrigation requirements up to such party's maximum amount hereinbefore set forth, and will not unnecessarily waste or spill, or permit such wasting or spilling of any such water; and that any and all water not being used or required for irrigation purposes shall inure to the benefit of the Power Company for use in and through its power plant under and as a part of its project water rights.

(b) That it, he or they, as the case may be, shall be solely responsible for the determination and notification to the Power Company of the quantities of water and time for such

party (within the limitations hereinabove set forth) to be made available at the said point of water availability.

19. The Canal Company, Hardy Farms, Lyons, Tolerton Company, Tolerlongview, and Lee and Waltham, jointly and severally agree with the Power Company as follows:

To maintain and operate their said Mutual Canal and their respective water delivery and distribution systems in accordance with good irrigation practice, so as to prevent and avoid unreasonable wasting and leakage of water therefrom; that the Power Company shall in no event be liable or responsible for any damage to said canal beyond the point of water availability which may result from, or in connection with, the discharge into such canal of the amount of water provided in this agreement or such lesser quantity in the aggregate as said parties may, in writing, specify as the amount of water to be delivered to them from time to time, or for any loss or damage, of any kind or nature whatsoever, occurring to any of the parties, or to any of their members or stockholders, including damages to lands or crops, or any other direct, proximate or remote damages occurring or resulting from any cause or cause whatsoever, so long as the Power Company has the requisite amount of water, provided for herein, in its canal, at the point of water availability as set forth in paragraph 10(b) above;

20. In consideration of this agreement entered into with the Power Company, the Mutual Canal parties each in its own behalf and in behalf of its members and stockholders, if any, jointly

and severally waive and hereby release and discharge the Power Company from and against any and all claims or possible claims for damages or liability of any sort or description which have or may have occurred prior to the date of this agreement from any cause, including the operation of the Power Company's dams and the fluctuation or claimed fluctuation of the waters of Snake River.

21. No party shall be considered to be in default of any obligation or liable or responsible for any loss or damage hereunder if prevented from fulfilling such obligation by reason of uncontrollable forces, including acts of God and the public enemy, or from accident, war, sabotage, explosion, fire, earthquake, restraint by court or public authority, or other cause which by exercise of foresight and due diligence such party could not have reasonably been expected to avoid. Such party shall exercise due diligence, however, to remedy such cause or remove such inability with all reasonable dispatch.

22. IT IS UNDERSTOOD AND AGREED that failure by the Canal Company, Sheoffy Farms, Hybee, Totorica Company, Totoricaguena and Lee and Holtzman, or any of them, to perform any of the covenants herein contained, shall not be construed to give the Power Company the right to refuse or fail to make available to such parties as herein provided, the water hereinbefore agreed by the Power Company to be made available for them at the point of water availability in accordance with the terms of this agreement, and that the rights of the Power Company, in the event of breach or failure to perform any of the provisions hereof by such parties, shall be limited to injunctive relief, damages, or such other equitable or legal measures and remedies as may be enforced in a court of competent jurisdiction.

23. Any notice given to the Power Company hereunder shall be given or mailed, in writing, to the Power Company's Superintendent of the said C. J. Strike Hydroelectric Development, or may be given or mailed, in writing, to the Power Company's President and General Manager, 1220 Idaho Street, Boise, Idaho; and any notice given by the Power Company to any of the parties hereunder shall be given, in writing, to said parties at Grand View, Idaho, or Boise, Idaho, or to such person or address as they, respectively, shall designate.

24. This agreement and the respective rights and obligations hereunder shall inure to the benefit of and be binding upon the respective successors and assigns of the parties.

IN WITNESS WHEREOF, the Power Company has hereunto caused its corporate name to be subscribed and its corporate seal to be affixed by its officers first thereunto duly authorized by resolution of its Board of Directors, and the Canal Company has hereunto caused its corporate name to be subscribed and its corporate seal to be affixed by its officers first thereunto duly authorized by resolution of its Board of Directors, and Totorian Company has hereunto caused its corporate name to be subscribed and its corporate seal to be affixed by its officers first thereunto duly authorized by resolution of its Board of Directors, and the said Bhoefly Farms, Bybee, Totoriaspuena, and Lee and Holtzman have hereunto subscribed their names, all as of the day and year herein first above written.

AGREEMENT

THIS AGREEMENT, made and entered into this [illegible] day of [illegible], 1940, by and between D. O. Byrnes, Verlin A. Roberts and Ellen M. Roberts,

WITNESSETH:

That whereas said D. O. Byrnes now holds a permit to divert [illegible] second feet of water from the Snake River at or above Swan Falls, and whereas Verlin A. Roberts has 100 inches of water appropriated for use within the Conservation Ditch Canal and whereas said Verlin A. and Ellen M. Roberts own lands described as follows:

Verlin A. Roberts ... 80 acres ... For land described as: E. ½ Sec. 3, T. 2 S., R. 2 W., B.M., Section 24 - 80 A.

Ellen M. Roberts ... 40 acres ... For land described as: E½ E½ Sec. 4, T. 2 S., R. 2 W., B.M. Section 24 - 80 A.

And whereas said Byrnes has purchased from the Conservation Ditch Canal Company and owns said D. O. Byrnes has the right to divert from said canal company, Verlin A. and Ellen M. Roberts do hereby agree to assign and transfer to D. O. Byrnes 100 inches of Conservation Canal water in exchange for 200 inches of right now held by D. O. Byrnes.

The transfer is to be completed upon petition of the parties hereto to the Water Commissioner for distribution of water to the lands, the Commissioner to be sufficient authority for said assignment and transfer of the water rights and appropriations herein mentioned.

Each party hereto will do all the reasonable work that each will require their proportionate share of the annual expenses for upkeep and maintenance.

IN WITNESS WHEREOF, the parties hereto have set their hands the above day and year herein first above written.

D. O. Byrnes

APPLICATION FOR PERMIT

TO APPROPRIATE THE SUBTERRANEAN WATERS OF THE STATE OF IDAHO

Application No. G 36199

Permit No. G

District No.

1. Name of applicant: V. A. & EILEEN M. ROBERTS

Post office address: 4212 Roberts Rd., Boise County Ada State Idaho

2. Quantity of water claimed: 1120

(a) Rate of withdrawal in cubic feet per second 22.4 or Idaho Miner's inches or gallons per minute

(b) Annual withdrawal in acre feet per annum

3. Source of water supply: 3 drilled wells

#1-	SW	NW		26
#2-	SW	NW		26

4. Location of point of diversion or well is in the #3-SW ¼ of the SW ¼ of Section 35

Twp. 5 S. Rge. 3 E. B. M. County of Owyhee

5. Water is to be used for: Irrigation.

6. If for municipal, industrial or recreational purposes give:

(a) Point of use of water is in the ¼ of the ¼ of Section

Twp. Rge. B. M.

(b) Waste water or sewage effluent is to be returned to

at a point in the ¼ of the ¼ of Section Twp. Rge. B. M.

7. Kind of Works: 3 drilled wells, ditches and cooling pond.

8. Estimated cost of works: $ 15,000

9. (a) Is reservoir to be used? No

(b) Capacity of reservoir:

10. The time required for the completion of such work and complete application of the water to the proposed use is 5 years.

11. If applicant is a corporation, give:

I. (a) Date and place of incorporation: _____

(b) Amount of capital stock $ _____ (c) Amount paid in: $ _____

(d) Names and addresses of directors: _____

_____

_____

II. The financial resources of the applicant are: (a) Cash on hand: $ _____

(b) Treasury stock: _____ (c) Bonds to be issued: _____

(d) Other resources: _____

12. The land to be irrigated is described in the following tabulation:

(*Give irrigable acreage in each 40-acre subdivision*)

Twp.	Range	Sec.	NE¼				NW¼				SW¼				SE¼				Totals
			NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	
5 S	3 E	25										40	40	40					120
		26		40	40		40	40	40	40	40	40	40	40		40			440
		36			40	40	40	40	40	40	40	80	40	40	40	40	40	40	560
							SS												
																			1120

13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: 27111, 27110

also Greenview Mutual Canal Co. water.

(a) 2½/s (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.

(b) _____ (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks: This permit is to be used for the irrigation of the lands in our desert entries and also some deeded land.

BE IT KNOWN: That the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

V. A. & Ellen E. Roberts, Applicant

By Hawley, Lee, Gee & Dunn, Agent

Approval of State Reclamation Engineer

The number of this permit is G 28239

Recorded in Book 99 Page 28239 Approved [illegible]

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of $ ..... as to be filed before .....

Work to begin on or before ....., and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which the permit holder has no control.

One-fifth of the work above specified to be completed on or before May 6, 1962
The whole of said work to be completed and beneficial use of water appropriated in accordance herewith, to be made on or before November 6, 1964

Witness my hand this 6th day of November, 195 2.

Leo A. Lewis
State Reclamation Engineer

IN TESTIMONY WHEREOF, We ROBERT E. SMYLIE, Governor of the State of Idaho, and ARNOLD WILLIAMS, Secretary of State of the State of Idaho, have caused this instrument to be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 6th day of November, 195 2.

INSTRUCTIONS

The instructions are numbered the same as the items in the proof.

1. Give your full name and your complete post office address.

2. For citizenship, put a check in the appropriate box. If you are a naturalized citizen, submit with this proof evidence of your naturalization, unless you have already done so. For legal residence, enter the name of the State in which you claim legal residence.

3. Give the complete legal description of the lands in the entry.

4a. Describe the source from which water is taken for the lands in the entry.

4b. Show the volume of water supply in acre feet, miner's inches, cubic feet per second or other recognized unit of water measurement. Also, give the name and title of the person who measured the volume of water. For wells, show size of casing, feet of lift, and size of motor.

c. Describe briefly how the entryman secured his water right. The entryman must submit with his proof his documentary evidence of his right.

d. Describe briefly how the entryman is maintaining his water right. The entryman must submit with his proof his documentary evidence, if any, of his maintenance of his right.

5a. List the years in which improvements were made on the lands.

b. For each year, briefly describe the improvements made. If not previously submitted, the entryman must submit with his proof a diagram showing the location of all ditches and other improvements and showing the area or areas of the entry actually developed under irrigation.

c. 43 CFR 323.20b states that the credit to be given for an expenditure for improvements is the reasonable value of the work done or improvement placed upon the land, according to the market price therefor, or for similar work or improvements prevailing in the vicinity.

6a. List the years in which agricultural crops were planted *and irrigated* on the lands in the entry.

b., c., and d. For each year, show the kind of crop planted and irrigated, the number of acres so planted and irrigated, and the average yield per acre in bushels or other appropriate unit of measurement.

7a. List the years in which hay was produced on the land through irrigation.

b., c., and d. For each year, show the number of acres in irrigated hay, the tons per acre produced, and the market value in dollars of the hay crop at the farm, if sold.

8. Briefly state why hay, rather than a cultivated crop, was raised.

9a. List the legal subdivisions in the entry. For each subdivision, show the data required on the remainder of the table, as follows:

b. Show the total number of acres in the subdivision that are considered irrigable.

c. Show the total number of acres in the subdivision that are not considered irrigable.

d., and e. Show the total number of acres in the subdivision that can be irrigated from ditches or sprinkler systems constructed on the lands.

f., and g. Show the total number of acres in the subdivision that were actually irrigated. If irrigated more than one year, give the years and acreage of each year's irrigation.

h. For each irrigation, give the total duration of distribution of water to the land.

i. For each irrigation, give the total quantity of water per acres placed on the land.

j. For each subdivision, show the total number of acres tilled, showing separately the acreage of irrigable lands tilled and the acreage of non-irrigable lands tilled. If the subdivision was tilled in more than one year, give the years and the acreage of each year's tillage.

k. For each subdivision, show the number and carrying capacity of ditches constructed on the land.

10. If any lands in the entry are nonirrigable, briefly state the reasons why they cannot be irrigated.

11. If the proof was not submitted within the period allowed therefor, briefly state the reasons for delay.

INSTRUCTIONS

The instructions are numbered the same as the items in the proof.

1. Give your full name and your complete post office address.

2. For citizenship, put a check in the appropriate box. If you are a naturalized citizen, submit with this proof evidence of your naturalization, unless you have already done so. For legal residence, enter the name of the State in which you claim legal residence.

3. Give the complete legal description of the lands in the entry.

4a. Describe the source from which water is taken for the lands in the entry.

4b. Show the volume of water supply in acre feet, miner's inches, cubic feet per second or other recognized unit of water measurement. Also, give the name and title of the person who measured the volume of water. For wells, show size of casing, feet of lift, and size of motor.

c. Describe briefly how the entryman secured his water right. The entryman must submit with his proof his documentary evidence of his right.

d. Describe briefly how the entryman is maintaining his water right. The entryman must submit with his proof his documentary evidence, if any, of his maintenance of his right.

5a. List the years in which improvements were made on the lands.

b. For each year, briefly describe the improvements made. If not previously submitted, the entryman must submit with his proof a diagram showing the location of all ditches and other improvements and showing the area or areas of the entry actually developed under irrigation.

c. 43 CFR 323.20b states that the credit to be given for an expenditure for improvements is the reasonable value of the work done or improvement placed upon the land, according to the market price therefor, or for similar work or improvements prevailing in the vicinity.

6a. List the years in which agricultural crops were planted *and irrigated* on the lands in the entry.

b., c., and d. For each year, show the kind of crop planted and irrigated, the number of acres so planted and irrigated, and the average yield per acre in bushels or other appropriate unit of measurement.

7a. List the years in which hay was produced on the land through irrigation.

b., c., and d. For each year, show the number of acres in irrigated hay, the tons per acre produced, and the market value in dollars of the hay crop at the farm, if sold.

8. Briefly state why hay, rather than a cultivated crop, was raised.

9a. List the legal subdivisions in the entry. For each subdivision, show the data required on the remainder of the table, as follows:

b. Show the total number of acres in the subdivision that are considered irrigable.

c. Show the total number of acres in the subdivision that are not considered irrigable.

d., and e. Show the total number of acres in the subdivision that can be irrigated from ditches or sprinkler systems constructed on the lands.

f., and g. Show the total number of acres in the subdivision that were actually irrigated. If irrigated more than one year, give the years and acreage of each year's irrigation.

h. For each irrigation, give the total duration of distribution of water to the land.

i. For each irrigation, give the total quantity of water per acres placed on the land.

j. For each subdivision, show the total number of acres tilled, showing separately the acreage of irrigable lands tilled and the acreage of non-irrigable lands tilled. If the subdivision was tilled in more than one year, give the years and the acreage of each year's tillage.

k. For each subdivision, show the number and carrying capacity of ditches constructed on the land.

10. If any lands in the entry are nonirrigable, briefly state the reasons why they cannot be irrigated.

11. If the proof was not submitted within the period allowed therefor, briefly state the reasons for delay.

Your notice of intention to make proof has been received.

INSTRUCTIONS FOR PUBLICATION

The enclosed notice has been prepared for publication at your expense in the paper named below. The first publication of the notice must be had at least 30 days prior to the date fixed for the submission of proof and the remaining publications must be had in consecutive issues of the paper. You should therefore promptly make the necessary arrangements with the publisher.

You will request the publisher to forward the statement of publication provided for by the enclosed Form 4–348b to this Office immediately upon completion of the publication and to advise you when this has been done so that you may know the publication has been completed.

INSTRUCTIONS FOR PROOF

You should arrange with the proof-taking officer for submission of the proof on the date set. He will take the proof on the ~~return~~ mailed to the Proof Officer forms and will ask you questions concerning all items thereon. You must answer these questions fully. You must give the proof-taking officer a remittance, made payable to the Bureau of Land Management, of $ 320.00 plus ~~a sum equivalent to _____ cents for each 100 words reduced to writing.~~

That officer will promptly forward the completed proof, with the remittance, to this Office.

MEMORANDUM

To: Director, Geological Survey, Washington 25, D.C.

From: Manager, Land Office, Bureau of Land Management, Boise, Idaho

Subject: Report of Mineral and Water Resources

A report is requested as to the mineral and water resources of the lands described below.

Please specify in your report the mineral or minerals involved, and where applicable, whether disposal of the lands would unreasonably interfere with operations under the mineral leasing acts.

In those cases where satisfactory final proof has been submitted, the report *must show* whether or not the lands were known to be valuable for the minerals at the date of proof and the facts upon which this information is based.

Kind of case:		Name:
Desert Land		Verlin A. Roberts

NOTICE
SUSPENSION TERMINATED

In accordance with the provisions of the Act of July 30, 1956, Public Law 834 (70 Stat. 715) you were granted suspension of cultivation and improvement operations on your Desert Land Entry, Idaho 03237.

You are hereby notified that this suspension will terminate March 1, 1959, as provided by the above-cited law.

You are further advised that during the remaining statutory life of your entry, certain requirements provided by the Desert Land Act must be complied with. Insofar as your particular entry is concerned, those requirements which must be complied with are checked below, along with the date that such compliance must be met. Those items not checked have been previously complied with.

	REQUIREMENT	DUE DATE
	1st Year Annual Proof	
	2nd Year Annual Proof	
	3rd Year Annual Proof	
X	Final Proof	Oct. 10, 1959

You are also reminded that the provisions of Public Law 834 provide that once an entryman is granted a suspension under this law, he thereafter automatically relinquishes any right to assign this entry either in whole or part.

[redacted]
DECISION

Verlin A. Roberts : Desert Land Entry

Suspension Granted

In accordance with the provisons of the Act of July 30, 1956, Public Law 834 (70 Stat. 715) you are hereby granted suspension of cultivation and improvement operations on your desert land entry Idaho 03237, which was allowed on March 2, 1954. The suspension granted under the act will run from July 9, 1957, the date on which you filed your notice of intention to suspend.

You are advised that final proof will be due 7 months and 20 days from March 1, 1959, or from 90 days after notice of your intention to resume cultivation and other improvement operations, whichever is earlier.

This suspension of your entry does not excuse any failure to comply to date with the laws and regulations governing your entry. If, in fact, your entry is now subject to cancellation because of your failure to comply with such laws and regulations, action will be taken looking to the cancellation of your entry after your period of suspension is over. The following is a resume of how suspension affects your rights:

(1) You will lose your right to assign your entry prior to the filing of acceptable final proof of compliance with the regular requirements of the laws and regulations.

(2) Except for the above, the entries will be fully protected during the period of leave of absence or suspension.

(3) Once an entryman elects to initiate his entry after a period of suspension under the act, he waives all further rights under the act and cannot thereafter seek privileges of suspension.

(4) The United States will not interfere with an entryman's residence on the land or with his maintenance of improvements existing at the time of suspension. However, crop production will not be permitted.

APPLICATION FOR LEAVE OF ABSENCE

PUBLIC LAW #834 (ACT OF JULY 30, 1956, 70 STAT. 715)

Desert land
KIND OF ENTRY

NAME VERLIN A. ROBERTS

ADDRESS 4912 Roberts Rd., Boise, Idaho

LAND DESCRIPTION NW¼, Section 35; SW¼, Section 26, T 5 S - R 3 E., B.M.

DATE FILED: _____ DATE OF ALLOWANCE: 1/2/54

LEAVE OF ABSENCE REQUIRED ON AN ENTRY ALLOWED PRIOR TO JULY 31, 1956? Yes

1. LEAVE OF ABSENCE REQUESTED UNTIL MARCH 1, 1959.

2. IT IS UNDERSTOOD THAT THIS REQUEST WILL REMAIN IN EFFECT UNTIL MARCH 1, 1959 OR UNTIL NOTICE OF INTENTION IS FILED TO INITIATE RESIDENCE, CULTIVATION OR IMPROVEMENTS AND THAT SUCH NOTICE WILL BE FILED 90 DAYS PRIOR TO SUCH INITIATION.

3. IN ELECTING TO INITIATE THIS LEAVE OF ABSENCE, I WAIVE ALL FURTHER RIGHTS TO THE ACT AND CANNOT THEREAFTER SEEK THE PRIVILEGES OF SUSPENSION UNDER THE ACT.

THE IMPROVEMENTS WHICH I HAVE IN PLACE ON THIS LAND AND THE LOCATION OF MY PRESENT CULTIVATION ARE AS FOLLOWS: (USE PLAT IF NECESSARY)

Ditching over entire area.

Clearing and breaking 80 acres.

Fencing along west, south and east sides of entry, 1 mile.

[redacted].

I CERTIFY THAT THE REQUEST MADE BY ME ABOVE IS INTENDED TO BE IN COMPLIANCE WITH PUBLIC LAW 834 (ACT OF JULY 30, 1956, 70 STAT. 715) AND THAT I AM FAMILIAR WITH THE PROVISIONS OF THIS ACT AND PARTICULARLY WITH REFERENCE TO THE FOLLOWING PROVISIONS.

1. I WILL LOSE MY RIGHT TO ASSIGN THIS ENTRY PRIOR TO THE FILING OF ACCEPTABLE FINAL PROOF OF COMPLIANCE WITH THE REGULAR REQUIREMENTS OF THE LAW AND REGULATIONS.

2. I HEREBY WAIVE TO THE UNITED STATES FOR ITSELF, ITS LESSEES, PERMITTEES, AND LICENSEES THE RIGHT TO ENTER AND OCCUPY THE LANDS IN THIS ENTRY (EXCEPT THOSE PORTIONS WHICH HAVE BEEN PREPARED FOR CULTIVATION OR WHICH HAVE HAD IMPROVEMENTS PLACED ON THEM) WITHOUT RECOURSE FOR ANY PURPOSE AUTHORIZED

Please notify Idaho Land & Map Service of decision.

IN REPLY REFER TO:

LO:NFK

[redacted]

UNITED STATES
DEPARTMENT OF THE INTERIOR
BUREAU OF LAND MANAGEMENT
Land Office
P. O. Box 2237
Boise, Idaho

JUL 31 1957

DECISION

[redacted] : [redacted]

Suspension Granted

In accordance with the provisons of the Act of July 30, 1956, Public Law 834 (70 Stat. 715) you are hereby granted suspension of cultivation and improvement operations on your desert land entry [redacted], which was allowed on [redacted]. The suspension granted under the act will run from [redacted], the date on which you filed your notice of intention to suspend.

You are advised that [redacted], proof will be due [redacted] from March 1, 1959, or from 90 days after notice of your intention to resume cultivation and other improvement operations, whichever is earlier.

This suspension of your entry does not excuse any failure to comply to date with the laws and regulations governing your entry. If, in fact, your entry is now subject to cancellation because of your failure to comply with such laws and regulations, action will be taken looking to the cancellation of your entry after your period of suspension is over. The following is a resume of how suspension affects your rights:

(1) You will lose your right to assign your entry prior to the filing of acceptable final proof of compliance with the regular requirements of the laws and regulations.

(2) Except for the above, the entries will be fully protected during the period of leave of absence or suspension.

(3) Once an entryman elects to initiate his entry after a period of suspension under the act, he waives all further rights under the act and cannot thereafter seek privileges of suspension.

(4) The United States will not interfere with an entryman's residence on the land or with his maintenance of improvements existing at the time of suspension. However, crop production will not be permitted.

Nolan F. Keil
Manager

U. S. LAND OFFICE Idaho District Land Office, No. 03237

Third YEARLY PROOF.

TESTIMONY OF WITNESS.

5 00
Rec'd

(Read carefully the instructions on the back hereof.)

I, Frank J. Pike (Give full Christian name.), of Bruneau, Idaho (Give full post-office address.), do solemnly swear that I am well acquainted with the

NW¼, Sec. 35; SW¼, Section 26,

Township 5 S, Range 3 E, Boise Meridian,

containing 320 acres, situated in Owyhee County, Idaho (County and State.),

being the land embraced in Desert-Land Entry No. 03237,

Idaho Land Office Series,

in the name of ~~Verhin A. Roberts~~ (Give full Christian name of claimant.); that from personal examination I know that during the third year after date of said entry there were expended for the ultimate reclamation of said land the amounts set forth and itemized below, the total sum thereof being not less than one dollar per acre for the entire area of the entry:

In the actual construction of reservoirs, dams, canals, ditches, laterals, wells (witness will cross out the items not alleged), the water from which is to be used for irrigating said land, located pipe, headgate and irrigation works $ 175.00

In the purchase of (Materials or machinery.) actually used in constructing

or actually installed for

In building a fence located along, west, south and east sides of entry, 1 mile 375.00

In the first clearing or breaking of acres in the (Give location.)

In surveying for the purpose of ascertaining levels for

In cash payment for stock in the Company, a receipt for which is filed herewith,

Further expenditures

Remarks (such as length and capacity of ditches, etc.):

Frank J. Pike
(Sign here, with full Christian name.)

☞ NOTE.—Every person swearing falsely to the above affidavit will be punished as provided by law for such offense. (See Sec. 125, U. S. Criminal Code—over.)

c 6—784

I HEREBY CERTIFY that the foregoing affidavit was read to or by affiant in my presence before affiant affixed signature thereto; that affiant is to me personally known (or has been satisfactorily identified before me by personally known (Give full name and post-office address.); that I verily believe affiant to be the identical person hereinbefore described; and that said affidavit was duly subscribed and sworn to before me, at my office, in Boise (Town.), Ada County (County.), Idaho (State.), within the Idaho land district, this 28 day of January, 1957

RECEIVED
BUREAU OF RECLAMATION
FEB 12 1957
PM
1957
BOISE, IDAHO
FIELD OFFICE

READ CAREFULLY BEFORE PREPARING THE AFFIDAVITS.

The law requires an expenditure of not less than three dollars per acre, for the entire area entered, in the necessary irrigation, cultivation, and reclamation of the land, by means of main canals and branch ditches, and in permanent improvements upon the land.

During the first year after entry, the claimant must file with the Register proof, by the separate affidavits of two witnesses other than himself, taken at the same time and place and before the same officer, that the full sum of one dollar per acre, for the entire area, has been so expended, and like proof must be made for each year thereafter until the full sum of three dollars per acre has been expended; and at the end of the third year the claimant must file a map or plan showing the character and extent of the improvements.

EXPENDITURES FOR WHICH PROOF WILL NOT BE ACCEPTED.

No proof of expenditure will be accepted unless the expenditure was essential to the actual or ultimate reclamation of the land.

A dwelling house is not essential to reclamation, and no allowance will be made therefor.

Plowing, after the first breaking of the land, seeding land to crops, irrigating, cultivating, and harvesting crops are not items for which proof of expenditure will be accepted.

The cost of windmill or pump will not be allowed unless it is specifically shown that the same was essential to the contemplated mode of irrigation and was not installed for domestic uses.

The cost of material for necessary construction work will not be allowed unless it actually has been applied to that use, and it must be so stated in the affidavit.

The cost of tools, implements, wagons, and repairs to same, used in construction work, can not be computed in the cost of construction.

No expenditure for surveying will be allowed unless it is specifically stated that it was for the purpose of establishing lines and levels of canals and ditches.

EXPENDITURES FOR WHICH PROOF WILL BE ACCEPTED.

Cost of constructing storage reservoir, well, canals, ditches, and maintaining same. The cost of each item must be stated separately, and the length, capacity, and location of the ditches and canals must be given.

Cost of water right, if payment therefor in cash be shown by evidence accompanying the annual proof.

Cost of clearing land, if it is shown to be the first clearing. The extent, character, and location of all clearing must be fully set forth.

Cost of first plowing or breaking. All claim for plowing or breaking must specifically state that it was the first plowing or breaking of the soil, and the area and location of the land broken must be stated.

Cost of fencing necessary to protect the land for the purpose of reclamation, the length, kind, and location to be stated.

Cost of any permanent improvement essential to the reclamation of the land, provided its purpose or use is shown.

BE SPECIFIC. SET FORTH IN DETAIL THE NATURE, CHARACTER, AND PURPOSE OF ALL IMPROVEMENTS, AND STATE COST OF EACH SEPARATELY.

SEC. 125, U. S. CRIMINAL CODE.

Whoever, having taken an oath before a competent tribunal, officer, or person, in any case in which a law of the United States authorizes an oath to be administered, that he will testify, declare, depose, or certify truly, or that any written testimony, declaration, deposition, or certificate by him subscribed is true, shall willfully and contrary to such oath state or subscribe any material matter which he does not believe to be true, is guilty of perjury, and shall be fined not more than two thousand dollars and imprisoned not more than five years.

NOTE.—In addition to the above penalty, every person who knowingly or willfully in anywise procures the making or presentation of any false or fraudulent affidavit pertaining to any matter within the jurisdiction of the Secretary of the Interior may be punished by fine or imprisonment.

READ CAREFULLY BEFORE PREPARING THE AFFIDAVITS.

The law requires an expenditure of not less than three dollars per acre, for the entire area entered, in the necessary irrigation, cultivation, and reclamation of the land, by means of main canals and branch ditches, and in permanent improvements upon the land.

During the first year after entry the claimant must file with the Register proof, by the separate affidavits of two witnesses other than himself, taken at the same time and place and before the same officer, that the full sum of one dollar per acre, for the entire area, has been so expended, and like proof must be made for each year thereafter until the full sum of three dollars per acre has been expended; and at the end of the third year the claimant must file a map or plan showing the character and extent of the improvements.

EXPENDITURES FOR WHICH PROOF WILL NOT BE ACCEPTED.

No proof of expenditure will be accepted unless the expenditure was essential to the actual or ultimate reclamation of the land.

A dwelling house is not essential to reclamation, and no allowance will be made therefor.

Plowing, after the first breaking of the land, seeding land to crops, irrigating, cultivating, and harvesting crops are not items for which proof of expenditure will be accepted.

The cost of windmill or pump will not be allowed unless it is specifically shown that the same was essential to the contemplated mode of irrigation and was not installed for domestic uses.

The cost of material for necessary construction work will not be allowed unless it actually has been applied to that use, and it must be so stated in the affidavit.

The cost of tools, implements, wagons, and repairs to same, used in construction work, can not be computed in the cost of construction.

No expenditure for surveying will be allowed unless it is specifically stated that it was for the purpose of establishing lines and levels of canals and ditches.

EXPENDITURES FOR WHICH PROOF WILL BE ACCEPTED.

Cost of constructing storage reservoir, well, canals, ditches, and maintaining same. The cost of each item must be stated separately, and the length, capacity, and location of the ditches and canals must be given.

Cost of water right, if payment therefor in cash be shown by evidence accompanying the annual proof.

Cost of clearing land, if it is shown to be the first clearing. The extent, character, and location of all clearing must be fully set forth.

Cost of first plowing or breaking. All claim for plowing or breaking must specifically state that it was the first plowing or breaking of the soil, and the area and location of the land broken must be stated.

Cost of fencing necessary to protect the land for the purpose of reclamation, the length, kind, and location to be stated.

Cost of any permanent improvement essential to the reclamation of the land, provided its purpose or use is shown.

BE SPECIFIC. SET FORTH IN DETAIL THE NATURE, CHARACTER, AND PURPOSE OF ALL IMPROVEMENTS, AND STATE COST OF EACH SEPARATELY.

SEC. 125, U. S. CRIMINAL CODE.

Whoever, having taken an oath before a competent tribunal, officer, or person, in any case in which a law of the United States authorizes an oath to be administered, that he will testify, declare, depose, or certify truly, or that any written testimony, declaration, deposition, or certificate by him subscribed is true, shall willfully and contrary to such oath state or subscribe any material matter which he does not believe to be true, is guilty of perjury, and shall be fined not more than two thousand dollars and imprisoned not more than five years.

NOTE.—In addition to the above penalty, every person who knowingly or willfully in anywise procures the making or presentation of any false or fraudulent affidavit pertaining to any matter within the jurisdiction of the Secretary of the Interior may be punished by fine or imprisonment.

DEPARTMENT OF THE INTERIOR.

DESERT-LAND ENTRY.

U. S. LAND OFFICE Idaho District Land Office, No. 03237

First YEARLY PROOF.

TESTIMONY OF WITNESS.

(Read carefully the instructions on the back hereof.)

I, Johnny W. Fitting (Give full Christian name.), of 1205 N. Roosevelt, Boise, Idaho (Give full post-office address.), do solemnly swear that I am well acquainted with the

NW¼, Section 35; SW¼, Section 26,

Township 5 S, Range 3 E, Boise Meridian,

containing 320 acres, situated in Owyhee County, Idaho (County and State.),

being the land embraced in Desert-Land Entry No. 03237,

Idaho Land Office Series,

in the name of Verlin A. Roberts (Give full Christian name of claimant.); that from personal examination I know that during the first year after date of said entry there were expended for the ultimate reclamation of said land the amounts set forth and itemized below, the total sum thereof being not less than one dollar per acre for the entire area of the entry:

In the actual construction of ~~xxxxxxxxxxxxxxxxxxxxxxxxxxxx~~, ditches, ~~laterals~~, wells (witness will cross out the items not alleged), the water from which is to be used for irrigating said land, located over entire area. $240.00

In the purchase of (Materials or machinery.)

actually used in constructing

or actually installed for

In building a fence located

In the first clearing or breaking of acres in the

(Give location.)

In surveying for the purpose of ascertaining levels for irrigation 80.00

In cash payment for stock in the

Company, a receipt for which is filed herewith,

Further expenditures

Remarks (such as length and capacity of ditches, etc.):

Johnny W. Fitting
(Sign here, with full Christian name.)

☞ NOTE.—Every person swearing falsely to the above affidavit will be punished as provided by law for such offense. (See Sec. 125, U. S. Criminal Code—over.)

c 6—784

I HEREBY CERTIFY that the foregoing affidavit was read to or by affiant in my presence before affiant affixed signature thereto; that affiant is to me personally known (or has been satisfactorily identified before me by personally known (Give full name and post-office address.)); that I verily believe affiant to be the identical person hereinbefore described; and that said affidavit was duly subscribed and sworn to before me, at my office, in Boise (Town.), Ada (County.), Idaho (State.), within the Idaho land district, this 30 day of December, 1954

Harley M. Donnell

My Commission expires 10/11/55 — Notary Public for the State of Idaho (Official designation of officer.)

TESTIMONY OF WITNESS

(Read carefully the instructions on the back hereof.)

I, Arthur A. Larson (Give full Christian name.), of 701 Shoshone St., Boise, Idaho (Give full post-office address.), do solemnly swear that I am well acquainted with the land described in the foregoing affidavit, and embraced in Desert-Land Entry No. 03237 Idaho Land Office Series, in the name of Verlin A. Roberts (Give full Christian name of claimant.); that from personal examination I know that during the first year after date of said entry there were expended for the ultimate reclamation of said land the amounts set forth and itemized below, the total sum thereof being not less than one dollar per acre for the entire area of the entry:

In the actual construction of ~~reservoirs, dams, canals~~, ditches, ~~laterals, roads~~ (witness will cross out the items not alleged), the water from which is to be used for irrigating said land, located ~~over entire area.~~ $~~XXXXX~~ 240.00

In the purchase of (Materials or machinery.) actually used in constructing

or actually installed for

In building a fence located

In the first clearing or breaking of acres in the (Give location.)

In surveying for the purpose of ascertaining levels for irrigation 80.00

Harley W. McDowell

My Commission expires 10/11/55 Notary Public for the State of Idaho
(Official designation of officer.)

AFFIDAVIT TO BE MADE ONLY IN CASE PROOF IS TAKEN OUTSIDE OF COUNTY.

I solemnly swear that _____ (Officer before whom proof is executed.), whose office is approximately _____ miles from the entry and outside the county in which the land is situated, is the officer nearest to (or most accessible from) the land authorized to administer oaths in desert-land cases, within the land district, for the reason that the office of the nearest officer within the county before whom the proof might have been executed, is located _____ (Facts as to nearness or accessibility of officer in county.)

_____

_____ (Sign here, with full Christian name.)

Sworn to before me this _____ day of _____, 191

_____

_____ (Designation of officer.)

Note.—The claimant is not required to make oath as to annual expenditures upon or for the benefit of his entry, but the subjoined form is furnished for his convenient use in case he should desire to supplement the testimony of the witnesses with his own affidavit. He should promptly notify the local officers of any change in his post-office address.

(Read carefully the instructions on the back hereof.)

I, _____ (Give full Christian name.), do solemnly swear that I am the _____ (Insert "same person" or "assignee of"—giving name of original entryman.) who made Desert-Land Entry No. _____, _____ Land Office Series, embracing the land described in the foregoing testimony; that I am a bona fide resident citizen of the State of _____ (or that on _____ (Date of removal.), I removed to _____ for the reason that _____ (Occasion for removal.); that my post-office address is _____; that during the _____ year after making said entry I expended in improvements necessary for the ultimate reclamation of the land, the sum of _____ _____, being not less than one dollar per acre of the area thereof, the expenditure of which is

fully set forth in the following items, to wit:

(Cost of materials and labor to be itemized separately.)

_____ $_____

_____ _____

_____ _____

_____ _____

_____ _____

_____ _____

_____

(Give full name and post-office address.)

that I verily believe affiant to be the identical person hereinbefore described; and that said affidavit was duly subscribed and sworn to before me, at my office, in _____, _____,

(Town.) (County.)

_____, within the _____

(State.)

land district, this _____ day of _____, 191

_____

_____

(Official designation of officer.)

READ CAREFULLY BEFORE PREPARING THE AFFIDAVITS.

The law requires an expenditure of not less than three dollars per acre, for the entire area entered, in the necessary irrigation, cultivation, and reclamation of the land, by means of main canals and branch ditches, and in permanent improvements upon the land.

During the first year after entry the claimant must file with the Register proof, by the separate affidavits of two witnesses other than himself, taken at the same time and place and before the same officer, that the full sum of one dollar per acre, for the entire area, has been so expended, and like proof must be made for each year thereafter until the full sum of three dollars per acre has been expended; and at the end of the third year the claimant must file a map or plan showing the character and extent of the improvements.

EXPENDITURES FOR WHICH PROOF WILL NOT BE ACCEPTED.

No proof of expenditure will be accepted unless the expenditure was essential to the actual or ultimate reclamation of the land.

A dwelling house is not essential to reclamation, and no allowance will be made therefor.

Plowing, after the first breaking of the land, seeding land to crops, irrigating, cultivating, and harvesting crops are not items for which proof of expenditure will be accepted.

The cost of windmill or pump will not be allowed unless it is specifically shown that the same was essential to the contemplated mode of irrigation and was not installed for domestic uses.

The cost of material for necessary construction work will not be allowed unless it actually has been applied to that use, and it must be so stated in the affidavit.

The cost of tools, implements, wagons, and repairs to same, used in construction work, can not be computed in the cost of construction.

No expenditure for surveying will be allowed unless it is specifically stated that it was for the purpose of establishing lines and levels of canals and ditches.

EXPENDITURES FOR WHICH PROOF WILL BE ACCEPTED.

Cost of constructing storage reservoir, well, canals, ditches, and maintaining same. The cost of each item must be stated separately, and the length, capacity, and location of the ditches and canals must be given.

Cost of water right, if payment therefor in cash be shown by evidence accompanying the annual proof.

Cost of clearing land, if it is shown to be the first clearing. The extent, character, and location of all clearing must be fully set forth.

Cost of first plowing or breaking. All claim for plowing or breaking must specifically state that it was the first plowing or breaking of the soil, and the area and location of the land broken must be stated.

Cost of fencing necessary to protect the land for the purpose of reclamation, the length, kind, and location to be stated.

Cost of any permanent improvement essential to the reclamation of the land, provided its purpose or use is shown.

BE SPECIFIC. SET FORTH IN DETAIL THE NATURE, CHARACTER, AND PURPOSE OF ALL IMPROVEMENTS, AND STATE COST OF EACH SEPARATELY.

SEC. 125, U. S. CRIMINAL CODE.

Whoever, having taken an oath before a competent tribunal, officer, or person, in any case in which a law of the United States authorizes an oath to be administered, that he will testify, declare, depose, or certify truly, or that any written testimony, declaration, deposition, or certificate by him subscribed is true, shall willfully and contrary to such oath state or subscribe any material matter which he does not believe to be true, is guilty of perjury, and shall be fined not more than two thousand dollars and imprisoned not more than five years.

NOTE.—In addition to the above penalty, every person who knowingly or willfully in anywise procures the making or presentation of any false or fraudulent affidavit pertaining to any matter within the jurisdiction of the Secretary of the Interior may be punished by fine or imprisonment.

Application for Desert-Land Entry

(FILE IN DUPLICATE)

LAND OFFICE, Idaho Land & Survey Office No. 03237

RECEIPT NO. .....

Mr.
Mrs. Verlie I. Roberts, state that my post-office
Miss (First name) (Middle initial) (Last name)
address is R. 4, Boise, Idaho; that I am a citizen
(Street) (City) (State)
of the United States ☒ Native-born ☐ Naturalized ☐ or have declared my in-
(CHECK ONE)
tention to become a citizen .....
(If applicant is not native-born, or a woman, see
instructions for evidence required)
and a bona fide resident of the State of Idaho; that I am
(The applicant must be a bona fide resident of the State in which the land sought to be entered is located, except in the State of Nevada)
54 years of age; that I intend to reclaim a tract of desert land not exceeding one-half section, or 320 acres, by conducting water upon the same within four years from date of the allowance of this entry, in manner as required by the Act of Congress approved March 3, 1877, entitled "An act to provide for the sale of desert lands in certain States and Territories," as amended by the Act of March 3, 1891, 43 U. S. C., sections 321–329. The land which I intend to reclaim is desert land and is described as follows:

See map attached

(A map must be furnished which shall exhibit a plan showing the mode of contemplated irrigation as required by section 4 of said act. When practicable the dimensions of said map should be 8½ x 14 or 14 x 17 inches.)

E½, section 35; by ....., Section 26,
Township 5 S., Range 3 W., Boise Meridian, containing
320 acres, situated in Owyhee County, Idaho,
(County and State)
within the Idaho Land & Survey Office land district.

I have made no other application for desert lands nor any other entry under the provisions of said act, nor have I had assigned to me any lands entered under said act; that since August 30, 1890, I have not entered and acquired title to, nor am I now claiming, under an entry made under any of the nonmineral public-land laws, an amount of land which, together with the land now applied for, will exceed in the aggregate 320 acres[1]; that the land

above described borders on no stream or live course of any nature
(State what stream or body of water and describe the same)
or body of water, but is lower by [illegible] than other lands in the vicinity
which do have such;
that there is no spring or water hole, and no hot spring or other spring having waters possessing curative properties on the above-described land,

except[2] none

and that there is through or upon said land none
(Name and describe all water courses, springs, or other
bodies of water)
that said land is not naturally irrigated or watered, nor overflowed at

[1] One who has made an enlarged homestead entry may, if otherwise qualified, make a desert land entry, provided the combined area to be acquired under the enlarged homestead and desert land laws shall not exceed 480 acres, Act of February 27, 1917 (39 Stat., 946).

[2] If there be any spring or water hole on the land, state the exact location and size thereof, giving an estimate of the quantity of water in gallons which it is capable of producing daily and any other information necessary to determine whether it is valuable or necessary to be withdrawn as a public water reserve. State also if the spring is a hot spring, or if its waters contain curative properties. (Executive orders, April 17, 1926, creating public water reserve 107; and July 7, 1930, No. 5389.)

16—54083-2

any season of the year by the foregoing or any other natural stream, spring, or other body of water; that I expect to obtain my water supply to

irrigate said land from [illegible] of reclamation.
that the character of the soil is [illegible];
that said land will not, without artificial irrigation, produce an agricultural crop of any kind in amount reasonably remunerative, and that it will not, when unfed by grazing animals, produce native grasses sufficient in quantity to make an ordinary crop of hay in usual seasons; that there are no trees on said land; that the same is essentially dry and arid land, wholly unfit for cultivation without artificial irrigation; that said land cannot be successfully cultivated without being reclaimed by conducting water thereon; that it is a well-known fact that the same will not, in its natural condition, produce any crop; that no portion of said land has ever been reclaimed by conducting water thereon, and there are no lands in the vicinity of this tract that are occupied by settlers and cultivated without artificial irrigation. I further state that I have personally examined every legal subdivision of the said land and there is not, to my knowledge, within the limits thereof, any vein or lode of quartz, or other rock in place, bearing gold, silver, cinnabar, lead, tin, or copper, or any deposit of coal; that there is not, within the limits of said land, to my knowledge, any placer, cement, gravel, or other valuable mineral deposit, salt springs, or deposits

of salt, except none;
that no portion of said land is claimed for mining purposes under the local customs or rules of miners, or otherwise; that no portion of said land is worked for mineral during any part of the year by any person or persons; that said land is essentially nonmineral land, and that my application therefor is not made for the purpose of fraudulently obtaining title to mineral land, timber land, or agricultural land, but for the purpose of faithfully reclaiming the land above decribed by conducting water thereon, and that the land is not occupied and improved by any Indian and is unoccupied, unimproved, and unappropriated by any person claiming the same other than myself

(except one).

I CERTIFY that the statements made by me in this application are true, complete, and correct to the best of my knowledge and belief, and are made in good faith.[3]

Verlin A. Roberts
(Signature of applicant)

STATEMENT OF WITNESSES

We, [illegible] C. Cornell (Give full name), of [illegible] (Give full post-office address)

and [illegible] (Give full name), of [illegible] (Give full post-office address),
state that we are well acquainted with the character of each and every legal subdivision or portion of the land described in the foregoing application, which said application has been read to us; that we became acquainted with said land by personal and careful examination of each and every legal subdivision or portion thereof; that we have been acquainted with it for 10

and 5 years, respectively; that our knowledge of the land is such as to enable us to testify understandingly concerning it; that same is desert, nonmineral land; and that each and every statement made by applicant in the foregoing application as to the condition, character, and situation of said land is true of our own personal knowledge; and we further state that we are not interested, in any way or manner, directly or indirectly, present or prospective, in the application in support of which this statement is made, nor in

APPROVED for patent FEB 11 (Date), 1960, By C. L. Kirkland
Adjudicator

MINERAL RESERVATIONS

1. Patent to contain provisions, reservations, conditions, and limitations of Act of June 22, 1910 (36 Stat. 583; 30 U. S. C. secs. 83–85).

2. Patent to contain provisions, reservations, conditions, and limitations of Act of July 17, 1914 (38 Stat. 509; 30 U. S. C. secs. 121–123) as to _____
(Name of mineral)

3. Patent to contain provisions, reservations, conditions, and limitations of Act of July 17, 1914 (38 Stat. 509) as extended by the Act of March 4, 1933 (47 Stat. 1570; 30 U. S. C. sec. 124) as to _____
(Sodium or sulphur)

4. Patent to contain reservation of oil, gas, and all other mineral deposits under conditions and limitations as provided by Act of June 1, 1938 (52 Stat. 609; 43 U. S. C. 682b) as amended.

5. Patent to contain reservation of coal and all other minerals under conditions and limitations as provided by Act of December 22, 1928 (45 Stat. 1069; 43 U. S. C. secs. 1068, 1068a).

RESERVATIONS OF RIGHTS-OF-WAY

6. Patent to contain reservation according to proviso of the Act of August 30, 1890 (26 Stat. 391; 43 U. S. C. sec. 945).

7. Patent to contain provisions, reservations, conditions, and limitations of section 24, Federal Power Act, June 10, 1920 (41 Stat. 1075) as amended by the Act of August 26, 1935 (49 Stat. 846; 16 U. S. C. sec. 818).

8. Patent to contain provisions, reservations, conditions, and limitations of section 24, Federal Power Act, June 10, 1920 (41 Stat. 1075) as amended by the Act of August 26, 1935 (49 Stat. 846; 16 U. S. C. sec. 818) as to that portion of the _____ said Section _____ lying within _____ feet of the center line of the transmission line right-of-way of the _____ Project No. _____.

9. Patent to contain provisions, reservations, conditions, and limitations of section 24, Federal Power Act, June 10, 1920 (41 Stat. 1075) as amended by the Act of August 26, 1935 (49 Stat. 846; 16 U. S. C. sec. 818) as to that portion of the _____ said section _____ lying within a strip _____ feet wide covered by the transmission line right-of-way of the _____.

10. Right-of-way for a Federal Aid Highway under section 17 of the Act of November 9, 1921 (42 Stat. 216; 23 U. S. C. sec. 18), crossing the $NW\frac{1}{4}SW\frac{1}{4}$, $S\frac{1}{2}SW\frac{1}{4}$, Sec. 26; and $NE\frac{1}{4}NW\frac{1}{4}$, Sec. 35.

11. Material site reserved under section 17 of the Act of November 9, 1921 (42 Stat. 216; 23 U. S. C. sec. 18).

RESERVATIONS APPLICABLE TO ALASKA

12. There is reserved to the United States a right-of-way for the construction of railroads, telegraph, and telephone lines under the Act of March 12, 1914 (38 Stat. 305; 48 U. S. C. secs. 301–302, 303–308).

13. Patent to contain provisions, reservations, conditions, and limitations of the Act of March 8, 1922 (42 Stat. 415; 48 U. S. C. secs. 376–377) as to _____
(Coal, oil or gas)

14. Patent to contain reservation for roads, roadways, highways, tramways, trails, bridges, and appurtenant structures in accordance with the Act of July 24, 1947 (61 Stat. 418; 48 U. S. C. sec. 321d).

OTHER RESERVATIONS

15. This entry is made under section 29, Act of February 25, 1920 (41 Stat. 449; 30 U. S. C. sec. 186) and the Act of March 4, 1933 (47 Stat. 1570; 30 U. S. C. sec. 124), and is subject to rights of prior permittees or lessees to use so much of the surface of said lands as is required for mining operations, without compensation to the patentee for damages resulting from proper mining operations.

16. Patent to be issued subject to Act of June 17, 1902 (32 Stat. 388; 43 U. S. C. sec. 372 *et seq.*) to sections 1 and 2 of Act May 15, 1922 (42 Stat. 541; 43 U. S. C. secs. 511–512) and to section 3 of the Act of August 9, 1912 (37 Stat. 266; 43 U. S. C. sec. 543).

17. Patent to be issued subject to Act of June 17, 1902 (32 Stat. 388; 43 U. S. C. section 372 *et seq.*) and to all provisions of the Act of August 9, 1912 (37 Stat. 265; 43 U. S. C. secs. 541–546).

18.

NOTE.—If reservation affects only a portion of the land entered, such portion must be indicated after the reservation.

II. The financial resources of the applicant are: (a) Cash on hand: $.....

(b) Treasury stock: ..... (c) Bonds to be issued: .....

(d) Other resources: .....

2. Quantity of water claimed: (1030 Miner's inches) 20.6 cubic feet per second

3. Source of water supply: Snake River

which is tributary of Columbia River

4. Location of point of diversion: 1465 ft. (northeast) feet distant from the SW corner of Section 34, T. 5 S. R. 4 E. B. M., and is in the Lot 9 ($SE\frac{1}{4}SW\frac{1}{4}$) of Section 34, T. 5 S R. 4 E B. M., County of Owyhee

5. Water is to be used for: Irrigation and domestic

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: ..... feet distant from ..... corner of Section .....

T....., R....., B. M., in the ..... of Section ....., T....., R....., B. M.

(b) Amount of power generated: ..... H. P., under ..... feet head.

(c) Water is to be returned to ..... at a point ..... feet distant from the ..... corner of Section ....., T....., R....., B. M., in the ..... of Section ....., T....., R....., B. M.

7. Estimated cost of works: $ 30,000

8. Kind of works: Pump, (turbine type), canal, and booster pump(some sprinkler system may be necessary for irrigation of more irregular portions of land described.
(Reservoir, dam, ditch, flume, pipe, etc.)

9. Height of dam ..... feet; length of dam at top ..... feet; length of dam at bottom .....
(If height of dam will exceed 10 feet or will store more than 100 acre feet of water, send to Department of Reclamation for Regulations.)
feet; material used in dam .....

10. Size of headgate: Width 8 ft. feet; Height 6 ft. feet.

11. Ditch: Width at bottom 6 feet; Width at water line 10 feet; Depth of water 4 feet;

Dimensions of flume .....; Diameter of pipe ..... inches;

Length of conduit ..... miles. Average grade per mile ..... feet.

12. The time required for the completion of such work is 5 years.

13. The time required for the complete application of the water to the proposed use is 5 additional years.

14. The land to be irrigated is described in the following tabulation:

(Give irrigable acreage in each 40-acre subdivision)

Twp.	Range	Sec.	NE¼				NW¼				SW¼				SE¼				Totals
			NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	
5 S	3 E	35					40	40	40	40	40	40	40	40					320
		26									40	40	40	40		20	15		195
5 S	2 E	13	10	10	40	40	25								40	40			205
		2							40		20								60
5 S	3 E	18							30				10	40			20		100
		20							10		35			40		10	35	20	150

Total Number of Acres to be Irrigated 1030

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

16. (a) Is reservoir to be used? No (If so, fill in (b) and (c) below.)

(b) Name of reservoir and number of Storage Permit:

(c) Date of filing of Application for Storage Permit and Name of Applicant:

Remarks: This project would take Snake River waters and conduct them through existing canals (possible with some enlargement if necessary) to the points indicated on the plat where they could be used to their maximum beneficial use through the irrigation of these lands which are now arid. For the most part these lands are deeded and held by or controlled by the applicant with the exception of one 380 acre Federal range area which is now under desert land application and through a beneficial use of this water, the maximum productivity of this land and irrigation will be realized.

BE IT KNOWN That the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

V. A. Roberts
Applicant.

THE UNITED STATES OF AMERICA,

To all to whom these presents shall come, Greeting:

CERTIFICATE

Whereas Nathaniel J. Spink, assignee of Robert J. Parfit of Providence County of Rhode Island

has deposited in the General Land Office of the United States a Certificate of the Register of the Land Office at Boise City Idaho whereby it appears that full payment has been made by the said Nathaniel J. Spink according to the provisions of the Act of Congress of the 24th of April 1820, entitled "An Act making further provision for the sale of the Public Lands," and the acts supplemental thereto, for the North half of the South East quarter, the South East quarter of the South East quarter and the North East quarter of the South West quarter of section twenty three in Township five South of Range three East of the Boise Meridian in Idaho containing one Hundred and sixty acres

according to the Official Plat of the Survey of the said Lands, returned to the General Land Office by the Surveyor General, which said Tract has been purchased by the said Nathaniel J. Spink

Now know ye, That the United States of America, in consideration of the premises, and in conformity with the several Acts of Congress in such case made and provided, HAVE GIVEN AND GRANTED, and by these presents DO GIVE AND GRANT unto the said Nathaniel J. Spink

and to his heirs, the said Tract above described: TO HAVE AND TO HOLD the same, together with all the rights, privileges, immunities, and appurtenances, of whatsoever nature, thereunto belonging, unto the said Nathaniel J. Spink and to his heirs and assigns forever; subject to any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights as may be recognized and acknowledged by the local customs, laws, and decisions of courts; and also subject to the right of the proprietor of a vein or lode to extract and remove his ore therefrom, should the same be found to penetrate or intersect the premises hereby granted, as provided by law. And there is reserved from the lands hereby granted, a right of way thereon for ditches or canals constructed by the authority of the United States.

In testimony whereof I, Grover Cleveland, President of the United States of America, have caused these letters to be made Patent, and the seal of the General Land Office to be hereunto affixed.

Given under my hand, at the City of Washington, the fifteenth day of January, in the year of our Lord one thousand eight hundred and Ninety Seven, and of the Independence of the United States the one hundred and twenty first.

SEAL

By the President: Grover Cleveland

By: M. McKean, Secretary

L. G. Lamar, Recorder of the General Land Office.

Form 4-1128
(Oct. 1957)

Idaho 03236

The United States of America

To all to whom these presents shall come, Greeting:

WHEREAS, a Certificate of the Land Office at **Boise, Idaho,**

is now deposited in the Bureau of Land Management, whereby it appears that full payment has been made by the claimant, **Ellen M. Roberts,**

according to the provisions of the Act of Congress approved March 3, 1877 (19 Stat. 377), as amended by the Act of March 3, 1891 (26 Stat. 1096), for the following described land:

Boise Meridian, Idaho.

T. 5 S., R. 3 E.,

Sec. 26, $W\frac{1}{2}$.

The area described contains 160.00 acres,

according to the Official Plat of the Survey of the said Land, on file in the Bureau of Land Management:

NOW KNOW YE, That the UNITED STATES OF AMERICA, in consideration of the premises, and in conformity with the several Acts of Congress in such case made and provided, HAS GIVEN AND GRANTED, and by these presents DOES GIVE AND GRANT unto the said claimant and to the heirs of the said claimant the tract above described; TO HAVE AND TO HOLD the same, together with all the rights, privileges, immunities, and appurtenances, of whatsoever nature, thereunto belonging, unto the said claimant and to the heirs and assigns of the said claimant forever; subject to any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights, as may be recognized and acknowledged by the local customs, laws, and decisions of courts; and there is reserved from the lands hereby granted, a right-of-way thereon for ditches or canals constructed by the authority of the United States.

There is also reserved a right of way for a Federal Aid Highway under the Act of November 9, 1921 (42 Stat. 212).

IN TESTIMONY WHEREOF, the undersigned authorized officer of the Bureau of Land Management, in accordance with the provisions of the Act of June 17, 1948 (62 Stat. 476), has, in the name of the United States, caused these letters to be made Patent, and the Seal of the Bureau to be hereunto affixed.

GIVEN under my hand, in the District of Columbia, the [redacted] day of [redacted] in the year of our Lord one thousand nine hundred and [redacted] and of the Independence of the United States the one hundred and [redacted].

[SEAL]

For the Director, Bureau of Land Management.

THE UNITED STATES OF AMERICA,

To all to whom these Presents shall come, Greeting:

Desert Lands

CERTIFICATE No. 432

Whereas Dennis A. Matheson assignee of Ward, Lawrence & Ainslee of Boise Idaho

has deposited in the General Land Office of the United States a Register of the Register of the Land Office at Boise, Idaho, whereby it appears that full payment has been made by the said Dennis A. Matheson

according to the provisions of the Act of Congress of the 24th of April, 1820, entitled "An Act making further provision for the sale of the Public Lands," and the acts supplemental thereto, for the West half of the North East quarter and the South East quarter of the North East quarter of Section twenty three and the North West quarter of the North West quarter the South East quarter of the North West quarter and the Lot numbered four of Section twenty four in Township five South of Range three East of Boise Meridian in Idaho containing two hundred and twenty nine acres and seventy hundredths of an acre according to the Official Plat of the Survey of the said Lands, returned to the General Land Office by the Surveyor General, which said Tract has been purchased by the said Dennis A. Matheson

Now know ye, That the United States of America, in consideration of the premises, and in conformity with the several Acts of Congress in such case made and provided, have given and granted, and by these presents do give and grant unto the said Dennis A. Matheson

and to his heirs, the said Tract above described: To have and to hold the same, together with all the rights, privileges, immunities, and appurtenances, of whatsoever nature, thereunto belonging, unto the said Dennis A. Matheson

and to his heirs and assigns forever; subject to any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights as may be recognized and acknowledged by the local customs, laws, and decisions of courts, and also subject to the right of the proprietor of a vein or lode to extract and remove his ore therefrom, should the same be found to penetrate or intersect the premises hereby granted, as provided by law. And there is reserved from the lands hereby granted, a right of way thereon for ditches or canals constructed by the authority of the United States. This Patent is issued in lieu of one bearing the same number dated March 29th 1902 which has been cancelled and is void which the Range was erroneously described as East.

In testimony whereof I, Theodore Roosevelt, President of the United States of America, have caused these letters to be made Patent, and the seal of the General Land Office to be hereunto affixed.

Land Office	Boise
Serial Number	see below

Applicant or area: see below	Name of examiner: Donovan Yingst
Subject: DLE Final Proofs	Date of examination: November 11, 1959
Date of application, etc.	Date of report: December 18, 1959

Lands involved: Owyhee County Boise District

I-03236 - Ellen M. Roberts
T. 5 S., R. 3 E., B.M.
Section 26: NW¼ 160 acres

I-03237 - Verlin A. Roberts
T. 5 S., R. 3 E., B.M.
Section 26: SW¼
Section 35: NW¼ 320 acres

Total: 480 acres

Both entries have been developed essentially as outlined by the claimants insofar as ditches and cultivated land are concerned. More than one-eighth of each entry has been cultivated, cropped and irrigated. The necessary ditches and other irrigation facilities are in place to serve all the irrigable land.

The claimants obtain water from three artesian wells and from Snake River through the facilities of the Grandview Mutual Canal Company. The three wells are held jointly by the two claimants under State of Idaho Appropriation Permit No. G-28239. The total production of the wells, according to measurements by a well driller, is 150 miner's ~~classification~~ inches. In addition, the claimants are entitled to 100 inches of water from the Grandview Mutual Canal Company on a joint basis. The total amount of water available is then 250 inches.

The total acreage of irrigable land on each entry has been determined by a survey made by a licensed surveyor. The total acreage of irrigable land on both entries is 349 acres. Using 5/8th inch per irrigable acre as a minimum, 250 inches provide sufficient water for 400 acres. The claimants' water supply, therefore, is more than adequate for the total area of irrigable land.

It is recommended that the showing as to final proof be accepted and patent be issued on both entries, subject to valid existing rights.

1. Region I State Idaho County Owyhee Serial I-03236
2. Type of application D. L. E. Applicant Ellen M. Roberts
3. Land description: T. 5 S. R. 3 E. Mer. Boise Acres 160.00
   Sec. 26, NW¼, land in Range Management District No. 1.
4. Location and accessibility About 1½ miles southeasterly from Grandview, Idaho, via a County road to the NW. corner of Sec. 26.
5. Elevation About 2425 to 2500' 6. Annual precipitation About 8"
7. Topography A plain of gently undulating surface sloping northeasterly.
8. Soil Fine silt loam with locally some gravel.
9. Vegetation Sagebrush, shadscale, cheat grass.
10. Type and extent of erosion Not abnormal.
11. Present land uses Grazing of livestock.
12. Potential land uses Production of irrigated crops.
13. Present improvements A power transmission line, County and unimproved roads.
14. Needed improvements A water development, land preparation, fencing.
15. (a) Value of land, $____ (b) Value of ____, $____
    (c) Value of ____, $____ Total value, $____
16. Conflicts None according to the Idaho District Land Office status report.
17. Does the land contain: (a) Mineral no (b) Hot springs no (c) Water needed by public? no
    (d) Is it occupied by natives (Alaska)? ____
18. Findings and recommendations:

As to factors of soil and topography the land under consideration is held to be of at least fair arable quality and thus to be suitable for the proposed development.

The applicant holds the legal right to appropriate sufficient local Snake River waters to adequately irrigate this land apparently on a permanent basis.

The applicant has shown that this land is to be developed as part of a joint irrigation project which will also include the lands of D. L. Appln. 03237 and certain patented lands as listed in the pertinent water appropriation permits. The project appears to be feasible.

The District Range Manager has indicated his non-objection to allowance as requested.

The land is adduced to be of non-mineral classification.

In view of the evidence herein contained, it is recommended that under this application entry be allowed subject to valid existent rights.

Prepared by Louis A. Blackburn Appraiser, Div. Lands & Minerals Jan. 18, 1954

II. LAND USE FACTORS

A. CROP FACTORS:

20. Soil Fine silt loams with locally considerable commingled gravel.

21. Precipitation About 8 inches annually.

22. Growing season April 15 to September 20.

23. Area adaptable for crop production: Total acres About 145.
(a) By irrigation About 145 (b) By dry-farming 0

24. Principal crops and average yields on similar lands in locality Alfalfa, 6 tons per acre; sugar beets, 17 tons; wheat, 50 bu.; oats, 70 bu.

25. Crop failures in locality Not appreciable on lands under adequate irrigation.
(a) Frequency (b) Causes

26. Extent of farm land abandonment in locality Very little on lands under adequate irrigation.

27. Water supply:
(a) Source Snake River (b) Quality Fair
(c) Adequacy Apparently O. K. (d) Dependability Apparently O. K.

28. Feasibility of irrigation development (construction of facilities, water rights, costs, and returns):

Under Idaho State Permit No. 22996 the applicant is authorized to appropriate 7.8 sec. ft. of local Snake River waters for the irrigation of this land and 230 acres of lands already under her control. As described in this application and in that of D.I.A. I-03237 the lands of these cases are parts of a joint project whereby such lands and about 900 acres of patented lands will be developed under irrigation by this applicant and her husband. *

29. Minimum acreage required for average farm family unit

30. Agricultural rating: (a) Good (b) Fair x (c) Poor

31. Comments:

As to soils and topography the land is of at least fair arable quality and is thus suitable for the proposed development.

As to the proposed water source (the Snake River) there is no reasonable doubt as to the adequacy and dependability of such in this locality. Although the proposed point of diversion is on the C.J.Strike Reservoir (F.P.C. Project No. 2055), as irrigation rights in Idaho are apparently paramount to those involving power generation, of the rights held under Permit No. 22996, there apparently will be no curtailment attributable to the C. J. Strike Project.

B. GRAZING FACTORS:

32. Vegetation (type association) Sagebrush, shadscale, cheat grass.

33. (a) Density 30% (b) Condition Poor

34. Principal forage plants Shadscale, cheat grass, Russian thistle.

35. Nonforage plants Sagebrush.

36. Present grazing capacity 8 ac. per (AUM); Potential grazing capacity (AUMs)

37. Stock water available: Stream no Spring no Well no Pond no Other no

38. Is this water needed by public? If so, explain

39. Treatment, structures, or other changes or improvements necessary for best use and management

40. Name and address of lessee: Apparently allotment to applicant (see memo. of Sept. 9, 1953, from the District Range Manager)

41. Comments: 16—60299-1

In a memorandum of September 9, 1953, on this case, District Range Manager W. H. Quinn has indicated his non-objection to entry allowance.

---

* As further described in the respective applications, the project appears to be feasible.

C. TIMBER:

42. Acres timbered: None.

49. (a) Metallic Apparently none.
(b) Nonmetallic " "
50. Extent of development, leases and claims " "

51. Comments:
The lands are adduced to be of non-mineral classification.

E. OTHER LAND USE:

52. Does the land have value or adaptability for airfield, wildlife conservation, hunting, community, industrial, homesite, business, recreation, or other? Practically, no.

53. Type and ownership of improvements on this and adjacent lands A power transmission line of the Idaho Power Company and a County road on or near the west boundary. An unim-

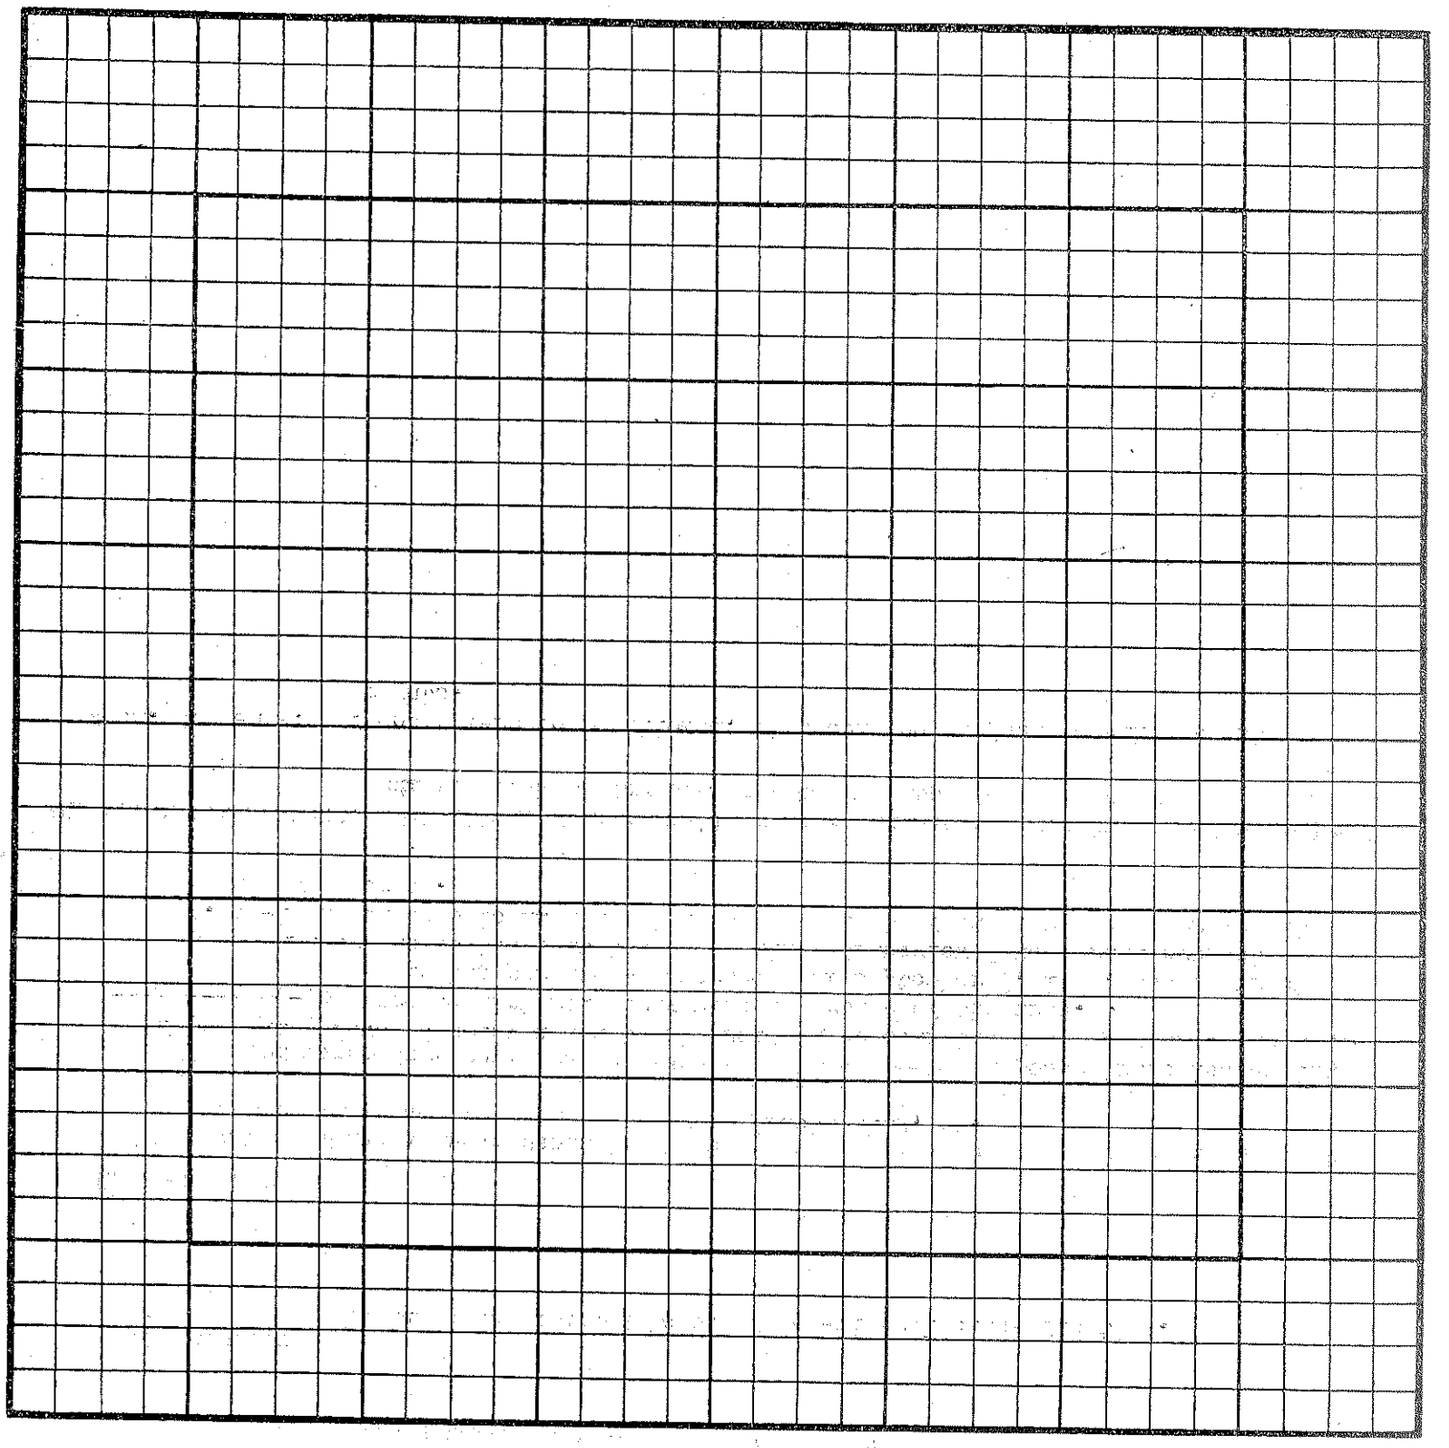

~~54. Comments:~~* proved dirt road traverses a portion of the area.
In his pertinent memorandum of September 9, 1953, the District Range Manager has stated that the Duck Valley-Grandview Truck Trail Project No. 68-14 involves this land and that thus a right of way for such improvement should be reserved.

III. APPRAISAL (55–60).—List evidence of value considered (sales, tax assessments, opinions, rentals, etc.) and state conclusions. Improvements should be appraised separately.

Memorandum

To: Appraiser, Lands & Minerals, Boise, Idaho

From: District Range Manager, Boise, Idaho

Subject: D. L. E. 03236, Ellen M. Roberts

With reference to the above designated land case this is to advise you that this office has no objection to allowance of said entry, providing the lands can be classified as being subject to disposal under the desert land regulations.

Our records disclose that a fence has been constructed along the west side of the lands involved under Section 4 Permit 118, issued to V. A. Roberts of Boise, Idaho. The fence in effect enclosed the W½ of Sec. 26 and NW¼ of Sec. 35 to form an individual allotment to be used by V. A. Roberts.

Our records also disclose that the Duck Valley-Grandview Truck Trail Project #68-14 extends across the lands applied for and a right-of-way should be reserved for this road.

Wilfred H. Quinn
District Range Manager

MINERAL RESERVATIONS

1. Patent to contain provisions, reservations, conditions, and limitations of Act of June 22, 1910 (36 Stat. 583; 30 U. S. C. secs. 83–85).

2. Patent to contain provisions, reservations, conditions, and limitations of Act of July 17, 1914 (38 Stat. 509; 30 U. S. C. secs. 121–123) as to _____
(Name of mineral)

3. Patent to contain provisions, reservations, conditions, and limitations of Act of July 17, 1914 (38 Stat. 509) as extended by the Act of March 4, 1933 (47 Stat. 1570; 30 U. S. C. sec. 124) as to _____
(Sodium or sulphur)

4. Patent to contain reservation of oil, gas, and all other mineral deposits under conditions and limitations as provided by Act of June 1, 1938 (52 Stat. 609; 43 U. S. C. 682b) as amended.

5. Patent to contain reservation of coal and all other minerals under conditions and limitations as provided by Act of December 22, 1928 (45 Stat. 1069; 43 U. S. C. secs. 1068, 1068a).

RESERVATIONS OF RIGHTS-OF-WAY

6. Patent to contain reservation according to proviso of the Act of August 30, 1890 (26 Stat. 391; 43 U. S. C. sec. 945).

7. Patent to contain provisions, reservations, conditions, and limitations of section 24, Federal Power Act, June 10, 1920 (41 Stat. 1075) as amended by the Act of August 26, 1935 (49 Stat. 846; 16 U. S. C. sec. 818).

8. Patent to contain provisions, reservations, conditions, and limitations of section 24, Federal Power Act, June 10, 1920 (41 Stat. 1075) as amended by the Act of August 26, 1935 (49 Stat. 846; 16 U. S. C. sec. 818) as to that portion of the _____ said Section _____ _____ lying within _____ feet of the center line of the transmission line right-of-way of the _____ Project No. _____.

9. Patent to contain provisions, reservations, conditions, and limitations of section 24, Federal Power Act, June 10, 1920 (41 Stat. 1075) as amended by the Act of August 26, 1935 (49 Stat. 846; 16 U. S. C. sec. 818) as to that portion of the _____ said section _____ lying within a strip _____ feet wide covered by the transmission line right-of-way of the _____ _____.

10. Right-of-way for a Federal Aid Highway under section 17 of the Act of November 9, 1921 (42 Stat. 216; 23 U. S. C. sec. 18), crossing the W½NW¼, Sec. 26.

11. Material site reserved under section 17 of the Act of November 9, 1921 (42 Stat. 216; 23 U. S. C. sec. 18).

NOTE.—If reservation affects only a portion of the land entered, such portion must be indicated after the reservation.

RESERVATIONS APPLICABLE TO ALASKA

12. There is reserved to the United States a right-of-way for the construction of railroads, telegraph, and telephone lines under the Act of March 12, 1914 (38 Stat. 305; 48 U. S. C. secs. 301–302, 303–308).

13. Patent to contain provisions, reservations, conditions, and limitations of the Act of March 8, 1922 (42 Stat. 415; 48 U. S. C. secs. 376–377) as to _____ _____.
(Coal, oil or gas)

14. Patent to contain reservation for roads, roadways, highways, tramways, trails, bridges, and appurtenant structures in accordance with the Act of July 24, 1947 (61 Stat. 418; 48 U. S. C. sec. 321d).

OTHER RESERVATIONS

15. This entry is made under section 29, Act of February 25, 1920 (41 Stat. 449; 30 U. S. C. sec. 186) and the Act of March 4, 1933 (47 Stat. 1570; 30 U. S. C. sec. 124), and is subject to rights of prior permittees or lessees to use so much of the surface of said lands as is required for mining operations, without compensation to the patentee for damages resulting from proper mining operations.

16. Patent to be issued subject to Act of June 17, 1902 (32 Stat. 388; 43 U. S. C. sec. 372 *et seq.*) to sections 1 and 2 of Act May 15, 1922 (42 Stat. 541; 43 U. S. C. secs. 511–512) and to section 3 of the Act of August 9, 1912 (37 Stat. 266; 43 U. S. C. sec. 543).

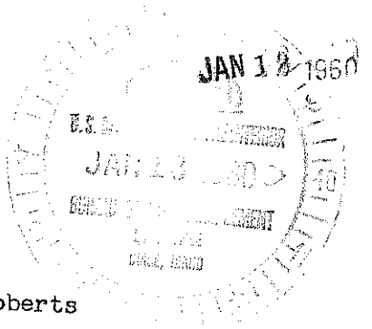

17. Patent to be issued subject to Act of June 17, 1902 (32 Stat. 388; 43 U. S. C. section 372 *et seq.*) and to all provisions of the Act of August 9, 1912 (37 Stat. 265; 43 U. S. C. secs. 541–546).

IN REPLY REFER TO:

UNITED STATES
DEPARTMENT OF THE INTERIOR
GEOLOGICAL SURVEY
WASHINGTON 25, D. C.

Memorandum

To: Manager, Land Office, Boise, Idaho

From: Director, Geological Survey

Subject: Idaho 03236 - DLA - E. M. & V. A. Roberts

In reply to your request of Jan. 6, 1960 for a report as to the value for mineral and water resources of land described therein, situated in T. 5 S., R. 3 E., B.M., Idaho

Survey information indicates that as of Oct. 26, 1959 date of filing final proof, this land was regarded as valuable prospectively for oil and gas; that it is without value for other minerals, either metalliferous or nonmetalliferous, and that the exercise of surface rights thereon would not interfere unreasonably with operations under the mineral leasing laws.

This land is in an area in which geologic conditions are such that if stratigraphic and structural conditions are favorable, deposits of oil or gas may occur, and under such circumstances, the land is considered to be valuable prospectively for oil or gas. However, there is no specific evidence that structural or stratigraphic conditions underlying the subject tract of land are or are not favorable. Accordingly, it does not appear that on the basis of available information, the Government can successfully assume the burden of proof that the land is mineral in character as related to oil or gas, in accordance with the established criteria referred to in 43 CFR 102.22 (b).

The land is not withdrawn for waterpower or storage purposes.

J. A. Miller

JAN 6 '1

MEMORANDUM

To: Director, Geological Survey, Washington 25, D.C.

From: Manager, Land Office, Bureau of Land Management, Boise, Idaho

Subject: Report of Mineral and Water Resources

A report is requested as to the mineral and water resources of the lands described below.

Please specify in your report the mineral or minerals involved, and where applicable, whether disposal of the lands would unreasonably interfere with operations under the mineral leasing acts.

In those cases where satisfactory final proof has been submitted, the report *must show* whether or not the lands were known to be valuable for the minerals at the date of proof and the facts upon which this information is based.

Kind of case: Desert Entries		Name: Ellen M. Roberts Verlin A. Roberts
Filed: Aug. 15, 1958	Allowed: Mar. 2, 1959	Date final proof scheduled: Oct. 17, 1959
Date entry will be confirmed:	Date of last report: Dec. 17, 1959	Date satisfactory final proof was received: Oct. 26, 1959

Remarks: Your report of December 17, 1959 reported lands prospectively valuable for oil and gas. However, Final Proof was received on October 26, 1959. Please advise immediately if the government is willing to assume the burden of proving the lands were of known mineral character on or before the date final proof was submitted.

GEOLOGICAL SURVEY

MEMORANDUM

To: Director, Geological Survey, Washington 25, D.C.

From: Manager, Land Office, Bureau of Land Management, Boise, Idaho

Subject: Report of Mineral and Water Resources

A report is requested as to the mineral and water resources of the lands described below.

Please specify in your report the mineral or minerals involved, and where applicable, whether disposal of the lands would unreasonably interfere with operations under the mineral leasing acts.

In those cases where satisfactory final proof has been submitted, the report *must show* whether or not the lands were known to be valuable for the minerals at the date of proof and the facts upon which this information is based.

Kind of case:		Name:
Desert Land		Ellen M. Roberts
Filed: 8/15/52	Allowed: 3/2/54	Date final proof scheduled: Oct. 17, 1959
Date entry will be confirmed: --	Date of last report: Sept. 30, 1952	Date satisfactory final proof was received: ----

Remarks:

The Director
Bureau of Land Management

DEC 17 1959

Survey information indicates that this land is valuable prospectively for ~~[illegible]~~ oil and gas; that it is without value for other minerals, either metalliferous or nonmetalliferous, and that the exercise of surface rights thereon would not interfere unreasonably with operations under the mineral leasing law.

The land is not withdrawn for waterpower or storage purposes.

WATER ASSIGNMENT CONTRACT

THIS AGREEMENT, made and entered into this 17th day of February, 1957, between D. O. Bybee , Verlin A. Roberts and Ellen M. Roberts, WITNESSETH:

That whereas said D. O. Bybee now holds a permit to divert 17.4 second feet of water from the Snake River out of Strike Dam; and whereas Verlin A. Roberts has 100 inches of water appropriated for use within the Grandview Mutual Canal; and whereas said Verlin A. and Ellen M. Roberts do have desert entries:

Verlin A. Roberts	No. 03237	for land described as: T. 5 S., R. 3 E. B.M. Section 26 - SW¼ Section 35 - NW¼
Ellen M. Roberts	No.03236	for land described as: T5 5 S., R. 3 E.,B.M. Section 26 - NW¼

these entries being abov;e the Grandview Mutual Canal Company; and whereas said D. O. Bybee has the right to pump f;rom this canal company, Verlin A. and Ellen M. Roberts do hereby agree to assign and transfer to D. O. Bybee 100 inches of Grandview Mutual water in exchange for 100 inches of right now held by D. O. Bybee.

This transaction is to be completed upon patenting of the designated desert entries for valua;ble coansiderations in hand to them paid, the receipt and sufficiency of which is hereby acknowledged and in consideration of the mutual promises and agreements herein contained.

Such conveyance shall be with the understanding that each will assume their proportionate share of the annual expenses for upkeep and maintenance.

IN WITNESS WHEREOF, the parties hereunto have set their hands the above day and year herein first above written.

D O Bybee

APPLICATION FOR PERMIT

TO APPROPRIATE THE SUBTERRANEAN WATERS OF THE STATE OF IDAHO

Application No. G 36199

Permit No. G 28200

District No. .....

1. Name of applicant: E. A. & ELLEN M. ROBERTS

Address: a Post office address 4912 Robertson Rd., Nampa County Ada State Idaho

2. Quantity of water claimed: 2120

(a) Rate of withdrawal in cubic feet per second 22.4 or Miner's inches ..... or gallons per minute .....

(b) Annual withdrawal in acre feet per annum .....

3. Source of water supply: 3 drilled wells.

#1- SW NW 26
#2 SW NW 25

4. Location of point of diversion or well is in the #3-SW ¼ of the SW ¼ of Section 25

Twp. 5 S., Rge. 3 E., B. M., County of Owyhee

5. Water is to be used for: irrigation.

6. If for municipal, industrial or recreational purposes give:

(a) Point of use of water is in the ..... ¼ of the ..... ¼ of Section .....

Twp. ....., Rge. ....., B. M.

(b) Waste water or sewage effluent is to be returned to .....

at a point in the ..... ¼ of the ..... ¼ of Section ..... Twp. ....., Rge. ....., B. M.

7. Kind of Works: 3 drilled wells, ditches and cooling pond.

8. Estimated cost of works: $ 15,000

9. (a) Is reservoir to be used? No.

(b) Capacity of reservoir: .....

10. The time required for the completion of such work and complete application of the water to the proposed use is 5 years.

11. If applicant is a corporation, give:

1. (a) Date and place of incorporation: ____________________

(b) Amount of capital stock $__________ (c) Amount paid in: $__________

(d) Names and addresses of directors: ____________________

____

____

II. The financial resources of the applicant are: (a) Cash on hand: $__________

(b) Treasury stock: __________ (c) Bonds to be issued: __________

(d) Other resources: __________

12. The land to be irrigated is described in the following tabulation:

(Give irrigable acreage in each 40-acre subdivision)

Twp.	Range	Sec.	NE¼ NE¼	NE¼ NW¼	NE¼ SW¼	NE¼ SE¼	NW¼ NE¼	NW¼ NW¼	NW¼ SW¼	NW¼ SE¼	SW¼ NE¼	SW¼ NW¼	SW¼ SW¼	SW¼ SE¼	SE¼ NE¼	SE¼ NW¼	SE¼ SW¼	SE¼ SE¼	Totals
5 S	3 E	25										40	40	40					120
		26		40	40		40	40	40	40	40	40	40	40		40			[illegible]
		35			40	40	40	40	40	40	40	40	40	40	40	40	40	40	560
																			1120

13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: 27111, 27130

also Grandview Mutual Canal Co. water.

(a) 22.4 (cubic feet per second, ~~inches or gallons per minute~~) of the water herein applied for is to be supplemental to the existing water rights.

(b) __________ (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks: This permit is to be used for the irrigation of the lands in our desert entries and also some desert land.

BE IT KNOWN That the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

INSTRUCTIONS

The instructions are numbered the same as the items in the proof.

1. Give your full name and your complete post office address.

2. For citizenship, put a check in the appropriate box. If you are a naturalized citizen, submit with this proof evidence of your naturalization, unless you have already done so. For legal residence, enter the name of the State in which you claim legal residence.

3. Give the complete legal description of the lands in the entry.

4a. Describe the source from which water is taken for the lands in the entry.

4b. Show the volume of water supply in acre feet, miner's inches, cubic feet per second or other recognized unit of water measurement. Also, give the name and title of the person who measured the volume of water. For wells, show size of casing, feet of lift, and size of motor.

c. Describe briefly how the entryman secured his water right. The entryman must submit with his proof his documentary evidence of his right.

d. Describe briefly how the entryman is maintaining his water right. The entryman must submit with his proof his documentary evidence, if any, of his maintenance of his right.

5a. List the years in which improvements were made on the lands.

b. For each year, briefly describe the improvements made. If not previously submitted, the entryman must submit with his proof a diagram showing the location of all ditches and other improvements and showing the area or areas of the entry actually developed under irrigation.

c. 43 CFR 323.20b states that the credit to be given for an expenditure for improvements is the reasonable value of the work done or improvement placed upon the land, according to the market price therefor, or for similar work or improvements prevailing in the vicinity.

6a. List the years in which agricultural crops were planted *and irrigated* on the lands in the entry.

b., c., and d. For each year, show the kind of crop planted and irrigated, the number of acres so planted and irrigated, and the average yield per acre in bushels or other appropriate unit of measurement.

7a. List the years in which hay was produced on the land through irrigation.

b., c., and d. For each year, show the number of acres in irrigated hay, the tons per acre produced, and the market value in dollars of the hay crop at the farm, if sold.

8. Briefly state why hay, rather than a cultivated crop, was raised.

9a. List the legal subdivisions in the entry. For each subdivision, show the data required on the remainder of the table, as follows:

b. Show the total number of acres in the subdivision that are considered irrigable.

c. Show the total number of acres in the subdivision that are not considered irrigable.

d., and e. Show the total number of acres in the subdivision that can be irrigated from ditches or sprinkler systems constructed on the lands.

f., and g. Show the total number of acres in the subdivision that were actually irrigated. If irrigated more than one year, give the years and acreage of each year's irrigation.

h. For each irrigation, give the total duration of distribution of water to the land.

i. For each irrigation, give the total quantity of water per acres placed on the land.

j. For each subdivision, show the total number of acres tilled, showing separately the acreage of irrigable lands tilled and the acreage of non-irrigable lands tilled. If the subdivision was tilled in more than one year, give the years and the acreage of each year's tillage.

k. For each subdivision, show the number and carrying capacity of ditches constructed on the land.

10. If any lands in the entry are nonirrigable, briefly state the reasons why they cannot be irrigated.

11. If the proof was not submitted within the period allowed therefor, briefly state the reasons for delay.

b., c., and d. For each year, show the kind of crop planted and irrigated, the number of acres so planted and irrigated, and the average yield per acre in bushels or other appropriate unit of measurement.

7a. List the years in which hay was produced on the land through irrigation.

b., c., and d. For each year, show the number of acres in irrigated hay, the tons per acre produced, and the market value in dollars of the hay crop at the farm, if sold.

8. Briefly state why hay, rather than a cultivated crop, was raised.

9a. List the legal subdivisions in the entry. For each subdivision, show the data required on the remainder of the table, as follows:

b. Show the total number of acres in the subdivision that are considered irrigable.

c. Show the total number of acres in the subdivision that are not considered irrigable.

d., and e. Show the total number of acres in the subdivision that can be irrigated from ditches or sprinkler systems constructed on the lands.

f., and g. Show the total number of acres in the subdivision that were actually irrigated. If irrigated more than one year, give the years and acreage of each year's irrigation.

h. For each irrigation, give the total duration of distribution of water to the land.

i. For each irrigation, give the total quantity of water per acres placed on the land.

j. For each subdivision, show the total number of acres tilled, showing separately the acreage of irrigable lands tilled and the acreage of non-irrigable lands tilled. If the subdivision was tilled in more than one year, give the years and the acreage of each year's tillage.

k. For each subdivision, show the number and carrying capacity of ditches constructed on the land.

10. If any lands in the entry are nonirrigable, briefly state the reasons why they cannot be irrigated.

11. If the proof was not submitted within the period allowed therefor, briefly state the reasons for delay.

INSTRUCTIONS

The instructions are numbered the same as the items in the proof.

1. Give your full name and your complete post office address.

2. For citizenship, put a check in the appropriate box. If you are a naturalized citizen, submit with this proof evidence of your naturalization, unless you have already done so. For legal residence, enter the name of the State in which you claim legal residence.

3. Give the complete legal description of the lands in the entry.

4a. Describe the source from which water is taken for the lands in the entry.

4b. Show the volume of water supply in acre feet, miner's inches, cubic feet per second or other recognized unit of water measurement. Also, give the name and title of the person who measured the volume of water. For wells, show size of casing, feet of lift, and size of motor.

c. Describe briefly how the entryman secured his water right. The entryman must submit with his proof his documentary evidence of his right.

d. Describe briefly how the entryman is maintaining his water right. The entryman must submit with his proof his documentary evidence, if any, of his maintenance of his right.

5a. List the years in which improvements were made on the lands.

b. For each year, briefly describe the improvements made. If not previously submitted, the entryman must submit with his proof a diagram showing the location of all ditches and other improvements and showing the area or areas of the entry actually developed under irrigation.

c. 43 CFR 323.20b states that the credit to be given for an expenditure for improvements is the reasonable value of the work done or improvement placed upon the land, according to the market price therefor, or for similar work or improvements prevailing in the vicinity.

6a. List the years in which agricultural crops were planted *and irrigated* on the lands in the entry.

b., c., and d. For each year, show the kind of crop planted and irrigated, the number of acres so planted and irrigated, and the average yield per acre in bushels or other appropriate unit of measurement.

7a. List the years in which hay was produced on the land through irrigation.

b., c., and d. For each year, show the number of acres in irrigated hay, the tons per acre produced, and the market value in dollars of the hay crop at the farm, if sold.

8. Briefly state why hay, rather than a cultivated crop, was raised.

9a. List the legal subdivisions in the entry. For each subdivision, show the data required on the remainder of the table, as follows:

b. Show the total number of acres in the subdivision that are considered irrigable.

c. Show the total number of acres in the subdivision that are not considered irrigable.

d., and e. Show the total number of acres in the subdivision that can be irrigated from ditches or sprinkler systems constructed on the lands.

f., and g. Show the total number of acres in the subdivision that were actually irrigated. If irrigated more than one year, give the years and acreage of each year's irrigation.

h. For each irrigation, give the total duration of distribution of water to the land.

i. For each irrigation, give the total quantity of water per acres placed on the land.

j. For each subdivision, show the total number of acres tilled, showing separately the acreage of irrigable lands tilled and the acreage of non-irrigable lands tilled. If the subdivision was tilled in more than one year, give the years and the acreage of each year's tillage.

k. For each subdivision, show the number and carrying capacity of ditches constructed on the land.

10. If any lands in the entry are nonirrigable, briefly state the reasons why they cannot be irrigated.

11. If the proof was not submitted within the period allowed therefor, briefly state the reasons for delay.

Your notice of intention to make proof has been received.

INSTRUCTIONS FOR PUBLICATION

The enclosed notice has been prepared for publication at your expense in the paper named below. The first publication of the notice must be had at least 30 days prior to the date fixed for the submission of proof and the remaining publications must be had in consecutive issues of the paper. You should therefore promptly make the necessary arrangements with the publisher.

You will request the publisher to forward the statement of publication provided for by the enclosed Form 4–348b to this Office immediately upon completion of the publication and to advise you when this has been done so that you may know the publication has been completed.

INSTRUCTIONS FOR PROOF

You should arrange with the proof-taking officer for submission of the proof on the date set. He will take the proof on the enclosed forms and will ask you questions concerning all items thereon. You must answer these questions fully. You must give the proof-taking officer a remittance, made payable to the Bureau of Land Management, of $ 100.00 plus a sum equivalent to _____ cents for each 100 words reduced to writing.

That officer will promptly forward the completed proof, with the remittance, to this Office.

MEMORANDUM

To: Director, Geological Survey, Washington 25, D.C.

From: Manager, Land Office, Bureau of Land Management, Boise, Idaho

Subject: Report of Mineral and Water Resources

A report is requested as to the mineral and water resources of the lands described below.

Please specify in your report the mineral or minerals involved, and where applicable, whether disposal of the lands would unreasonably interfere with operations under the mineral leasing acts.

In those cases where satisfactory final proof has been submitted, the report *must show* whether or not the lands were known to be valuable for the minerals at the date of proof and the facts upon which this information is based.

NOTICE
SUSPENSION TERMINATED

In accordance with the provisions of the Act of July 30, 1956, Public Law 834 (70 Stat. 715) you were granted suspension of cultivation and improvement operations on your Desert Land Entry, Idaho 03236.

You are hereby notified that this suspension will terminate March 1, 1959, as provided by the above-cited law.

You are further advised that during the remaining statutory life of your entry, certain requirements provided by the Desert Land Act must be complied with. Insofar as your particular entry is concerned, those requirements which must be complied with are checked below, along with the date that such compliance must be met. Those items not checked have been previously complied with.

	REQUIREMENT	DUE DATE
	1st Year Annual Proof	
	2nd Year Annual Proof	
	3rd Year Annual Proof	
X	Final Proof	Oct. 20, 1959

You are also reminded that the provisions of Public Law 834 provide that once an entryman is granted a suspension under this law, he thereafter automatically relinquishes any right to assign this entry either in whole or part.

DECISION

Ellen W. Roberts : Desert Land Entry

Suspension Granted

In accordance with the provisons of the Act of July 30, 1956, Public Law 834 (70 Stat. 715) you are hereby granted suspension of cultivation and improvement operations on your desert land entry, Idaho 03236, which was allowed on March 2, 1954. The suspension granted under the act will run from July 9, 1957, the date on which you filed your notice of intention to suspend.

You are advised that final, proof will be due 7 months and 20 days from March 1, 1959, or from 90 days after notice of your intention to resume cultivation and other improvement operations, whichever is earlier.

This suspension of your entry does not excuse any failure to comply to date with the laws and regulations governing your entry. If, in fact, your entry in now subject to cancellation because of your failure to comply with such laws and regulations, action will be taken looking to the cancellation of your entry after your period of suspension is over. The following is a resume of how suspension affects your rights:

(1) You will lose your right to assign your entry prior to the filing of acceptable final proof of compliance with the regular requirements of the laws and regulations.

(2) Except for the above, the entries will be fully protected during the period of leave of absence or suspension.

(3) Once an entryman elects to initiate his entry after a period of suspension under the act, he waives all further rights under the act and cannot thereafter seek privileges of suspension.

(4) The United States will not interfere with an entryman's residence on the land or with his maintenance of improvements existing at the time of suspension. However, crop production will not be permitted.

APPLICATION FOR LEAVE OF ABSENCE
PUBLIC LAW #834 (ACT OF JULY 30, 1956, 70 STAT. 715)

Desert land
KIND OF ENTRY

NAME ELLEN M. ROBERTS

ADDRESS 4912 Roberts Rd., Boise, Idaho

LAND DESCRIPTION NW¼, Section 26, T 5 S - R 3 E., B.M.

DATE FILED: _____ DATE OF ALLOWANCE: 1/2/54

LEAVE OF ABSENCE REQUIRED ON AN ENTRY ALLOWED PRIOR TO JULY 31, 1956? Yes.

1. LEAVE OF ABSENCE REQUESTED UNTIL MARCH 1, 1959.

2. IT IS UNDERSTOOD THAT THIS REQUEST WILL REMAIN IN EFFECT UNTIL MARCH 1, 1959 OR UNTIL NOTICE OF INTENTION IS FILED TO INITIATE RESIDENCE, CULTIVATION OR IMPROVEMENTS AND THAT SUCH NOTICE WILL BE FILED 90 DAYS PRIOR TO SUCH INITIATION.

3. IN ELECTING TO INITIATE THIS LEAVE OF ABSENCE, I WAIVE ALL FURTHER RIGHTS TO THE ACT AND CANNOT THEREAFTER SEEK THE PRIVILEGES OF SUSPENSION UNDER THE ACT.

THE IMPROVEMENTS WHICH I HAVE IN PLACE ON THIS LAND AND THE LOCATION OF MY PRESENT CULTIVATION ARE AS FOLLOWS: (USE PLAT IF NECESSARY)

Clearing and breaking of 80 acres. S½NW¼, Section 26, T 5 S - R 3 E., B.M.

I CERTIFY THAT THE REQUEST MADE BY ME ABOVE IS INTENDED TO BE IN COMPLIANCE WITH PUBLIC LAW 834 (ACT OF JULY 30, 1956, 70 STAT. 715) AND THAT I AM FAMILIAR WITH THE PROVISIONS OF THIS ACT AND PARTICULARLY WITH REFERENCE TO THE FOLLOWING PROVISIONS.

1. I WILL LOSE MY RIGHT TO ASSIGN THIS ENTRY PRIOR TO THE FILING OF ACCEPTABLE FINAL PROOF OF COMPLIANCE WITH THE REGULAR REQUIREMENTS OF THE LAW AND REGULATIONS.

2. I HEREBY WAIVE TO THE UNITED STATES FOR ITSELF, ITS LESSEES, PERMITTEES, AND LICENSEES THE RIGHT TO ENTER AND OCCUPY THE LANDS IN THIS ENTRY (EXCEPT THOSE PORTIONS WHICH HAVE BEEN PREPARED FOR CULTIVATION OR WHICH HAVE HAD IMPROVEMENTS PLACED ON THEM) WITHOUT RECOURSE FOR ANY PURPOSE AUTHORIZED

Please notify Idaho Land & Map Service of decision.

BY THE PUBLIC LAND LAWS PROVIDED HOWEVER THAT THIS GRANT DOES NOT INCLUDE A RIGHT TO CONSTRUCT PERMANENT IMPROVEMENTS ON THE LAND OR TO PERMIT A SUBSTANTIAL CHANGE IN ITS CHARACTER.

3. I KNOW THIS APPROVAL MERELY GRANTS LEAVE OF ABSENCE AND PERMITS TEMPORARY SUSPENSION OF CULTIVATION AND IMPROVEMENTS. IT DOES NOT OTHERWISE EXCUSE FULL COMPLIANCE WITH THE LAW AND EVENTUALLY I WILL HAVE TO MEET ALL THE REQUIREMENTS OF THE LAW AND REGULATIONS. HOWEVER, THE STATUTORY LIFE OF MY ENTRY WILL BE EXTENDED TO THE FULL EXTENT OF THE PERIOD OF SUSPENSION.

4. ANY REVENUES REALIZED FROM THE PERMITTED USE OF THE LANDS BY LESSEES, PERMITTEES, AND LICENSEES OF THE UNITED STATES WILL ACCRUE TO THE FEDERAL TREASURY IN THE USUAL MANNER.

5. THE LAW IN NO WAY AFFECTS THE RIGHT OF THE UNITED STATES TO ISSUE MINERAL LEASES AND PERMITS FOR THE LANDS IN THE ENTRY AND TO PERMIT THE PROSPECTING FOR AND DEVELOPMENT OF MINERALS UNDER SUCH LEASES AND PERMITS. THIS APPLIES EVEN TO LANDS PREPARED FOR CULTIVATION OR IMPROVED BY THE ENTRYMAN.

I CERTIFY THAT THE STATEMENTS MADE BY ME IN THIS APPLICATION ARE TRUE, COMPLETE, AND CORRECT TO THE BEST OF MY KNOWLEDGE AND BELIEF, AND ARE MADE IN GOOD FAITH.

_____

_____
(Official designation of officer.)

READ CAREFULLY BEFORE PREPARING THE AFFIDAVITS.

The law requires an expenditure of not less than three dollars per acre, for the entire area entered, in the necessary irrigation, cultivation, and reclamation of the land, by means of main canals and branch ditches, and in permanent improvements upon the land.

During the first year after entry the claimant must file with the Register proof, by the separate affidavits of two witnesses other than himself, taken at the same time and place and before the same officer, that the full sum of one dollar per acre, for the entire area, has been so expended, and like proof must be made for each year thereafter until the full sum of three dollars per acre has been expended; and at the end of the third year the claimant must file a map or plan showing the character and extent of the improvements.

EXPENDITURES FOR WHICH PROOF WILL NOT BE ACCEPTED.

No proof of expenditure will be accepted unless the expenditure was essential to the actual or ultimate reclamation of the land.

A dwelling house is not essential to reclamation, and no allowance will be made therefor.

Plowing, after the first breaking of the land, seeding land to crops, irrigating, cultivating, and harvesting crops are not items for which proof of expenditure will be accepted.

The cost of windmill or pump will not be allowed unless it is specifically shown that the same was essential to the contemplated mode of irrigation and was not installed for domestic uses.

The cost of material for necessary construction work will not be allowed unless it actually has been applied to that use, and it must be so stated in the affidavit.

The cost of tools, implements, wagons, and repairs to same, used in construction work, can not be computed in the cost of construction.

No expenditure for surveying will be allowed unless it is specifically stated that it was for the purpose of establishing lines and levels of canals and ditches.

EXPENDITURES FOR WHICH PROOF WILL BE ACCEPTED.

Cost of constructing storage reservoir, well, canals, ditches, and maintaining same. The cost of each item must be stated separately, and the length, capacity, and location of the ditches and canals must be given.

Cost of water right, if payment therefor in cash be shown by evidence accompanying the annual proof.

Cost of clearing land, if it is shown to be the first clearing. The extent, character, and location of all clearing must be fully set forth.

Cost of first plowing or breaking. All claim for plowing or breaking must specifically state that it was the first plowing or breaking of the soil, and the area and location of the land broken must be stated.

Cost of fencing necessary to protect the land for the purpose of reclamation, the length, kind, and location to be stated.

Cost of any permanent improvement essential to the reclamation of the land, provided its purpose or use is shown.

BE SPECIFIC. SET FORTH IN DETAIL THE NATURE, CHARACTER, AND PURPOSE OF ALL IMPROVEMENTS, AND STATE COST OF EACH SEPARATELY.

SEC. 125, U. S. CRIMINAL CODE.

Whoever, having taken an oath before a competent tribunal, officer, or person, in any case in which a law of the United States authorizes an oath to be administered, that he will testify, declare, depose, or certify truly, or that any written testimony, declaration, deposition, or certificate by him subscribed is true, shall willfully and contrary to such oath state or subscribe any material matter which he does not believe to be true, is guilty of perjury, and shall be fined not more than two thousand dollars and imprisoned not more than five years.

NOTE.—In addition to the above penalty, every person who knowingly or willfully in anywise procures the making or presentation of any false or fraudulent affidavit pertaining to any matter within the jurisdiction of the Secretary of the Interior may be punished by fine or imprisonment.

Memorandum

To: Manager, Land Off., B.L.M., Boise - Idaho

From: Director, Geological Survey

Subject: Report rendered - Idaho 03236

In reply to your request of Aug. 15, 1952 for a report as to the value for mineral and water resources of the land described therein, situated in

T. 5 S., R. 3 E., B.M., Idaho
D. L. A. of Ellen M. Roberts

Survey information indicates that this land is without value for mineral, either metalliferous or nonmetalliferous.

The land has no water-power or reservoir possibilities.

Application for Desert-Land Entry

(FILE IN DUPLICATE)

LAND OFFICE, Idaho Land & Survey Office. No. 03236

RECEIPT NO. _____

Mr.
Mrs. Ellen M. Roberts., state that my post-office
(First name) (Middle initial) (Last name)
address is Rt. 4, Boise, Idaho; that I am a citizen
(Street) (City) (State)
of the United States [X] Native-born [ ] Naturalized [ ] or have declared my in-
(CHECK ONE)
tention to become a citizen _____
(If applicant is not native-born, or a woman, see
instructions for evidence required)

and a bona fide resident of the State of Idaho; that I am
(The applicant must be a bona fide resident of the State in which the land sought to be entered is located, except in the State of Nevada)
53 years of age; that I intend to reclaim a tract of desert land not exceeding one-half section, or 320 acres, by conducting water upon the same within four years from date of the allowance of this entry, in manner as required by the Act of Congress approved March 3, 1877, entitled "An act to provide for the sale of desert lands in certain States and Territories," as amended by the Act of March 3, 1891, 43 U. S. C., sections 321–329. The land which I intend to reclaim is desert land and is described as follows:

See map attached.
(A map must be furnished which shall exhibit a plan showing the mode of contemplated irrigation as required by section 4 of said act. When practicable the dimensions of said map should be 8½ x 14 or 14 x 17 inches.)

NW¼, Section 26,

Township 5 S, Range 3 E, Boise Meridian, containing

160 acres, situated in Owyhee County, Idaho,
(County and State)

within the Idaho Land & Survey Office land district.

I have made no other application for desert lands nor any other entry under the provisions of said act, nor have I had assigned to me any lands entered under said act; that since August 30, 1890, I have not entered and acquired title to, nor am I now claiming, under an entry made under any of the nonmineral public-land laws, an amount of land which, together with the land now applied for, will exceed in the aggregate 320 acres[1]; that the land

above described borders on no stream or watercourse of any nature. I have never
(State what stream or body of water and describe the same)
entered, been assigned or in any other manner obtained land through the agriculture land laws.

; that there is no spring or water hole, and no hot spring or other spring having waters possessing curative properties on the above-described land,

except[2] None

; and that there is through or upon said land None
(Name and describe all water courses, springs, or other
bodies of water)
; that said land is not naturally irrigated or watered, nor overflowed at

[1] One who has made an enlarged homestead entry may, if otherwise qualified, make a desert land entry, provided the combined area to be acquired under the enlarged homestead and desert land laws shall not exceed 480 acres, Act of February 27, 1917 (39 Stat., 946).

[2] If there be any spring or water hole on the land, state the exact location and size thereof, giving an estimate of the quantity of water in gallons which it is capable of producing daily and any other information necessary to determine whether it is valuable or necessary to be withdrawn as a public water reserve. State also if the spring is a hot spring, or if its waters contain curative properties. (Executive orders, April 17, 1926, creating public water reserve 107; and July 7, 1930, No. 5389.)

16—54083-2

any season of the year by the foregoing or any other natural stream, spring, or other body of water; that I expect to obtain my water supply to irrigate said land from Snake River as per attached permit from State Dept. of Reclamation.; that the character of the soil is sandy loam.; that said land will not, without artificial irrigation, produce an agricultural crop of any kind in amount reasonably remunerative, and that it will not, when unfed by grazing animals, produce native grasses sufficient in quantity to make an ordinary crop of hay in usual seasons; that there are no trees on said land; that the same is essentially dry and arid land, wholly unfit for cultivation without artificial irrigation; that said land cannot be successfully cultivated without being reclaimed by conducting water thereon; that it is a well-known fact that the same will not, in its natural condition, produce any crop; that no portion of said land has ever been reclaimed by conducting water thereon, and there are no lands in the vicinity of this tract that are occupied by settlers and cultivated without artificial irrigation. I further state that I have personally examined every legal subdivision of the said land and there is not, to my knowledge, within the limits thereof, any vein or lode of quartz, or other rock in place, bearing gold, silver, cinnabar, lead, tin, or copper, or any deposit of coal; that there is not, within the limits of said land, to my knowledge, any placer, cement, gravel, or other valuable mineral deposit, salt springs, or deposits of salt, except None; that no portion of said land is claimed for mining purposes under the local customs or rules of miners, or otherwise; that no portion of said land is worked for mineral during any part of the year by any person or persons; that said land is essentially nonmineral land, and that my application therefor is not made for the purpose of fraudulently obtaining title to mineral land, timber land, or agricultural land, but for the purpose of faithfully reclaiming the land above decribed by conducting water thereon, and that the land is not occupied and improved by any Indian and is unoccupied, unimproved, and unappropriated by any person claiming the same other than myself (except None).

I CERTIFY that the statements made by me in this application are true, complete, and correct to the best of my knowledge and belief, and are made in good faith.[3]

Ellen M. Roberts
(Signature of applicant)

STATEMENT OF WITNESSES

We, Harley M. McDowell (Give full name), of 1202 N. 17th, Boise, Idaho (Give full post-office address)

and Jerome Evans (Give full name), of 1515 N. 11th, Boise, Idaho (Give full post-office address),

state that we are well acquainted with the character of each and every legal subdivision or portion of the land described in the foregoing application, which said application has been read to us; that we became acquainted with said land by personal and careful examination of each and every legal subdivision or portion thereof; that we have been acquainted with it for 10 and 8 years, respectively; that our knowledge of the land is such as to enable us to testify understandingly concerning it; that same is desert, nonmineral land; and that each and every statement made by applicant in the foregoing application as to the condition, character, and situation of said land is true of our own personal knowledge; and we further state that we are not interested, in any way or manner, directly or indirectly, present or prospective, in the application in support of which this statement is made, nor in

the land itself, nor in any title thereto which may be acquired by s d applicant or any other person.[3]

Harley M. McDonnell

[3] Title 18, U. S. C., section 1001, makes it a crime for any person knowingly and willfully to make to any department or agency of the United States any false, fictitious, or fraudulent statements or representations as to any matter within its jurisdiction.

LAND OFFICE AT Boise, Idaho

March 2, 1954

IT IS HEREBY CERTIFIED that, under the provisions of the Act of Congress approved March 3, 1877, entitled "An Act to provide for the sale of desert lands in certain States and Territories," as amended by the Act of March 3, 1891, the foregoing application to reclaim the lands hereinbefore described has this day been allowed.

Paul A. Shepard
Manager.

INSTRUCTIONS

This application must be prepared in duplicate and filed in the proper land office.

If naturalized, give date of naturalization, the court and city in which naturalized, and certificate number if known; if Declaration of Intention has been filed, furnish same information. If applicant is a woman, state whether married or single, and if married, the date of marriage, and facts as to the citizenship of her husband.

U. S. GOVERNMENT PRINTING OFFICE 16—54083-2

I FURTHER CERTIFY: That after a detailed itemization of the costs which will be necessary to complete this project, it can be stated that enlargement of the existing Grandview Mutual (et al) Canal will cost in the neighborhood of $2500.00. As is noted on the attached engineered plan, it is expected that there will be 1030 ft. of 16" pipe which will cost appr. $2750.00. Also the proposed pumping plant until will cost some $8000.00. This cost is allocated over the area which it is intended to irrigate and as itemized by 40 acres on the attached plat allong with approximately 900 acres of other deeded land owned by my husband, and his 320 acre entry. It is anticipated that the final total cost of water on the land will be $45/A. Cost of land levelling is $40/A. With the existing power pumping rates on a lift which is appr. 50 ft., it is estimated the water production allowing for depreciation and maintenance of equipment will average about $4.50/A. This is based on some eight or ten years of operation on the Shoofly Ranch which pumped a distance of 110 ft. at a cost varying from $7 to $8. All of the pump capacities and ratings of motors are also included on the attached plat. In this manner, the cost of annual maintenance to this operation should not exceed $1.75/A. In other words, the water should be delivered annually at an over all cost of $6.25/A. The net return on this land should be in excess of $60/A for growing hay as this is one of the highest productive hay areas in the State of Idaho (yielding in excess of 8 tons per acre). Possibly in some other type of row crop, it would net even higher but a return of this type makes my project economically feasible.

Address all communications to

P. O. .....

APPLICATION FOR PERMIT

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. 30747

Permit No. 22996

District No. .....

1. Name of applicant: Ellen M. Roberts

Post office address Rt. #4, Boise County Ada State Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation: .....

(b) Amount of capital stock: $..... (c) Amount paid in: $.....

(d) Names and addresses of directors: .....

.....

.....

II. The financial resources of the applicant are: (a) Cash on hand: $.....

(b) Treasury stock: ..... (c) Bonds to be issued: .....

(d) Other resources: .....

2. Quantity of water claimed: 390 Miners inches (7.8) cubic feet per second

3. Source of water supply: Snake River

which is tributary of Columbia River

4. Location of point of diversion: 1465 Ft. (Northeast) feet distant from the SW corner of Section 34, T. 5 S R. 4 E, B. M., and is in the Lot 9 (SE¼SW¼) of Section 34, T. 5 S R. 4 E, B. M., County of Owyhee

5. Water is to be used for: Irrigation and Domestic

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: ..... feet distant from ..... corner of Section .....

T....., R....., B. M., in the ..... of Section ....., T....., R....., B. M.

(b) Amount of power generated: ..... H. P., under ..... feet head.

(c) Water is to be returned to ..... at a point ..... feet

distant from the ..... corner of Section ....., T....., R....., B. M., in the

..... of Section ....., T....., R....., B. M.

7. Estimated cost of works: $ 10,000

8. Kind of works: Pump (Turbin type), canal, and booster pump (some sprinkler system may be necessary for irrigation of the more irregular portions of the land.
(Reservoir, dam, ditch, flume, pipe, etc.)

9. Height of dam ..... feet; length of dam at top ..... feet; length of dam at bottom .....
(If height of dam will exceed 10 feet or will store more than 100 acre feet of water, send to Department of Reclamation for Regulations.)
feet; material used in dam .....

10. Size of headgate: Width 4 feet; Height 3 feet.

11. Ditch: Width at bottom 2 feet; Width at water line 5 feet; Depth of water 2⅓ feet;

Dimensions of flume .....; Diameter of pipe ..... inches;

Length of conduit ..... miles. Average grade per mile ..... feet.

12. The time required for the completion of such work is 5 years.

13. The time required for the complete application of the water to the proposed use is 5 additional years.

14. The land to be irrigated is described in the following tabulation:

(Give irrigable acreage in each 40-acre subdivision)

Twp.	Range	Sec.	NE¼				NW¼				SW¼				SE¼				Totals
			NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	
5 S	3 E	35			40	30									40	40	40	40	230
5 S	3 E	26					40	40	40	40									160

Total Number of Acres to be Irrigated 390

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

16. (a) Is reservoir to be used? No (If so, fill in (b) and (c) below.)

(b) Name of reservoir and number of Storage Permit:

(c) Date of filing of Application for Storage Permit and Name of Applicant:

Remarks: This project will take Snake River waters and conduct them through existing canals (possibly with some enlargement, if necessary) to the points indicated on the plat where they could be used to their maximum beneficial use through the irrigation of these lands which are now arid. For the most part these lands are deeded and held or controlled by me as applicant, however this area includes one desert land area NW¼ Section 26 T 5 S - R 3 E on which I have made filing in the Idaho Land and survey office under the Desert Land Act, and on which I expect to make the maximum use of the land through irrigation with the water herein applied for.

BE IT KNOWN That the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

MINERAL RESERVATIONS

1. Patent to contain provisions, reservations, conditions, and limitations of Act of June 22, 1910 (36 Stat. 583; 30 U. S. C. secs. 83–85).

2. Patent to contain provisions, reservations, conditions, and limitations of Act of July 17, 1914 (38 Stat. 509; 30 U. S. C. secs. 121–123) as to _____
(Name of mineral)

3. Patent to contain provisions, reservations, conditions, and limitations of Act of July 17, 1914 (38 Stat. 509) as extended by the Act of March 4, 1933 (47 Stat. 1570; 30 U. S. C. sec. 124) as to _____
(Sodium or sulphur)

4. Patent to contain reservation of oil, gas, and all other mineral deposits under conditions and limitations as provided by Act of June 1, 1938 (52 Stat. 609; 43 U. S. C. 682b) as amended.

5. Patent to contain reservation of coal and all other minerals under conditions and limitations as provided by Act of December 22, 1928 (45 Stat. 1069; 43 U. S. C. secs. 1068, 1068a).

RESERVATIONS OF RIGHTS-OF-WAY

6. Patent to contain reservation according to proviso of the Act of August 30, 1890 (26 Stat. 391; 43 U. S. C. sec. 945).

7. Patent to contain provisions, reservations, conditions, and limitations of section 24, Federal Power Act, June 10, 1920 (41 Stat. 1075) as amended by the Act of August 26, 1935 (49 Stat. 846; 16 U. S. C. sec. 818).

8. Patent to contain provisions, reservations, conditions, and limitations of section 24, Federal Power Act, June 10, 1920 (41 Stat. 1075) as amended by the Act of August 26, 1935 (49 Stat. 846; 16 U. S. C. sec. 818) as to that portion of the _____ said Section _____ lying within _____ feet of the center line of the transmission line right-of-way of the _____ Project No. _____.

9. Patent to contain provisions, reservations, conditions, and limitations of section 24, Federal Power Act, June 10, 1920 (41 Stat. 1075) as amended by the Act of August 26, 1935 (49 Stat. 846; 16 U. S. C. sec. 818) as to that portion of the _____ said section _____ lying within a strip _____ feet wide covered by the transmission line right-of-way of the _____.

10. Right-of-way for a Federal Aid Highway under section 17 of the Act of November 9, 1921 (42 Stat. 216; 23 U. S. C. sec. 18), crossing the W½NW¼, Sec. 26.

11. Material site reserved under section 17 of the Act of November 9, 1921 (42 Stat. 216; 23 U. S. C. sec. 18).

RESERVATIONS APPLICABLE TO ALASKA

12. There is reserved to the United States a right-of-way for the construction of railroads, telegraph, and telephone lines under the Act of March 12, 1914 (38 Stat. 305; 48 U. S. C. secs. 301–302, 303–308).

13. Patent to contain provisions, reservations, conditions, and limitations of the Act of March 8, 1922 (42 Stat. 415; 48 U. S. C. secs. 376–377) as to _____
(Coal, oil or gas)

14. Patent to contain reservation for roads, roadways, highways, tramways, trails, bridges, and appurtenant structures in accordance with the Act of July 24, 1947 (61 Stat. 418; 48 U. S. C. sec. 321d).

OTHER RESERVATIONS

15. This entry is made under section 29, Act of February 25, 1920 (41 Stat. 449; 30 U. S. C. sec. 186) and the Act of March 4, 1933 (47 Stat. 1570; 30 U. S. C. sec. 124), and is subject to rights of prior permittees or lessees to use so much of the surface of said lands as is required for mining operations, without compensation to the patentee for damages resulting from proper mining operations.

16. Patent to be issued subject to Act of June 17, 1902 (32 Stat. 388; 43 U. S. C. sec. 372 *et seq.*) to sections 1 and 2 of Act May 15, 1922 (42 Stat. 541; 43 U. S. C. secs. 511–512) and to section 3 of the Act of August 9, 1912 (37 Stat. 266; 43 U. S. C. sec. 543).

17. Patent to be issued subject to Act of June 17, 1902 (32 Stat. 388; 43 U. S. C. section 372 *et seq.*) and to all provisions of the Act of August 9, 1912 (37 Stat. 265; 43 U. S. C. secs. 541–546).

18.
