WJF

I met with Kelly Bingham, Peggy Stalworthy's son on-site on 8-8-2005.

Kelly stated all 3 p.d.'s have been in use prior to 1987.

P.O.D 275141 runs on up-hill side of field & waters down to fields (upper Wolverine)

P.O.D 275142 washed out in 1997 & 2000. It will be rebuilt.

P.O.D 275143 (Tours Creek) washed out in early 1990's & it too will be rebuilt.

(A) Map was modified to show Stalworthy irrigated ground boundary. Ground is rolling pasture ground. cfs requirement could be over 0.02cfs/acre to adequately flood this ground.

A27-51A → A27-53 JONES CREEK P.O.D, GPS pt #2 751A3

Ditch washed out in early 1990's. Will be rebuilt
