

JAN 13 2006

DEPARTMENT OF
WATER RESOURCES

IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF THE STATE OF IDAHO
IN AND FOR THE COUNTY OF TWIN FALLS

IN RE THE GENERAL ADJUDICATION
OF RIGHTS TO THE USE OF WATER FROM
THE SNAKE RIVER BASIN WATER SYSTEM.

CIVIL CASE NUMBER: 39576

Ident. Number: A01-02064

Date Received:

Receipt No:

Received By: _____

AMENDED NOTICE OF CLAIM TO A WATER RIGHT
ACQUIRED UNDER STATE LAW

1. Name: UNITED STATES AMERICA, ACTING THROUGH 208-378-5306
Address: REGIONAL DIRECTOR, P.N. REGION ATTN: PN-3100
BUREAU OF RECLAMATION
1150 NORTH CURTIS
BOISE, ID 83706-1234
2. Date of Priority: MAR 30, 1921

156,830 AFY of this right shall be administered under a priority date of 03/29/1921.
3. Source: SNAKE RIVER Trib. to: COLUMBIA RIVER
4. Point of Diversion:

Township	Range	Section	1/4 of	1/4 of	1/4	Lot	County
07S	31E	30	SW	SE			POWER
5. Description of diverting works:

AMERICAN FALLS DAM - NON-WINTER WATER SAVING
6. Water is used for the following purposes:

Purpose	From	To	C.F.S	(or)	A.F.A.
IRRIGATION STORAGE	01/01	12/31			1,700,000.00
IRRIGATION FROM STORAGE	03/15	11/15			1,700,000.00
POWER STORAGE	01/01	12/31			1,700,000.00
POWER FROM STORAGE	01/01	12/31			1,700,000.00

7. Total Quantity Appropriated is:
C.F.S. (and/or) 1,700,000.00 A.F.A.

Total reservoir capacity is 1,700,000 acre feet when filled to elevation 4354.5 and measured at the upstream face of the dam.

Water temporarily held under this right may be subsequently administered and accounted for as delivery of natural flow under other water rights

upstream of Milner Dam and not as storage under this right, when determined by the watermaster, Committee of Nine, and the Bureau of Reclamation that such administration and accounting will promote the conservation of storage water upstream of Milner Dam.

8. Total consumptive use is 1,700,000.0 Acre Feet Per Annum.

9. Non-irrigation uses:

DOMESTIC - DE MINIMUS DOMESTIC USE AND POWER

10. Place of Use:

Township	Range	Section	1/4 of 1/4	Lot	Use	Acres
----------	-------	---------	------------	-----	-----	-------

Place of use for irrigation storage is American Falls Reservoir; provided, however, that water under this right may be temporarily held in the unoccupied space of any of the reservoirs upstream of Milner Dam when determined by the watermaster, Committee of Nine, and the Bureau of Reclamation that such temporary storage will promote the conservation of storage water upstream of Milner Dam.

11. Place of use in counties:

12. Do you own the property listed above as place of use? NO

13. Other Water Rights Used:

01-04052, 01-02040, 01-10042, 01-10053, 01-00284

14. Remarks:

P/U 1,200,000 ACRES WITHIN MINIDOKA RECLAMATION PROJECT IDENTIFIED IN WATER RIGHT CERTIFICATE NO. 4118.

1. THIS AGREEMENT, Made this 15th day of June, 1923 in
2. pursuance of the Act of Congress of June 17, 1902, (32 Stat.,
3. 388) and acts amendatory thereof or supplementary thereto,
4. between THE UNITED STATES OF AMERICA, hereinafter styled the
5. United States, acting for this purpose by Hubert Work
6. Secretary of the Interior, and the IDAHO POWER COMPANY, a
7. corporation organized under the laws of the State of Maine
8. and authorized to do business in the State of Idaho, and
9. having its principal place of business at Boise, Idaho.
10. hereinafter styled the company, its successors and
11. assigns.

2. Purpose and Plans of United States.

12. WHEREAS, the United States contemplates the con-
13. struction of a large reservoir at American Falls, Idaho, to
14. store the flood water and winter flow of Snake River and
15. make the same available for the reclamation of large areas
16. of public lands of the United States including the North
17. Side Pumping Division of the Minidoka Project and other por-
18. tions of the Snake River Valley, and to supplement the water
19. supply of various projects in the Snake River Valley now
20. having an inadequate or insufficient water supply during
21. part of the irrigation season. And

3. Company Public Service Corporation.

22. WHEREAS, the company is a public service corpor-
23. ation furnishing electricity throughout the Southern por-
24. tion of the State of Idaho for light, heat, and power and
25. irrigation purposes. And

4. Interference with Rights of Company.

26. WHEREAS, said electricity is, to a large extent, gen-
27. erated by the company in hydro-electric plants owned by it
28. and located on the Snake River at American Falls and various
29. points below and the water which it uses and claims for use
30. at American Falls is or would be also used, to a large extent,
31. in its plants located and to be located at points below on
32. the stream, so that the storing by the United States of win-
33. ter flow at American Falls will interfere with certain power
34. and other rights of company at American Falls and points be-
35. low and

5. Use of Property Owned by Company.

36. WHEREAS, a portion of said proposed American Falls dam
37. and reservoir will be located on land owned by the company
38. and the construction and operation of the same will also make
39. necessary the destruction of or interfere with certain gener-
40. ating stations and other property of the company; and

6. Company's Prior Filings at American Falls.

41. WHEREAS the company has at American Falls water filings
42. prior to the American Falls filings of the United States
43. sufficient to embrace the entire amount of water reserved

44. to the company under this contract.

7. Need of United States for Power.

45. AND WHEREAS, the said proposed North Side Pumping
46. Division of the Minidoka Project of the United States is a
47. pumping project and the United States will require in con-
48. nection with the said project a large power plant for the
49. development of a large amount of electric power for pump-
50. ing water upon the lands of the said project.

8. Mutual Covenants.

51. NOW, THEREFORE, WITNESSETH: That for and in con-
52. sideration of the covenants and agreements of the par-
53. ties herein, upon the conditions herein named, the par-
54. ties covenant and agree:

9. Property to be Conveyed to United States.

55. The Company hereby agrees, upon the terms and condi-
56. tions hereinafter stipulated, to sell and by good and
57. sufficient deed convey to the United States of America,
58. free of tax liens and of liens or incumbrances created,
59. granted or imposed by itself or its public utility pred-
60. ecessors, all its right, title and interest in and to the
61. following described real estate, situated in the counties
62. of Power and Bingham, State of Idaho, to-wit: (a) The prop-
63. erty described in the list of land descriptions hereto
64. attached as Exhibit "A" and made a part of this contract:
65. and any other real property owned by the company, if any
66. such there be, under the proposed dam or reservoir to be

67. constructed by the United States in connection with the
68. American Falls Reservoir project; the said proposed dam
69. to be located and constructed upstream from the company's
70. American Falls Dam as now constructed and north of the
71. right of way of the Oregon Short Line Railroad Company's
72. bridge property as now located at American Falls; the ti-
73. tle to be conveyed to the United States in all cases to be
74. as full and complete as title as the company has, Provided,
75. however, that to the extent hereinafter expressly provided
76. and to no greater extent than hereinafter expressly
77. provided, and subject to all the terms, conditions and
78. provisions hereinafter set out, the Company shall have and
79. there is reserved to the Company, the right to store the
80. water which it is to receive from the Proposed American Falls
81. Reservoir, upon that part of the property and rights describ-
82. ed in Paragraph 9, located within the reservoir, and agreed
83. to be conveyed by the Company to the United States insofar
84. as such reservation to the Company does not conflict with any
85. of the rights hereinafter granted or agreed to be allowed to
86. the United States or any of the limitations or restrictions
87. hereinafter agreed to be placed upon the rights of the Company.
88. (b) The two power plants at American Falls known as
89. the Island Power plant and the West Side plant, except as to
90. the water rights otherwise provided for in this contract to-
91. gether with the following described tracts of land on which
92. said plants are located, to-wit:

93. The following described parcel of land situated in
94. Lot 5 Sec. 31, T. 7 S., R. 31 E., B. M., beginning at a
95. point on the low-water line, on the West bank of Snake
96. River where the continuation (in a straight line) of
97. the North boundary line of lot five of section thirty-one
98. Township seven south of Range thirty-one east of Boise
99. Meridian, would intersect the said low-water line on the
100. West bank of Snake River; thence west along said north
101. boundary line of said lot five for a distance of 211.5 feet
102. to a stake on the south boundary line of the right of way
103. of the Oregon Short Line Railroad; thence westerly along
104. the south boundary line of said right of way, for a distance
105. of 270 feet to a stake; thence South $43^{\circ} 14'$ East for a
106. distance of 386 feet; thence due East to the intersection
107. of the low-water line on the west bank of Snake River;
108. thence along the low-water line on the said west bank of
109. said Snake River, following the meandering thereof, to the
110. point of beginning, containing about two acres, more or less
111. reserving to the Company from said property in said lot five,
112. rights of way and easements for occupancy and use by the
113. Company for the purpose of erecting, operating and maintaining
114. electric transmission lines, and structures and equipment
115. appurtenant thereto for substation, sectionalizing and switch-
116. ing purposes, said rights of way and easements, including
117. the right of ingress and egress over the property of the
118. United States, to be located as mutually agreeable to the

119. United States and the Company.

120. Also the following described piece or parcel of
121. land situated in Lot 12 of Section Thirty (30) Town-
122. ship Seven (7) South, Range Thirty-one (31) East of the
123. Boise Meridian, commencing at a point on the west bank
124. of the Snake River where the easterly boundary line of the
125. right of way of the Oregon Short Line Railroad Company
126. intersects the said bank of Snake River; thence running
127. along the bank of said Snake River in a southerly direction
128. for a distance of eighty feet; thence in a straight line in
129. a westerly direction to the intersection of the east bound-
130. ary line of said railroad company's right of way one hundred
131. and seventy-five feet; and thence along the easterly bound-
132. ary line of said railroad right of way to the place of be-
133. ginning.

134. Also the following described tract of land lying in
135. the river channel of Snake River between Lots 4 and 12, of
136. Section 30, T. 7 S., R. 31 E., B.M. Beginning at a point
137. where the South boundary of Lot 14, Block 20 of the Original
138. Townsite of American Falls intersects the west boundary of
139. Lot 4 Sec. 30, T. 7 S. R. 31 E., B.M., thence in a northerly
140. direction along said west boundary of Lot 4 to the northwest
141. corner of said Lot 4, thence in a straight line across the
142. channel of Snake River to the north east corner of Lot 12,
143. Sec. 30, T. 7 S., R. 31 E., B.M., thence in a southerly

144. direction along the east boundary of said Lot 12 to the
145. southeast corner of said Lot 12; thence in an easterly di-
146. rection along the south boundary of said Sec. 30 to a point
147. where a due north and south line, through a point 25 feet
148. due east from the southeast corner of what is known as the
149. Island Plant power house belonging to the Company, intersects
150. the south boundary of said Sec. 30; thence due north to the
151. center line of the Oregon Short Line Railroad as now located;
152. thence in a straight line in a north-westerly direction to
153. the point of intersection of the east toe of the intake to
154. the said Island Plant with the downstream toe of the company's
155. American Falls dam; thence along the toe of the east face of
156. the east pier or abutment wall of the headworks of said Island
157. plant to the upstream toe of the company's said American Falls
158. dam; thence southeasterly along the upstream toe of that por-
159. tion of the company's said American Falls dam which the com-
160. pany will retain to the easterly toe of the division dam to be
161. constructed by the United States between the westerly end of
162. that portion of the company's dam which the company will retain
163. and the government's proposed American Falls reservoir dam (re-
164. ferred to in Paragraph 15 of this agreement): thence in a straight
165. line in an easterly direction to the point of beginning, and
166. all rights of the Company in the tailrace from said Island and
167. West Side plants; and the United States shall have and there
168. is granted to the United States the right of ingress and egress

169. for pedestrian traffic over the Company's wood-steel
170. bridge leading from the east bank of Snake River to the
171. said Island Plant, so long as said bridge may be maintained
172. by the Company, reserving to the Company, and the Company
173. shall have the right and easement of junction, tie, abutment
174. and support of the portion of the Company's American Falls
175. dam to be retained by it to the portion of said dam to be
176. conveyed to the United States and to the headworks of
177. said Island Plant and to said division dam to be constructed
178. by the United States between the portion of the Company's
179. dam to be retained by it and the Government's proposed
180. American Falls reservoir dam; reserving further to the Com-
181. pany the west portion of the Company's dam as described
182. and with the limitations contained in Paragraph 9 (c), and
183. reserving further to the Company and the Company shall have
184. the right and easement of junction, tie, abutment and sup-
185. port of the Company's said wood-steel bridge upon the pro-
186. perty adjacent to said Island Plant; and reserving further
187. to the Company and the Company shall have the rights and
188. easements of flowage and pondage on and over the premises
189. conveyed to the United States under this agreement and lying
190. south of the down stream toe of the Government's proposed
191. American Falls dam and east of said proposed division dam
192. and the headrace or works of said Island Plant for the pur-
193. pose of utilizing the Company's water rights and rights to
194. the use of water; and further reserving to the Company, and

195. the Company shall have the easement and right to waste
196. and discharge such water over said lands lying south of
197. the downstream toe of the Government's proposed American
198. Falls dam and east of said division dam and the head race
199. or works of said Island plant, and through and over the
200. Company's American Falls dam and works and along and against
201. the works and property of the United States. The Company
202. agrees to so maintain and operate the said power plants
203. and other structures to be conveyed to the United States
204. until delivery of possession thereof to the United States
205. that the same will be delivered to the United States in
206. as good condition as they now are, ordinary wear and
207. tear and any damage directly or indirectly caused by
208. the United States excepted. Provided, however, that
209. should the company on account of any extraordinary
210. accident or calamity be unable to deliver such plants in
211. such condition, it shall have the option to deliver them
212. as they then are and shall furnish to the United States
213. free of charge as demanded by the officer of the United
214. States in charge of said American Falls Reservoir the
215. equivalent output of power of such plants minus the amount
216. of power which may actually be developed at these plants
217. by the United States - such power to be delivered on the
218. generator voltage bus of the Island plant and such deliv-
219. ery to terminate on April 1st, 1928. The power developed
220. at said West Side and Island Plants or delivered by the.

221. company under this subdivision shall after the delivery
222. of the deeds provided for in subdivision (d) hereof be
223. considered a part of and not in addition to the power
224. right otherwise defined to be in the United States under
225. the terms of this agreement.

226. (c) The property described in Exhibit "B" attached
227. hereto and made a part hereof; and the west portion of
228. the present dam and spillway at American Falls up to and
229. including the intake to the Island plant; reserving, how-
230. ever, to the company all and every of the rights it now
231. has to use, maintain and operate said property in connec-
232. tion with the use, maintenance and operation of its East
233. Side plant, until such time as the United States has con-
234. structed the division dam in accordance with the provisions
245. of Paragraph 15 hereof and has made the provision for the
236. discharge of water into the pool between the government's
237. proposed American Falls reservoir dam and the Company's
238. East Side plant in compliance with the terms of said Para-
239. graph 15, Provided that the United States shall, after
240. making second payment, have the right to demolish such por-
241. tion of the present dam and spillway at American Falls west
242. of the Island plant intake as may be necessary for the con-
243. struction of the proposed government power plant and other
244. works at American Falls, providing that by so doing no in-
245. terference is had with the operation of the Company's East
246. Side Plant.

247. (d) All the company's water rights, appropriations
248. water filings and permits, at American Falls, or used or
249. intended to be used in connection with the company's power
250. plants and proposed plants at American Falls, except the
251. rights, whether primary or tertiary, expressly reserved
252. to the company, as hereinafter set out. The water rights
253. of the company transferred to the United States for use
254. for power purposes shall be considered as impressed with
255. a right in the United States to change the use of such
256. water from power to irrigation or to store the same for
257. irrigation whenever the Secretary of Interior shall decide
258. that such water is required for irrigation purposes. But
259. it is expressly agreed and understood that the water rights
260. and rights to the use of water which it is herein agreed
261. that the Company shall have are reserved out of its exist-
262. ing appropriations and rights as independent rights under
263. its own filings and appropriations and of the dates of prior-
264. ity to which the Company is entitled under such appropria-
265. tions and are not to be considered as mere contract rights
266. under contract with the United States.

267. (e) The right to limit all other rights of the company
268. on Snake River at whatever points and in whatever counties
269. the same may be located insofar as and no farther than the
270. rights allowed and granted to the United States to store
271. and use water as herein provided may interfere with any
272. rights of the company at any lower points on Snake River.

10. Company's Primary Summer Power Right.

274. It is agreed and understood that the company reserves
275. and it shall have as against the United States and those
276. claiming or that may hereafter claim under them, the first
277. or primary right at American Falls to use for power purposes
278. at American Falls the following amounts of water during the
279. following periods of each year:

280. 100 second-feet beginning April 1st, increasing uniformly
281. to 2500 second-feet on May 1st, and continuing at that
282. amount to September 15th inclusive, then decreasing uniformly
283. to 100 second-feet on October 31st and none except as here-
284. inafter provided from November 1st to March 31st inclusive.

285. The above described power right so reserved to the com-
286. pany shall be considered as prior and superior to all other
287. rights at American Falls. The company may also have a pri-
288. mary right to use at any time any water brought to American
289. Falls by it from beyond the Snake River water shed, or any
290. stored water acquired by the company from storage capacity
291. hereafter constructed above American Falls provided that it
292. is understood and agreed that the company's right to store
293. water, except water brought by the company from beyond the
294. Snake River watershed, in such capacity above American Falls
295. shall be inferior and subordinate to the right of the United
296. States to provide for building and to fill and use 3,000,000
297. acre-feet of storage capacity, including the capacity of the
298. American Falls Reservoir anywhere on Snake River in addition
299. to the storage capacity now available in Jackson Lake Reser-
300. voir and Lake Walcott.

11. Government's Summer Power Right at American Falls.

301. The United States shall have and the company hereby
302. grants to the United States as against the company a
303. secondary power right at American Falls to that amount
304. of water which will generate continuously for delivery
305. from the generator bus bars in the Government power
306. station at American Falls 6,700 kilowatts beginning
307. on April 1st, increasing uniformly to 25,000 kilowatts
308. on May 1st and to 30,000 kilowatts on June 1st, contin-
309. uing at that amount to August 15th, inclusive, then de-
310. creasing uniformly to 25,000 kilowatts in September 15th,
311. and to 5,500 kilowatts on October 31st, and none from No-
312. vember 1st to March 31st inclusive, except in connection
313. with the 10,000 kilowatts as authorized in Paragraphs
314. 24 and 19 hereof. In no case, however, except as au-
315. thorized by Paragraph 13, shall the water utilized under
316. this power right exceed 1,500 second-feet on April 1st,
317. increasing uniformly to 5,000 second-feet on May 1st,
318. and to 6,000 second-feet on June 1st, continuing at that
319. amount to September 15th inclusive, and decreasing uni-
320. formly to 1,500 second-feet on October 31st. The secondary
321. power right granted to the United States under this paragraph
321a. shall be inferior and subordinate to the primary power right
321b. reserved to the company in paragraph 10 hereof, and shall be
321c. prior and superior to all power rights of the company at Amer-
321d. ican Falls other than the rights reserved under Para. 10 here
321e. and the right to the storage provided in Para. 19. Provided,

322. however, that if the Company, through the refusal, for
323. any reason, of the United States or its successors in
324. control of said reservoir to comply with the terms of
325. this agreement, fails to receive for its own use at its
326. plants at American Falls, unless its right to such water
327. has been taken under the power of eminent domain, the
328. amount of water and at the times and in the manner con-
329. templated by this agreement, it shall have the right to
330. make up such deficiency (during the time of such refusal
331. and no longer) out of the appropriations, water filings,
332. and permits which it now holds, and the amount which the
333. United States shall have the right to store or use out of
334. said appropriations, shall be reduced accordingly. It is
335. agreed and understood that errors or inaccuracies in the
336. release or delivery of water from the reservoir shall not
337. be construed as a refusal by the United States to comply
338. with the terms of this agreement. Nothing contained in
339. this contract shall be construed to make the United States
340. in any way responsible for the delivery of the water to any
341. of the plants of the Company after the same has been re-
342. leased by the United States for the Company from the res-
343. ervoir at American Falls.

12. Company's Additional Summer Power Right.

344. The company reserves and shall have as against the
345. United States a tertiary power right at American Falls to
346. all additional water released or wasted from the reservoir

347. as released or wasted by the United States from April 1st
348. to October 31st inclusive over and above the amounts re-
349. quired to furnish the primary rights reserved to the com-
350. pany in paragraph 10 hereof, and the secondary right grant-
351. ed to the United States under Paragraph 11 hereof.

352. Should the company fail for five years after a storage
353. capacity of 1,500,000 acre-feet or more has been provided at
354. American Falls, to make provision to utilize all the ter-
355. tiary power provided in Paragraph 12, then the United States
356. shall become entitled as against the company to develop and
357. use any unused portion thereof, but should the United States
358. fail, for a period of three years after becoming vested
359. with the right to develop and use such undeveloped portion
360. of said tertiary power, to make provision to utilize the
361. same then thereafter either party may by making such pro-
362. vision become entitled to utilize such undeveloped portion
363. of said tertiary power right.

13. Substitution of Acre-feet for Second-feet.

364. During the period from April 1st to October 31st in-
365. clusive, either party may take instead of the continuous
366. flow specified above in Paragraphs 10 and 11 an equivalent
367. amount of water each day in varying amounts during various
368. hours of the day, providing the number of acre-feet taken
369. by either party during any one day of twenty-four hours
370. shall not exceed a number double the number of second-feet
371. specified in the above schedules in Paragraphs 10 and 11

372. for such day.

14. Company's Summer Regulation of 5,000 Acre-feet.

373. The company may accumulate from time to time in stor-
374. age capacity that would otherwise be unused in the American
375. Falls reservoir out of the amounts of water to which it is
376. entitled under Paragraph 10, an amount not exceeding 5,000
377. acre-feet, and use the same as desired, except that after the
378. reservoir has been filled in any year, the company shall be
379. entitled under this paragraph only to that part of the 5,000
380. acre-feet accumulated after the filling of the reservoir and
381. subject to the limitation of maximum delivery and gate or
382. outlet capacity herein provided, and provided further that
383. the company shall release upon demand by the United States
384. such portion of the said 5,000 acre-feet as the company may
385. have accumulated whenever the available stored water in the
386. American Falls Reservoir to which the present Minidoka pro-
387. ject and extensions thereof diverting from Lake Walcott are
388. entitled amounts to less than 5,000 acre-feet, and in any
389. event release all claim to any part of said 5,000 acre-feet
390. of accumulated water remaining after September 30th.

15. Outlet Works and Division Dam for Company

391. The United States will provide for the company in the
392. proposed dam to be constructed by the United States discharge
393. works sufficient for a 6,000 second-feet delivery with a
394. loss of head net not to exceed two feet. Such discharge works
395. shall discharge into the pool between the proposed reservoir

396. dam and the company's east side plant and shall be as low
397. as, and similar to the outlets connecting with the power
398. plant to be constructed by the United States, and shall be
399. so constructed that the company may and is given the right
400. to attach its penstocks directly thereto and shall be pro-
401. vided with protecting devices similar to those to be pro-
402. vided for the intakes to the proposed Government power
403. plant at American Falls. The United States shall construct
404. and maintain as a part of the American Falls storage dam, a
405. division dam between the westerly and of that portion of the
406. company's American Falls dam which the company will retain,
407. and the Government's proposed American Falls Reservoir dam to
408. an elevation five feet above the present concrete crest of com-
409. pany's dam, and of sufficient strength to retain the water on
410. the easterly side up to the crest of said dam, and provision
411. shall be made whereby the Company shall not be required dur-
412. ing any flood to discharge over that portion of the com-
413. pany's American Falls dam and spillway retained by the
414. company any greater portion of the flood than would have
415. been discharged over that portion retained had said dam
416. and spillway not been changed from its present condition.

16. Company's Primary Storage Capacity.

417. In part consideration for the rights and property to
418. be conveyed to the United States by the company, and as a
419. part of the cost of the proposed development at American
420. Falls the United States grants to the company and the com-

421. pany shall be entitled to the perpetual use of 45,000
422. acre-feet of storage capacity in the reservoir to be con-
423. structed by the United States, such capacity to be for
424. storing the water reserved to the company, and the water
425. referred to in the last sentence of Paragraph 10, the
426. company's right to such storage capacity to be on an equal
427. basis in all respects, except as otherwise provided herein,
428. with other primary storage capacity rights in the reservoir,
429. as defined in the contracts between the United States and
430. the Irrigation Companies and Districts cooperating with the
431. United States in the construction of said reservoir, a form
432. of which contract is attached hereto and marked Exhibit "C".

17. Operation and Maintenance Charges

433. For the purpose of determining the operation and main-
434. tenance charge to be paid by the company, each acre-feet of
435. secondary storage capacity provided for in Paragraph 18 shall
436. be considered as the equivalent of $7/20$ (seven-twentieths)
437. of an acre-foot of primary storage capacity and the company
438. will pay to the United States each year a proportionate part
439. of the total cost of operation and maintenance of the reser-
440. voir, and distribution of the waters therefrom to the head
441. of the ditches and to the power plants of the company di-
442. verting water from Snake River below said reservoir in the
443. proportion that 134,250 acre-feet is of the total available
445. capacity of the reservoir plus 89,250 acre-feet, the times,
446. conditions, and manner of billing or stating such charge to

447. the company and of paying the same to the United States
448. to be the same as provided in the contracts between the
449. United States and the various irrigation companies and dis-
450. tricts cooperating in the construction of said reservoir.

18. Company's Secondary Storage Capacity.

451. Between October 1st of any year and June 10th of the
452. following year, the company shall have and is hereby grant-
453. ed for the purpose of regulating and controlling the water
454. reserved to the company under Paragraph 19 hereof, and the
455. water which may be acquired under the last sentence of Par-
456. agraph 10, a secondary right to use not to exceed 255,000
457. acre-feet of storage capacity in the reservoir when such
458. capacity is not then required and not being used by the
459. owners of irrigation rights to the use of such capacity,
460. but shall have no further right to use any part of said
461. 255,000 acre-feet of capacity or any water stored therein
462. after the reservoir is first filled each season, and the
463. company shall in any event release on April 1st of each
464. year all right and claim to such capacity and water stored
465. therein, except 60,000 acre-feet, and shall release all right
466. and claim to the remainder, if any, on June 10th of each year.

19. Company's Reserved Water Right of 300,000 Acre-Feet.

467. It is agreed that in addition to the primary right re-
468. served in Paragraph 10, the company reserves and shall have
469. the right (for power development at American Falls and to
470. such extent as provided in Paragraph 21 hereof for power
471. development at points below Milner) to 300,000 acre-feet

472. of water flowing into the reservoir after October 1st of
473. any year which shall be the first 300,000 acre-feet flow-
474. ing into the reservoir after October 1st and actually
475. storable therein, except that precedence shall be given
476. for the release through the American Falls Reservoir dam
477. to the amount of water, if any, required to supply the
478. amount of power not exceeding 10,000 kilowatts, half-hour
479. peak, needed to supply the power demands and uses on the
480. Minidoka Project and its proposed extensions, and including
481. the town of Minidoka and the territory now supplied by the
482. United States, and the camps, buildings, construction work,
483. dam and adjacent grounds of the United States at American
484. Falls, but not elsewhere in the old or new town of American
485. Falls except that if the company should refuse to extend
486. its lines into the new or government townsite at American
487. Falls and furnish service in such townsite, then the United
488. States may do so. The extension of power lines into the
489. new townsite and furnishing of power to customers therein
490. shall not be construed as waiving any of the rights of
491. either party as to the amount of damage which may be al-
492. lowed the company in condemnation or otherwise for the
493. removal of the old town or otherwise. Nothing in this
494. paragraph contained shall be construed to deny the United
495. States the right to store and use for irrigation purposes
496. the water herein authorized to be used for the generation
497. of said winter power of not exceeding 10,000 kilowatts,

498. half-hour peak, whenever the Secretary of the Interior
499. shall decide that such water is required
500. for irrigation purposes. The expression "10,000 kilowatts,
501. half-hour peak", wherever it occurs in this contract shall
502. be interpreted as meaning that the average for any half-
503. hour interval must not exceed 10,000 kilowatts.

20. Company Right to Primary Storage Water.

504. The water required to fill the 45,000 acre-feet of
505. primary storage capacity allowed the company under Para-
506. graph 16 hereof shall be a part of the 300,000 acre-feet
507. of water reserved to the company under Paragraph 19 hereof,
508. and the company shall have no right to require the turning
509. out for the company of more than 300,000 acre-feet in any one
510. year beginning October 1st in addition to the primary rights
511. set forth in Paragraph 10 and the holdover authorized in
512. this paragraph. The company shall have the privilege of
513. holding after October 1st and until November 15th any water
514. which it may have remaining in its own storage capacity of
515. 45,000 acre-feet, but the company's right shall expire on
516. November 15th to any amount so held over beyond that date.

21. Company's Rights below Milner Dam

517. The company's right to demand the turning out of water
518. from the reservoir for release by and use below Milner Dam
519. shall be limited to the 45,000 acre-feet of primary storage
520. rights, the water referred to in the last sentence of Para-
521. graph 10, and to such portion of the 255,000 acre-feet men-

522. tioned in Paragraph 18 as is needed for beneficial use for
523. power development at Shoshone Falls or Twin Falls but not
524. exceeding the amount that may be necessary to make the
525. total flow at the head of Shoshone Falls:
526. 790 second-feet October 1st to November 30th, incl.
527. 890 " " December 1st to January 31st, "
528. 790 " " February 1st to February 12th, "
529. 690 " " February 13th to April 15th, "
530. 790 " " April 16th to June 10th, "
531. exclusive of any part of the company's said 45,000 acre-feet
532. of primary storage and the water referred to in the last
533. sentence of Paragraph 10.
534. Provided, however, that the amount of water released
535. past Milner for maintaining the flow at Shoshone Falls be-
536. tween October 1st and June 10th inclusive, as listed above,
537. shall be a part of the 255,000 acre-feet of primary storage
538. water which the Company may have stored in its secondary
539. storage capacity in the reservoir, and provided that it re-
540. leases such water from the American Falls Reservoir in such
541. a way that the required flow can be maintained at Shoshone
542. Falls by the utilization of storage capacity in Lake Walcott not
543. to exceed 3,000 acre-feet of storage capacity.
544. Nothing in this paragraph is to be construed as abridg-
545. ing the Company's right to release from the Reservoir and
546. have passed by Milner at any time any part of its 45,000
547. acre-feet of primary stored water stored in its primary
548. storage capacity, or held over as provided for in Paragraph
549. 20.

22. Twin Falls Power Site.

550. Should the company construct a power plant at Twin
551. Falls, then the flow to be maintained below the Milner dam
552. shall be measured and determined at Twin Falls instead
553. of Shoshone Falls and the schedule of flow set out in the
554. foregoing paragraph shall be reduced 100 second-feet for
555. each period, but nothing herein contained shall be construed
556. as waiving any rights of the United States at Twin Falls
557. or any other power site on Snake River, owned or controlled
558. in whole or in part by the United States, or implying that any
559. license, permit or right will be granted the company.

23. Government's Winter Power Rights.

560. In securing the winter power not exceeding half-hour
561. peak of 10,000 kilowatts provided for the United States
562. under paragraph 19 hereof, the United States shall secure
563. at the Minidoka Power plant so much of said power as it is
564. reasonably practicable to secure from the installed machin-
565. ery at said plant without releasing water which otherwise
566. might be held for irrigation, generating at American Falls
567. the balance, if any, of the amount required. Nothing here-
568. in contained shall be construed to prevent the United States
569. from obtaining the ten thousand kilowatts at its American
570. Falls plants when the Minidoka plant, is closed or out of oper-
571. ation on account of enlargement, improvement or repairs.

24. Storage Rights of United States and Winter Waste.

572. The United States shall have and the company hereby
573. grants to the United States as against the company the right

574. to store in the American Falls Reservoir for use for
575. irrigation and domestic purposes and for the power use
576. set forth in Paragraph 11 and for the development of an
577. amount of power not exceeding 10,000 kilowatts, half-hour
578. peak, as defined in Paragraph 19, all of the storable
579. water at American Falls not specifically reserved to the
580. company or granted to the company as against the United
581. States. The company reserves and as against the United
582. States shall have the right to use for power purposes at
583. American Falls water released or wasted between November
584. 1st and March 31st, inclusive, in excess of the amount
585. herein specified to be allowed to the United States for
586. power under the foregoing provisions of this contract.
587. The availability of water for waste shall be determined
588. by the U. S. Reclamation Service by assuming a year be-
589. ginning October 1st of 200,000 acre-feet less storable run-
590. off than the lowest year of record at the time of such
591. determination, and such water as under this assumption
592. is not necessary to provide 300,000 acre-feet for the com-
593. pany and to fill existing storage capacity will be consid-
594. ered available for wasting. Until some lower year is ob-
595. served the lowest year of record shall be deemed to have
596. a storable run-off of 1,500,000 acre-feet, including the
597. 300,000 acre-feet reserved to the company. The United
598. States agrees that such water as may be available for
599. waste during the winter shall be released as nearly uni-
600. formly as may be practicable, or in such other manner as

601. to secure its reasonable availability for beneficial use for
602. power development. During the development period, the com-
603. pany shall have the right to use for power purposes, until
604. demanded by the United States, the water granted to the
605. United States for power purposes, but this water shall be
606. available for use by the United States for power purposes,
607. on its demand.

25. Release of Liens.

608. The company shall secure from the trustee, or other per-
609. son or persons having power to release, and shall deliver to
610. the United States a valid release of all the property and
611. rights described in Para. 9 (a) to 9 (e) inclusive, and Para.
612. 24 from the lien of any mortgage, deed of trust or other in-
613. cumbrance created or granted by the company or its public
614. utility predecessors and a release of all tax liens.

26. Abstract.

615. In consideration of the premises, the company further
616. agrees upon receipt of notice that this contract has been
617. signed by the Secretary of the Interior, to furnish promptly
618. at its own expense, an abstract of title which shall later be
619. extended to include any instruments subsequently recorded in
620. connection herewith, and also the record of conveyance made
621. pursuant to this agreement provided that if the company fails
622. or refuses to furnish proper abstract of title within sixty (60)
623. days after notice that this agreement has been signed, or if
624. within such period written request be made by the company.
625. such abstract may be procured by the United States at the
625a. expense of the company and the cost thereof

626. deducted from the purchase price.

27. Payments by the United States.

627. In consideration whereof the United States agrees that
628. it will purchase said property on the terms herein expressed,
629. and upon the signing of the usual Government vouchers there-
630. for and their further approval by the proper Government of-
631. ficials, it will, as full payment for the property, and
632. rights herein agreed to be conveyed to the United States,
633. and for all damages for entry upon the above described prop-
634. erty, and the construction, operation and maintenance of
635. Reclamation works under said act, and for all claims by the
636. company for surveys, examinations, opinions of experts, and
637. expenses of whatsoever kind incurred in connection with the
638. consummation of this contract, in addition to the storage
639. capacity rights herein granted to the company, cause to be
640. paid the sum of one million (\$1,000,000) Dollars in in-
641. stalments as hereinafter provided by United States Treasury
642. warrant or fiscal officer's check, which sum shall become
643. due and payable in four equal annual instalments, the first
644. of which will be due and payable after the furnishing of the
645. abstract and other evidence of title herein provided and
646. concurrently with delivery of the deeds to the property des-
647. scribed in Paragraph 9 (a), and one instalment on the same day
648. of each year thereafter until the full amount herein spec-
649. ified has been paid. Provided that concurrently with receiv-
650. ing said second instalment the company shall deliver to the
651. United States a deed conveying to the United States all

652. the company's right, title and interest to the West Side
653. and Island plants, other than water rights except as herein
654. otherwise provided and land described in Paragraph 9 (b)
655. and release from tax liens and other liens agreed to be
656. released in Paragraph 25 and concurrently with the receipt
657. of the third instalment, the company shall deliver to the
658. United States the deed and assignment of the properties des-
659. cribed in Paragraph 9 (c), and concurrently with the receipt
660. of the fourth instalment shall deliver the deeds and assign-
661. ments of the remainder of the property and rights herein
662. agreed to be conveyed. Provided that the company may retain
663. the possession and use of all the property herein agreed to
664. to be conveyed or assigned until the first annual instalment
665. has been paid, but that upon the payment of the first annual
666. instalment the United States may take possession of the land
667. needed for the proposed dam and reservoir as described in
668. Paragraph 9 (a), and upon payment of the second annual in-
669. stalment may take possession of the West Side power plant and
670. Island Plant and be entitled to use so much water under the
671. existing appropriations now owned by the Company and used in
672. connection with said plants, as may be necessary for the oper-
673. ation of said plants to their respective capacity, provided,
674. however, that the right of the United States to the use of
675. such water shall terminate absolutely upon the transfer of
676. the water rights to be conveyed by the Company under Para-
677. graph 9 (d) hereof, or upon the vesting of the water rights

678. mentioned in Paragraph 31 hereof upon the failure of the
679. United States to make certain payments, and provided fur-
680. ther, that the water used by the United States at said
681. plants shall not be deducted from the amount of water which
682. the Company is entitled to receive after the rights of the
683. Company become restricted to the amounts specified in Para-
684. graphs 10 and 19 hereof, and neither the consent of the
685. Company to the use of such water nor the use of such water
686. by the United States, shall operate to vest any title or
687. permanent right to the use of such water in the United States,
688. and the United States may take possession of all of the chan-
689. nel west of and including the Island plant and headrace, and
690. property described in 9 (b), but it is understood and agreed
691. that the company may retain the possession and use of all of the
692. other property and rights herein agreed to be conveyed or as-
693. signed to the United States until the completion of the pay-
694. ments herein provided for. The United States may pay any
695. instalments before due and thereupon shall be entitled to
696. take the property and receive the deeds provided to be taken
697. or delivered upon the payment of such instalment. It is
698. expressly understood that the first instalment to be paid
699. by the United States hereunder includes the claim of the com-
700. pany for reimbursement for all expenses of whatsoever kind
701. which it has incurred in connection with the consummation of
702. this contract, including surveys, investigations, examinations,
703. and opinions of experts, and for obtaining data and inform-

704. ation upon which to base this agreement.

28. Continued Use of Rights by Company until
Storage Capacity is Provided.

705. As against the United States the company shall be
706. entitled to continue the use of the water at American Falls
707. covered by the company's present appropriations and filings
708. (except such as the United States may become entitled to
709. use to operate the Island and West Side Plants under this
710. agreement) until such time as the 45,000 acre-feet of pri-
711. mary storage capacity herein granted to the company shall
712. have been first provided for the Company and until that time
713. the company shall be entitled to right of way over the lands
714. and rights conveyed to the United States by the company and
715. located in the bed of the river for the purpose of and to
716. the extent necessary for such continued use by the company
717. of said filings and appropriations in so far as such right of
718. way can be used by present structures and extensions without
719. increasing the hazard of flooding the construction work of
720. the United States. Nothing in this contract shall be con-
721. strued as giving the company a right to demand right of way
722. or flowage easement across any land unwatered for construc-
723. tion purposes by the United States except to the extent nec-
724. essary to pass the natural flow of the river.

29. Distribution System in American Falls.

725. The company shall not by anything herein contained be
726. deemed to have transferred any of its poles, lines, or
727. other property not described in Paragraph 9 located in

728. the present town of American Falls or connecting the dis-
729. tribution system in said town with its generating plants.
730. or to have released the United States from any damages to
731. said poles, lines, distributing system or such other prop-
732. erty on account of the relocation of said town made nec-
733. essary by the construction and operation of the proposed
734. reservoir.

30. Reservation in Deed of Reserved Rights.

735. It is the intent of this agreement that all power
736. rights at American Falls except those granted to the United
737. States herein shall be reserved to the company and that the
738. deeds and conveyances by the company to the United States
739. may contain a reservation in favor of the company of the
740. rights reserved to it under the provisions of this agreement.

31. Failure of Appropriation.

741. Where the payments of this contract extend beyond the
742. current fiscal year it is understood that the contract is
743. made contingent upon Congress making the necessary appro-
744. priations for expenditures thereunder after such current
745. year has expired. In case such appropriation as may be
746. necessary to carry out this contract is not made the com-
747. pany hereby releases the United States from all liability
748. due to the failure of Congress to make such appropriation.

749. Any instalment or portion thereof not paid when due
750. shall thereafter bear interest at the rate of 6% per annum
751. payable annually and should any instalment remain due and

752. unpaid for a period of fifteen years the Company shall
753. have the right to waive and surrender to the United States
754. such due and unpaid installments. The effect of such waiver
755. or surrender shall be to modify paragraph 24 hereof to the
756. following extent:

757. If only the first installment shall have been paid the
758. grant to the United States as therein provided to store
759. in American Falls reservoir all the storable water not
760. reserved to the Company or granted to it as against the
761. United States shall be limited to such storable water over
762. 2700 second-feet; if only the first two installments shall
763. have been paid, such grant shall be limited to the stor-
764. able water not reserved to Company or granted to it as
765. against the United States over 2200 second-feet; and if
766. the first three payments shall have been made, then over
767. and above 1700 second feet, such additional amounts of
768. water as listed above to be retained by Company in lieu
769. of cash which it would otherwise be entitled to. The
770. provisions of this paragraph shall not impair the right,
771. title or interest of the United States in any property
772. theretofore conveyed to it by the Company or otherwise
773. affect this agreement or the rights hereunder. Should
774. such waiver and surrender of unpaid installments be made
775. as herein provided and should the United States fail to
776. construct a reservoir of sufficient capacity to provide
777. the storage capacity herein agreed, granted or agreed to

778. be furnished to the company the United States shall not
779. be liable in damages for failure to provide such storage
780. capacity.

32. Company's Remedy for Failure to Receive Storage.

781. It is the understanding and intent of the parties
782. that the storage capacity rights herein granted to the
783. company shall be vested rights in it but that if by change
784. of Law, a court or commission decision or in any other way
785. than by errors or inaccuracies in delivery or release
786. of water from the reservoir the company shall be refused or
787. denied the right to and use of said capacity or any thereof,
788. the Company shall be entitled to recover the damages which
789. it may suffer, and to such other relief as a court of
790. competent jurisdiction may adjudge the Company entitled to
791. under the terms of this agreement and the situation of the
792. parties, but in case of any errors or inaccuracies in the
793. delivery or release of water the company shall have and
794. be limited to the same rights and redress as provided for
795. the Irrigation Companies and Districts in the contracts,
796. the form of which is attached hereto and marked Exhibit "C",
797. between the United States and the Irrigation Companies and
798. Districts cooperating with the United States in the con-
799. struction of the Reservoir.

33. Liens and Incumbrances.

800. Liens or incumbrances existing against said premises
801. and of which the company agrees to secure the release, may

802. at the option of the United States be removed at the time
803. of conveyance by reserving the amount necessary from the
804. purchase price and discharging the same with the money so
805. reserved, but this provision shall not be construed to au-
806. thorize the incurring of any lien or incumbrance as against
807. this agreement, nor as an assumption of the same by the
808. United States.

34. Effective when Signed By the Secretary.

809. This agreement shall become effective to bind the
810. United States to purchase said premises immediately upon its
811. approval or signature by the Secretary of the Interior,
812. provided, however, that it shall be of no further force
813. or effect unless signed by the Secretary of the Interior,
814. within ninety days after its execution by the Company and
815. authorization, ratification or approval by the board of di-
816. rectors of the company which shall be evidenced by a cer-
817. tified copy of the resolution filed with the Director of
818. the Reclamation Service.

35. Binding on Successors and Assigns.

819. This agreement shall inure to the benefit of and be
820. binding upon the successors and assigns of the company, and
821. also upon the successors and assigns of the United States.

36. No Waiver of Rights of Federal Power Commission or State.

822. The execution of this contract shall not be construed
823. as waiving any authority, jurisdiction or control which the
824. Federal Power Commission may have over the company or its

825. assigns at American Falls or elsewhere, and the approval
826. of this contract by Comm. Rec. representing the State
827. of Idaho shall not be construed as waiving or abridging
828. any lawful jurisdiction, authority, or control which such
829. officer or the State of Idaho may have over the waters of
830. the state or the issuing of permits, certificates or li-
831. censes thereto.

37. Cooperation with reference to Water Rights.

832. In complying with the laws of Idaho relating to per-
833. fecting water filings made by either party at American Falls
834. both parties shall cooperate so that to the extent permitted
835. by statute and the administrative officers having jurisdiction,
836. the construction of works and use by either party shall ap-
837. ply to proof on the permit of the earliest priority of the
838. class on which such proof can be made. In the event the
839. company desires to transfer and change the points of
840. diversion and use, or any of them, of any of its appropria-
841. tions, rights or permits now held by it in connection with
842. the Island and West Side Power Plants, the Company as against
843. the United States shall have the right at any time after the
844. right of the United States to use the Company's water in con-
845. nection with said Island and West Side Plants' terminates as
846. provided in Paragraph 27 hereof, to transfer and change such
847. points of diversion and use from the Island and West Side
848. Plants to the East Side Plant, or any other plant or plants
849. constructed by the Company at American Falls, subject to the

850. provisions and limitations of this contract in respect to
851. the time of use and amount of water to which the Company may
852. be entitled; and the United States shall cooperate with the
853. company in making such transfer and change; and in the event
854. the United States desires to transfer and change the points
855. of diversion and use of the water rights or any part thereof
856. conveyed to the United States by the Company and to which it
857. may be entitled under the terms of this contract from the
858. present points of diversion and use to any plant or plants
859. owned by the United States at American Falls, the United
860. States shall have as against the Company the right to make
861. such transfer and change in such points of diversion and
862. use subject to the provisions and limitations of this con-
863. tract in respect to the time of use and amount of water to
864. which it may be entitled, and the Company shall cooperate
865. with the United States in securing such transfer and change.

38. Agency Clause.

866. The contractor expressly warrants that he has employed
867. no third person to solicit or obtain this contract in his
868. behalf, or to cause or procure the same to be obtained upon
869. compensation in any way contingent, in whole or in part upon
870. such procurement; and that he has not paid, or promised or
871. agreed to pay, to any third person, in consideration of such
872. procurement, or in compensation for services in connection
873. therewith, any brokerage, commission, or percentage upon the
874. amount receivable by him hereunder; and that he has not, in

875. estimating the contract price demanded by him, included
876. any sum by reason of any such brokerage, commission, or
877. percentage; and that all monies payable to him hereunder
878. are free from obligation to any other person for services
879. rendered, or supposed to have been rendered, in the pro-
880. curement of this contract. He further agrees that any
881. breach of this warrant shall constitute adequate cause
882. for the annulment of this contract by the United States,
883. and that the United States may retain to its own use from
884. any sums due or to become due thereunder an amount equal
885. to any brokerage, commission, or percentage so paid, or
886. agreed to be paid: (Provided, however, it is understood
887. that this covenant does not apply to the selling of goods
888. through a bona fide commercial representative employed by
889. the contractor in the regular course of his business in deal-
890. ing with customers other than the Government and whose
891. compensation is paid, in whole or in part, by commissions
892. on sales made, nor to the selling of goods through estab-
893. lished commercial or selling agents or agencies regularly
894. engaged in selling such goods.)

39. Member of Congress Clause.

895. No Member of or Delegate to Congress, or Resident
896. Commissioner, after his election or appointment or either
897. before or after he has qualified and during his continuance
898. in office, and no officer, agent, or employee of the Govern-
899. ment, shall be admitted to any share or part of this con-
900. tract or agreement, or to any benefit to arise thereupon.

901. Nothing, however, herein contained shall be construed to
902. extend to any incorporated company, where such contract
903. or agreement is made for the general benefit of such in-
904. corporation or company, as provided in Section 116 of the
905. Act of Congress approved March 4, 1909 (35 Stat., L. 1109).

IN WITNESS WHEREOF the parties have hereto signed their
names the day and year first above written. Said Company
acting in pursuance of a resolution of its Board of Di-
rectors duly adopted on October 13th, 1921.

CONTRACT BETWEEN THE UNITED STATES AND THE IDAHO POWER COMPANY,
SUPPLEMENTARY TO CONTRACT OF JUNE 15, 1923.

THIS CONTRACT, made this 29th day of June, 1923, in pursuance of the act of June 17, 1903 (32 Stat., 388) and acts amendatory thereof or supplementary thereto, between the United States of America, hereinafter styled the United States, by E. C. Finney First Assistant, Secretary of the Interior, and the IDAHO POWER COMPANY, hereinafter styled the Company, a corporation organized and existing under the laws of the State of Maine, WITNESSETH:

2. WHEREAS, contract dated June 15, 1923, between the United States and the Idaho Power Company provides for payment by the Government to the Company of the sum of \$1,000,000. in four annual installments with the option to the United States of making earlier payment; and

3. WHEREAS the first installment of \$250,000. under said contract of June 15, 1923, became due and was paid to the Company by the Government of the United States on June 28th, 1923, and the second installment of \$250,000, due and payable under said contract on June 28, 1924, for a good and sufficient consideration as expressed in contract dated June 27th, 1923, between the United States and the

Company, was paid by the United States to the Company on June 28th, 1923; and

4. WHEREAS the Company is willing to allow the United States a discount of \$30,000. upon the third installment of \$250,000. due and payable on June 28th, 1925, under said contract of June 15th, 1923, the payment thereof to be made on June 30th, 1923;

5. NOW, THEREFORE, in consideration of said discount of \$30,000. the United States agrees to pay the Company on June 30th, 1923, the sum of \$220,000. and the Company agrees to accept the same in full payment of the third installment of \$250,000. due on June 28th, 1925, under said contract of June 15th, 1923. The fourth and final installment of \$250,000. under said contract of June 15th, 1923, will be due and payable on June 28th, 1926.

6. The said contract of June 15th, 1923, shall in all other respects remain the same.

7. No Member of or Delegate to Congress, or Resident Commissioner, after his election or appointment, or either before or after he has qualified and during his continuance in office, and no officer, agent or employee of the Government shall be admitted to any share or part of this contract or agreement, or to any benefit to arise thereupon. Nothing, however, herein contained shall be construed to extend to any incorporated company, where such contract or agreement is made

for the general benefit of such incorporation or company, as provided in Section 116 of the Act of Congress approved March 4, 1909 (35 Stat., 1109).

IN WITNESS WHEREOF the parties have hereto signed their names the day and year first above written.

New York County Register's No. 4027
Commission expires March 30, 1924.

I, E. P. SUMMERSON, Assistant Secretary of IDAHO
POWER COMPANY, a Maine corporation, hereby certify that the
following is a true copy of the resolution duly adopted by
a majority of all the Executive Committee of the Board of
Directors of said Company, at a meeting thereof held June
25th, 1923:

WHEREAS the United States desires to make pay-
ment of the third installment of \$250,000. due under
its contract with this Company, dated June 15th, 1923,
two years in advance of the date required in said con-
tract, at a discount of six per cent annually of said
installment;

NOW, THEREFORE, be it

RESOLVED that D. F. McGee
Vice-President of this Company, be and he hereby
is authorized and directed to accept such discount
and to accept \$220,000. in full payment of said
third installment, and to sign such contracts,
documents or papers as may be necessary to con-
summate said transaction.

WITNESS my hand and the seal of said corporation

THIS SUPPLEMENT to that certain agreement made and entered into the 15th day of June, 1923, by and between the United States of America, acting for that purpose by Hubert Work, Secretary of the Interior, and Idaho Power Company, a corporation organized under the laws of the State of Maine and authorized to do business in the State of Idaho, WITNESSETH that:

WHEREAS, Paragraph 34, lines 809 to 818, inclusive, of the aforementioned contract, provides that the said agreement is to become effective immediately upon its approval or signature by the Secretary of the Interior, with a proviso that it shall be of no further force or effect unless signed by the said Secretary within ninety days after its execution by the Company and authorization by the Board of Directors of the Company; and

WHEREAS, the following resolution was passed unanimously at a special meeting of the Board of Directors of said Company held April 3, 1923:

"VOTED that the President of the Company be, and he hereby is, authorized, in his discretion, to extend the time for the execution by the Secretary of the Interior on behalf of the United States of America of that certain proposed contract between this Company and the United States of America, in connection with the construction by the United States of a reservoir at American Falls, for such time as in his judgment is in accordance with the best interests of this

Company, not longer, however, than July 12, 1923, the date of the regular meeting of this Board, and to report at the regular meeting of this Board on July 12, 1923 of any action taken in connection with this authorization; and

FURTHER RESOLVED that the President of the Company be, and he hereby is, authorized and directed to, in case any extension of time is granted in accordance with this authorization, recommend to the Corporate Trustees under this Company's mortgages and deeds of trust that such extension be approved by such Trustees."

and

WHEREAS, a duly certified copy of the said resolution is hereto attached, marked Exhibit "A" and made a part of this supplement;

NOW, THEREFORE, I. F. F. Johnson, President of the said Company, pursuant to the authority vested in me by the said resolution, do by these presents extend to the 12th day of July, 1923 the time within which the aforementioned contract may be executed by the Secretary of the Interior on behalf of the United States of America, and agree that Paragraph 34 of the said contract be modified to provide that said contract shall be in full force and effect if signed by the Secretary of the Interior at any time prior to July 12, 1923, said signature to have the same force and

effect as if it had been duly affixed to the said contract within
the time limited in said Paragraph 34 thereof.

WITNESS my hand and seal this 26th day of May, 1923,

Done at Boise, Idaho.

EXHIBIT "A"

IDAHO POWER COMPANY

Minutes of Special Meeting

Of Board of Directors

April 3, 1923.

A special meeting of the Board of Directors of the Idaho Power Company was held at the office of the Company in the Electric Building, on Tuesday, April 3, 1923, at 10 o'clock A. M., pursuant to a call of the Chairman of the Board and to a notice of the meeting duly given in writing more than five days prior to the date of the meeting.

There being a quorum present, the following business was considered and acted upon:

The matter of the proposed contract between this Company and the United States Government, covering the construction by the Government of a reservoir at American Falls, and the necessary extension of time for the execution of such contract by the Secretary of the Interior on behalf of the United States of America, was then discussed, and, it having been moved by Mr. Ostrander, seconded by Mr. Bremer, it was unanimously

"VOTED that the President of the Company be, and he hereby is, authorized, in his discretion, to extend the time for the execution by the Secretary of the

Interior on behalf of the United States of America
of that certain proposed contract between this Company
and the United States of America, in connection with
the construction by the United States of a reservoir
at American Falls, for such time as in his judgment is
in accordance with the best interests of this Company,
not longer, however, than July 12, 1923, the date of
the regular meeting of this Board, and to report at
the regular meeting of this Board on July 12, 1923 of
any action taken in connection with this authorization;
and

FURTHER RESOLVED that the President of the Company
be, and he hereby is, authorized and directed to, in
case any extension of time is granted in accordance
with this authorization, recommend to the Corporate
Trustees under this Company's mortgages and deeds of
trust that such extension be approved by such Trustees."

* * * * *

There being no further business to come before the meeting,
it was, upon motion duly made, seconded and carried, declared
adjourned.

name of IDAHO POWER COMPANY

MEMORANDUM DECISION

On March 17, 1921, Idaho Power Company submitted Applications to the Idaho Department of Reclamation (renamed Idaho Department of Water Administration) requesting authority to divert 1200 cubic feet per second of water and to store 300,000 acre-feet of water to be used for power purposes. The water was to be diverted and stored in the S1S2 Section 30, Township 7 South, Range 51 East, B. M., in Power County for use at the proposed reservoir site and at several sites downstream. Pursuant to these Applications, Permit Nos. R-273/01-2065 and 15201/01-2041 were issued by the Department.

On June 20, 1931, the applicant submitted Proofs of Completion of Works claiming that the works had been completed as required under the provisions of Permits 15201/01-2041 and R-273/01-2065. On September 29, 1932, the Department of Reclamation informed the permit holder that it intended to reject the Proofs of Completion of Works and refuse to issue a Certificate, since a Certificate of Completion of Works had previously been issued to the United States of America, Bureau of Reclamation, for the full capacity of the reservoir constructed at the proposed site. The Department further informed the Idaho Power Company that it appeared that the Company's rights to divert and store water at that location had been waived and compensated for by contractual agreement between the Company and the United States.

In July of 1967, the Department requested that the Company review the matter and give comments prior to action being taken to cancel the permits. Correspondence was received from the Company, on November 9, 1967, asking the Department to issue the required Certificate to complete the permits and contending that Licenses should be issued.

On October 1, 1970, an Order to Show Cause why the permits should not be cancelled was issued to Idaho Power Company by the Department. On December 1, 1970, a brief was timely submitted by the Idaho Power Company setting forth, among other things, the terms and conditions of agreements between the Company and the United States.

SCANNED

JAN 18 2006

After reviewing the files of the Department and the answer of the Idaho Power Company, the Director finds that the rights established by the Idaho Power Company, by reason of Permit Nos. 01-2041 and 01-2065, have been merged with rights granted the United States of America and that by reason of contracts and agreements entered into between the Company and the United States of America, Bureau of Reclamation, those rights are held in trust for use by the Company under the water rights of the United States at American Falls Reservoir.

The Director further finds that since the Company's rights to water at American Falls Dam and Reservoir are already covered by reason of Licenses issued to the United States of America, under Permit Nos. R-269 and 4168 and contracts between the Company and the United States of America, that Permit Nos. 01-2041 and 01-2065 are duplicate and should be cancelled. The Company has failed to submit proof that it has constructed the necessary works to divert the water and apply it to beneficial use.

Dated this 21st day of April, 19 71.

R. KEITH HIGGINSON
Director
