Re: 2-2155

Dear Mr. Green:

I have enclosed a copy of a map describing your water right as it stands to be recommended. As per our conversations regarding the correct number of acres in the various lots, I have described the number of acres according to our lots vs. the number of acres per field. A copy of your recommended water right is also enclosed. Please keep for your records.

If you have any questions, please contact this office. Our toll free number is 1-800-451-4129 or you may contact me direct at 287-4940. It will help speed things along if you have your claim number, 2-2155, handy when you call.
