Re: 29-10831, 29-10833, 29-13407, 29-13406

Dear Claimant(s):

I am the Deputy Attorney General assigned to represent the Idaho Department of Water Resources in Basin 29 in the Snake River Basin Adjudication.

The Department of Water Resources has previously contacted you regarding the need to amend your SRBA claim nos. 29-10831 and 29-10833. The Department has also contacted you regarding a claim for an extended season of use and an enlargement claim. These additional claims require fees in the amount of \$260.00; \$160 for the enlargement claim and \$100 for the extended season of use claim. These additional claims will help you receive the most accurate recommendation for the water rights you have developed.

In order to make a complete and accurate recommendation of your water rights, each element of the water right must be proven. The Department plans to issue its Preliminary Recommendations on your water rights in January, 2003. At this time, the Department will not be recommending your water rights as claimed because we have incomplete information.

Please contact Allen Ruberry at the Eastern Region Office for the Idaho Department of Water Resources at 208-525-7161 or you can contact me directly at 208-327-5404.

Very truly yours,

CANDICE M. McHUGH
Deputy Attorney General
Idaho Department of Water Resources

Will you please send a letter ASAP to Mr Brett Casperson, 8893 E Maughan Rd, Lava Hot Springs, ID 83246.

I have been down this road several times prior and each time he says Ya Ya but no response.

I first wrote an enlargement claim in Sept. 6, 2001..... no response. Met him again this last summer a couple times to discuss and rediscuss his needs. Then mailed two amended claims (29-10831 and 29-10833), Ext SOU (9-13407) Enlarg (9-13406). Fees are due in the amount of \$260.00.

I heard what Dave said at the last staff meeting but I just don't want to revisit the revisited again and again....know what I mean..... Yes, its time to just move on but these issues are still lurking over my shoulder and will resurface.
thx.....al

RE: Amendments to SRBA claims and filing of Enlargement Claim

Dear Mr. Casperson;

As we discussed during our visit I would amend your decreed water right claims and write a new enlargement claim to cover the extra acres covered in irrigation use. You will find them enclosed with GIS illustrations of the 'new' claimed place of use. Please review them carefully, make changes as necessary (initialing any changes), sign before a Notary public and return them to this office to my attention.

You should note there is a fee for the enlargement claim of \$176.00. You can make your check payable to IDWR and send it with the signed claims.

Thank you for your attention to this important matter. I look forward to your timely response.

Respectfully submitted,

Allen B. Ruberry
Sr. Water Resource Agent
