RE: Change to Preliminary Director's Report 27-2015 and 27-12109

Dear Thomas:

The purpose of this letter is to notify you the Preliminary Director's Reports you previously received for the above referenced claims have been changed. A printout of the new Preliminary Director's Reports and a map is included for your records.

The enclosed report is based on information obtained subsequent to the initial mailing and replaces the previous Preliminary Director's Reports. I urge you to take a few minutes and review the elements of your water rights as reflected on these revised Preliminary Director's Reports.

The Department expects to submit to the Snake River Basin Adjudication Court all recommendations for the Blackfoot Drainage, Basin 27, in November 2005. At that time you will receive a Director's Report for your water right, which should mirror these revised preliminary recommendation. The Director's Report mailing will not include a map.

Naturally if you have questions please call me at the above phone number.

Respectfully Submitted,

Ernest Carlsen
Water Right Supervisor
