They move the pump back and forth across the bridge.

The pod is on both sides of the bridge in Secs 27 & 28. See Skip drawing.

1/ This exam done on 7-13-2004 with Russ Burch who is the son of Mary Ann Burch.

2/ The Point of Diversion is a mobile John Deere diesel (No HP) motor & pump. GPS location is; 2672694 GPS File # - 272018 1318004 GPS Tag # A000025

Pump is occasionally moved across the bridge to the East side of the Blackfoot River to irrigate acres shown on attached maps. The original transfer does not place the acreage accurately but that seems to be a function of poor maps to verify actual places of use.

3/ Point of diversion is the SE NW of Sec 27 T4S R39E. Old ditch system is in place & appears in B&W air photo right at bridge. Claimants also move pump across river to irrigate 20-30 acres on the East side.

Information from Mary Ann show the pump was
purchase 6/1979, the transfer was approved
7-79. But the claimed POD doesn't match the transfer.
Also, there was no change in POU, but it doesn't
match the w/r.

Please get with Mary Ann to determine
POD/POU and when the change was made.

Notes

10/3/03. Mary Ann called to see if we were able to locate the pump on the imagery. I said we did but she still need to send me copies of the information.

After further review of the file; there was an approved transfer 2318 7-1979 that changed the pod's but no change in the PO4.

The claimed POD:PO4 doesn't match the license or transfer. Mary Ann said her mom's journal describes the location change of the pump? Her ledger might be referring to the transfer.

Review information from Mary Ann to determine if more information is required.

CHAPTER 54

NEW PUMP TO IRRIGATE MEADOW WE GAVE BEN AWAY 1979-1980

July 5, 1979

Dear Grandchildren,

The cattle traveled good, so we ate at Sid's Hole and to the top of Womack hill early. Joe, Rick and Renee' went to the valley. Later Rick brought the big truck and Trisha up. She had been promised a night on the trail. We had fun while the men checking the cows. Next morning beds away and breakfast started when Joe, Clint, Renee' and Rick came. Clint rode Fiddler and Joe rode McCue, so Earl drove the big truck while I drove pickup and trailer. I never could be far behind, as never knew when they'd want to load a calf. Joe, Trisha, Rick and Renee' went down. Joe, Rick and Renee' came back to help and we were to the underpass by 10:00. They rested the cattle and I got dinner. Afterwards, they pushed the cattle on to Supon Creek, and Joe, Rick and Renee' left. While Earl and Clint pushed cows back, I cleaned the trailer house. Of course Earl and Clint had to have a big bonfire. The last day Joe, Rick and Renee' up early. We only rested the cattle once, so to the ranch by noon. Earl took the trailer through the dry farm and down a steep hill through sagebrush. I drove the big truck down and rather scared doing it. They checked the cows. After eating, we went to the valley.

When we went down a week later, Rick was busy planting. Until the cattle left, there was some ground he couldn't do. We met Oleson's at the crossroads above Morgan bridge and stopped to have supper with them. Thereafter it seemed every time we went to the valley, someone was in the hospital. Melvin was in the first time and the next time, Elizabeth Ann and also Charles. Did hear Tana, Buck's daughter, had a baby girl. The 4th of June to see Merv and E. A. She looked terrible and very weak. She'd been in the hospital seven days.

I had planted the garden and bought two tomato plants to try. A flop, as too cold and only two small tomatoes set on by fall and never did ripen.

The Association had a meeting at Morgan bridge. Samson came over from Grays Lake to see about lumbering on Association ground. Bertha and Christie stayed to visit. Rick came with the tractor and was going through the ditch on the big meadow and was stuck. I went to help and he had a terrible time, as so sliding, but eventually got out.

My birthday no one came and I was such a grouch, Earl went over the trail.

When we went to the valley, June 15th, Mary Ann decided Clint and Trisha could go back up with us. They slept alone in the bunk. When the kids went with Earl to tend the water, I cleaned and started dinner. Clint and Trisha went fishing. Earl and Clint rode and they shot squirrels. Trisha played with the cat and the log doll house. They both caught minnows and put them in a pail. They were busy all the time. Mary Ann and Joe and little ones

240

Later that month, Joe, Rick, Trisha and Clint brought the big pump up. Instead of trying to water by the ditch, which had been wrecked when the river was high, they decided to buy the pump. They put the pipe in the Blackfoot River and the water would go into the ditch going to the meadow. It sure threw a big stream of water. While they were working on it, Elizabeth Ann and Merv came. The others left after getting the pump going. Shortly after, something went wrong and the pipe collapsed. Next morning, Earl and Merv took it to the valley to be fixed or replaced. That pump was a marvelous idea, but the worst thing to get started. Earl had a terrible time pumping the pressure up to get water. We had a very relaxing time while Merv and E. A. there.
