**Re: Basin 29 Notices of Error; Water Right Nos. 29-2375, 29-2501, 29-2502, 29-7663
and 29-10927.**

Dear Mr. Carlsen:

Enclosed are Notices of Error to the Preliminary Recommendations for the above referenced water rights claimed in the Snake River Basin Adjudication for Basin 29. The reasons for the Notices are briefly described below:

Notices for 29-2375, 29-2501, 29-2502, 29-7763: These water rights relate to Simplot's chemical and fertilizer manufacturing facility located near Pocatello, Idaho. The notices are filed to add the industrial places of use to include the sites where water was land applied as of November 19, 1987. These places of use continue to be used for this purpose. We are preparing amended notices of claims for each of these rights to add the places of industrial use identified on the enclosed Notices. The amended claims will be filed as soon as they are available.

Notice for 29-10927: This notice is filed in response to the preliminary recommendation that the right was being recommended under 29-4088. The places of use and quantity identified on this notice were not contained in the recommended for 29-4088. The water use claimed under 29-10927 and 29-4088 were appropriated simultaneously. The places of use and quantity under 29-10927 could be added to 29-4088 or, in the alternative, 29-10927 should be recommended with the elements described in the enclosed Notice.

Should you have any questions about these Notices please contact me. When they are available, I will forward the amended notices of claim for water right nos. 29-2375, 29-2501, 29-2502, 29-7763 to you for filing.

Sincerely,

Vic Conrad
