

10/4/02 NOON: Ernie Carlson phone conversation

License 29-2379 was licensed for 400 acres so Carl can irrigate 400 acres under the license. The surface water combined will only do 364 acres so if he can irrigate all of the 392 acres with surface water then he will need to file an enlargement claim. Otherwise, he doesn't need to.

The filing fee for the enlargement would only be \$50.00, no late fee because he did file and this is an additional claim to include additional acres.

6/13/03 12:07pm Preston Phelps - Caribou Co. Assessors office, Dean Smith does own the dog leg north of the river in Section 19. Actually it doesn't follow the river it goes straight across.
