Re: SRBA Subcase Nos. 29-2379 (Phillips)

Dear Eric:

The partial decree for this water right was issued March 22, 2004. The Department, however, recently discovered a clerical error in the place of use element in its recommendation and the partial decree.

The original claim for this water right did not claim Section 24, of Township 7S, Range 38E. However, upon investigation of the place of use, the Department determined a portion of the place of use for this right was in Section 24, Township 7S, Range 38E. Yet, the Department recommended the incorrect range. The original recommendation and partial decree for the place of use listed Township 7S, Range 39E, Section 24. A corrected recommendation changing the place of use to reflect Township 7S, Range 38E, Section 24 is attached hereto.

I am sending a copy of this letter to the claimants for their information. If you have any questions concerning this matter, please contact me at (208) 287-4810.

Very Truly Yours,

Candice M. McHugh
Deputy Attorney General, IDWR
