REF: Snake River Basin Adjudication (SRBA)
A29-2414, A29-2390 and A29-78A

SUBJECT: Under claimed water rights.

Dear Mr. Crandall;

My initial investigation of the Notice of Claim above indicates that your predecessors might not have fully claimed the water rights described in the licenses and decree upon which these claims are based. Licenses 29-2414 and 29-2390 included a stock water purpose of use that was not claimed in the SRBA. Also decree 29-78 was decreed at 1.75 c.f.s. on land currently owned by you but it was only claimed at 1.17 c.f.s. in the SRBA. If you believe that you have not fully claimed all of purposes of use, or the total amount of water, then you may amend your claims to fully claim the right as it was licensed and decreed. An additional filing fee may be required in some circumstances.

Computer-generated copies of your Claims are enclosed. If you wish to amend your claims, simply write in any changes in the appropriate spaces, initial the changes, sign the form and have your signature notarized, and return the claim to this office in the postage paid envelope by **January 21, 2002**.

This office must receive your response by the response date shown above. If you do not wish amend your Claims, then you may be deemed to have waived the right to claim any amount or purpose of use that were not claimed in your original Notice of Claim.

If you have any additional questions please feel free to give me a call or stop by the office in Soda Springs. Have a happy and safe holiday.

Sincerely;

Cindy E. Bird
